Personal Decisions in the Public Square draws upon in large part the sociology of leisure a happy science Among the basic concepts in the sociology of leisure are activity and human agency The centrality of positive activity is one of its hallmarks and separates it from other social science specialties Stebbins s positive sociology centers on conceptual roots found in the serious leisure perspective This theoretical framework synthesizes three main forms of leisure serious casual and project based while showing their distinctive features similarities and interrelationships Positive sociology also considers two other domains of life work and non work obligations This new approach focuses on the pursuit of that which makes life worth living Stebbins explores goals that are important to all people such as negotiating the right work family or obligation leisure balance and the tricky relationship between money and happiness Research scientists or the general public may find the ideas presented in this volume help them better understand and negotiate situations by showing how to approach them in a positive way rather than as problems that need to be solved

No Mama, I Didn't Die Devereaux R. Bruch,2010-11 Devy Bruch adopted in the late 1930s from the infamous

Tennessee Children's Home Society has lived a life of both privilege and despair. She searched for her biological family for the first seven decades of her life. In 1937, as an infant, she was stolen from her mother by the infamous Georgia Tann, bundled up and sold to a wealthy couple from Pennsylvania. In her youth, Devy attended exclusive private schools, spent weekends at the Naval Academy, and experienced a debutante season befitting a fine upbringing. Then, as a young woman, she was plunged into deep despair when her husband left her with four young children and no income. She survived through her inner strength, determination, and spirituality. At the age of seventy-one, Devy made the decision to investigate her adoption and found that she had a sister that destiny had denied her for decades. She learned of the heinous truth of her origins: that of a small, sickly baby stolen from her birth mother and sold for profit during the depression. Now, life has brought her full circle to enjoy both her own family and the birth family she finally discovered late in life.
