Evil Women John Marlowe, 2017-07-11 Many people find it impossible to believe women are capable of committing brutal murders but this book shows otherwise Katherine Knight donned a black negligee before stabbing her lover John Price 37 times then serving up his corpse for dinner with baked potatoes pumpkin and all the trimmings Sue Basso became supermarket packer Buddy Musso's lady love but his dreams of happiness were shredded when she and her friends tortured him to death for a paltry 15 000 life insurance policy Shelly Michael injected her husband with a drug that led to death by slow suffocation then she set their house on fire Each of the cases documented here makes for a chilling read proving that evil transcends the sexes

Evil Wives John Marlowe, 2009-09-01 Many people find it difficult to believe that women are capable of extreme acts of violence so female killers have often been able to evade the long arm of the law for extended periods of time Indeed the concept of the evil wife seems much more shocking than that of the evil husband perhaps because women are so closely associated with nurture and support in western society In the case of most women society's trust is not misplaced but one must be ready to accept there are always exceptions such as the women you'll encounter within these pages who all proved themselves far deadlier than the male *Evil Wives* focuses on the most horrible crimes ever committed by women Author John Marlowe presents a carefully chosen cross section of history's deadliest female criminals whose fascinating life stories are viewed with an unflinching gaze making for a chilling but engrossing read Features Nancy Kissel Kimberly Hricko Jane Andrews Rita Gluzman Nancy Nannie Doss Rosemary West

Magazine Movements Laurel Forster, 2015-02-26 All women's magazines are not the same content outlook and format combine to shape publications quite

distinctively While magazines in general have long been understood as a significant force in women's lives many critiques have limited themselves to discussions of mainstream printed publications that engage with narrowly stereotypical representations of femininity Looking at a range of women's magazines Cooperative Correspondence Club and Housewife and magazine programmes Woman's Hour and Houseparty Magazine Movements not only extends our definition of a magazine but most importantly unearths the connections between women's cultures specific magazines and the implied reader The author first outlines the existing field of magazine studies and analyzes the methodologies employed in accessing and assessing the cultural competence of magazines Each chapter then provides a case study of a different kind of magazine different in media form or style of presentation or audience connection or all three Forster not only extends our definition of a magazine but most importantly unearths the connections between women's cultures specific magazines and the implied reader In this way fresh insights are provided into the long standing importance of the magazine to the variety of feminisms on offer in Britain from the mid twentieth century to the present day

The 1960s in Australia Shirleene Robinson, Julie Ustinoff, 2012-01-17 The 1960s is one of the most heavily mythologised decades of the twentieth century More than 50 years on the era continues to capture the public's imagination The 1960s in Australia People Power and Politics recognises the complexity of social and cultural change by presenting a broad range of contributions that acknowledge an often overlooked fact that not everyone experienced the 1960s in the same way The diversity of the time is confirmed by contributions from a number of expert Australian historians who each provide an insight into Australia in the 1960s offering an understanding of the social realities of this period as well as the ebbs and flows of transnational influence This collection includes a featured contribution by prominent Australian historian Raymond Evans who provides a personal insight into the 1960s Other contributors also place the lived experience at the centre of their analysis by considering the growth of modern flats the impact of cosmopolitanism and sex and sexuality in the Sixties The book also highlights the way power was deployed and deconstructed during this era by considering the psychiatric profession the agenda of the counter culture and the role that women's magazines played in reinforcing dominant gender paradigms The complex politics of the era are also explored through the transnational impact of figures such as Anthony Crosland the impact of the Vietnam War and the multiplicity of motivations behind the anti war protest and the Aboriginal rights movement of the era The 1960s in Australia Power People and Politics is a fresh focus on a significant time in Australia's

history It brings together a collection of innovative and engaging explorations into the Australian Sixties which underline the complexity of the time **Occupational Information** United States. National Youth Administration Illinois,1937-04
