The Routledge Companion to Surrealism Kirsten Strom, 2022-11-08

This book provides a conceptual and global overview of the field of Surrealist studies Methodologically the companion considers Surrealism's many achievements but also its historical shortcomings to illuminate its connections to the historical and cultural moment's from which it originated and to assess both the ways in which it still shapes our world in inspiring ways and the ways in which it might appear problematic as we look back at it from a twenty first century vantage point Contributions from experienced scholars will enable professors to teach the subject more broadly by opening their eyes to aspects of the field that are on the margins of their expertise and it will enable scholars to identify new areas of study in their own work by indicating lines of research at a tangent to their own The companion will reflect the interdisciplinarity of Surrealism by incorporating discussions pertaining to the visual arts as well as literature film and political and intellectual history

Rethinking the Political Simonetta Falasca-Zamponi, 2011-12-19 Rethinking the Political demonstrates that the College de Sociologie's quest to create a new place for the sacred in modern collective life ostensibly entailed avoiding the theorization of both aesthetics and politics While the College condemned manipulation by totalitarian regimes its understanding of community also led to a rejection of democratic and communist forms of political organization leaving the group open to accusations of flirting with fascism Acknowledging these political ambiguities the author goes beyond a narrow ideological reading to reveal the College's important contribution to our thinking about the relationships between community formation politics aesthetics and the sacred in the modern world She expands her historical account of the members' thought including their relationship to Surrealism beyond the group's dissolution and shows how the work of Claude Lefort extends but also resolves many of the College's key theoretical insights A fascinating study of some of the twentieth century's most daring thinkers Rethinking the Political offers crucial insights into the contradictions at play in modern notions of community that still resonate today **A Cavalier History of Surrealism** Raoul Vaneigem, 1999 Translated by Donald Nicholson-Smith A

down and dirty survey of the Surrealist movement written in 1970 by the leading Situationist theorist of the time Locating Surrealism's original sin in its ideological nature Vaneigem clearly identifies the radioactive fragment of radicalism that the movement never quite managed to shed and provides an unequivocal answer to the question What was alive and what was dead in Surrealism The Situationists' attitudes both positive and negative towards their Surrealist predecessors are revealed in full The Philosophy of T. S. Eliot William Skaff, 2016-11-11 T. S. Eliot's mind encompasses just about every important avant garde intellectual movement of his time His thought as well as his poetry represents an essential and original achievement within Modernism This study presents Eliot's unique synthesis of contemporary philosophy psychology anthropology and studies in mysticism and demonstrates how it is responsible for the nature of his religious belief the basic

tenets of his literary theory and the figurative structural and dramatic aspects of his verse pervading virtually everything he wrote throughout his life The chapters are Skepticism Mysticism The Unconscious Primitive Experience Mythic Consciousness and A Surrealist Poetic **The History of Surrealism ... Translated ... by Richard Howard. With an Introduction by Roger Shattuck** Maurice NADEAU, Richard Joseph HOWARD, Roger SHATTUCK, 1968 *Visualizing Theory* Lucien Taylor, 2014-02-04 Visualizing Theory is a lavishly illustrated collection of provocative essays occasional pieces and dialogues that first appeared in Visual Anthropology Review between 1990 and 1994 It contains contributions from anthropologists from cultural literary and film critics and from image makers themselves Reclaiming visual anthropology as a space for the critical representation of visual culture from the naive realist and exoticist inclinations that have beleaguered practitioners efforts to date Visualizing Theory is a major intervention into this growing field The Cinema of Tod Browning Bernd Herzogenrath, 2008-09-22 As a director actor writer and producer Tod Browning was one of the most dynamic Hollywood figures during the birth of commercial cinema Known for his fantastic collaborations with Lon Chaney in numerous silents and for directing the horror classic Dracula and the still controversial Freaks Browning has been called the Edgar Allan Poe of the cinema Despite not entering the profession until he began acting in his early thirties he went on to helm more than 60 films in a 25 year career His work continues to influence directors such as David Lynch John Waters and Alejandro Jodorowsky These essays critically explore such topics as the connection between Browning Poe and Kant Browning s cinematic techniques disability masochism sound and suspense duality parenthood narrative and cinematic trickery George Melford surrealism and the occult A Browning filmography is included *The Aesthetics of Excess* Allen S. Weiss, 1989-01-01 This book investigates the reciprocal and often transgressive relations between rhetorical figures and libidinal activity The works of Nietzsche Artaud Bataille Klossowski and Sade are reconsidered in light of the modernist and postmodernist problematics of simulacra fascination sublimation and desublimation perversion deconstruction and libidinal economies Reading across the boundaries of philosophy art history comparative literature film studies and psychoanalytic theory this work reveals the manner in which theoretical discourse is imbued with passion motivations and conversely shows how the passions are structured according to logical and rhetorical figures In offering specific rereadings of several key figures of our modernist tradition this work helps identify the sources of the postmodern condition It thus provides a theoretical foundation for contemporary art and literary criticism especially of those works to be found at the margins of our culture **Subversive Intent** Susan Rubin Suleiman, 1990 With this important new book Susan Suleiman lays the foundation for a postmodern feminist poetics and theory of the avant garde She shows how the figure of Woman as fantasy myth or metaphor has functioned in the work of male avant garde writers and artists of this century Focusing also on women s avant garde artistic practices Suleiman demonstrates how to read difficult modern works in a way that reveals their political as well as their aesthetic impact Suleiman directly addresses the subversive intent of avant garde movements from

Surrealism to postmodernism Through her detailed readings of provocatively transgressive works by Andr Breton Georges Bataille Roland Barthes Alain Robbe Grillet Marcel Duchamp Max Ernst and others Suleiman demonstrates the central role of the female body in the male erotic imagination and illuminates the extent to which masculinist assumptions have influenced modern art and theory By examining the work of contemporary women avantgarde artists and theorists including H l ne Cixous Marguerite Duras Monique Wittig Luce Irigaray Angela Carter Jeanette Winterson Leonora Carrington Barbara Kruger Jenny Holzer and Cindy Sherman Suleiman shows the political power of feminist critiques of patriarchal ideology and especially emphasizes the power of feminist humor and parody Central to Suleiman s revisionary theory of the avant garde is the figure of the playful laughing mother True to the radically irreverent spirit of the historical avant gardes and their postmodernist successors Suleiman s laughing mother embodies the need for a link between symbolic innovation and political and social change
