Stolen Flower Philip Carlo,1988 , The Proud Ladye Spencer Wallace Cone,1840 **Domnold** Francis William Grattan,1911 *A Disobedient Girl* Ru Freeman,2009-07-21 In one of the most impressive debuts of the year Ru Freeman offers us a mesmerizing tale set in her native Sri Lanka of two women strangers to one another whose destinies are inextricably and tragically bound In her heart Latha knows that she was not meant to be a servant She was born for finer things like the rosemelling Lux soap she steals the glasses of fresh lime juice that she helps herself to and the brand new shoes she begs for But her fate is dictated by the Vithanages the family she has been working for since she was five years old We follow Latha s story for thirty years as she fights for her dignity and navigates the loss of her innocence competing with Thara Vithanage a girl her own age who enjoys every freedom that Latha yearns for but is denied including the love of an ordinary boy Interwoven with Latha s story is the tale of Biso a devoted mother who has decided to leave her coastal Southern town and escape from her abusive husband taking her three young children with her But her journey toward a better life in the mountains results in a series of devastating missteps that connects her life with that of Latha s in an unexpected and heartbreaking way *A Disobedient Girl* is a compelling exploration of personal desire set against the volatile backdrop of class and prejudice as two women journey toward their future united by a shared history but separated by different fates Running Dogs and Rose's Children Eric George de Jong, *Running Dogs and Rose s Children* tell the story of how Eric and wife Jenny are plunged into parenthood after adopting three siblings aged eleven five and one after their mother died of cancer The new family set about starting over building a family life together from scratch in their rambling farmhouse outside Harare Zimbabwe Their story was on course for a happily ever after ending until their lives and the lives of those around them were destroyed by Robert Mugabe s war of terror unleashed on white farmers and opposition party members launching an era of economic social and political turmoil which eventually saw the family fleeing the country for fear of being killed Eric s fierce love of his country and his principles saw him immersing himself in the dangerous opposition politics of the day where elections were rigged and fellow party members were tortured and murdered Somehow Eric de Jong s irrepressible sense of humour bubbles throughout this absorbing honest and deeply personal account of a growing family of love entrepreneurial success and failure mental illness political exile and the distressing and often absurd collapse of a beautiful African country and stoicism of its people **The Natural History of Flowers** Michael Fogden,Patricia Fogden,2018-09-05 Flowers have played an important role in human culture and survival for thousands of years The final products of flowers fruits and seeds are vitally important as food Flowers provide bursts of color to homes and gardens and they symbolize love sorrow and renewal Yet we often overlook their real purpose Why do flowers exist and why do they have certain colors shapes and smells What function does a flower have in the life and survival of the plants themselves In nature flowers play an essential role in improving a plant s chances of survival Some flowers are pollinated by wind or water but

most are designed to attract and reward pollinators such as bees butterflies birds and bats to carry their pollen from flower to flower After being pollinated flowers produce fruits and again take advantage of wind water and animals to disperse their seeds ensuring a new generation of their species Pollination and seed dispersal are fine tuned systems and their importance in sustaining a healthy environment cannot be overstated And as ongoing climate and other environmental changes apply new pressures flowers must continue to adapt in order to survive In this beautifully illustrated book with over 200 stunning photographs Michael Fogden and Patricia Fogden draw from existing research and their extensive field experiences all over the world to present a detailed but accessible introduction to the natural history of flowers They discuss a representative sample of flowering and fruiting strategies illustrating interactions between plants and their pollinators and dispersers and conclude with descriptions of their favorite tropical flowers Flower Songs for Flower Lovers ,1880 **Sir Roland**

Ghosts of Revolution Shahla Talebi,2011-01-14 Opening the enormous metal gate the guard suddenly took away my blindfold and asked me tauntingly if I would recognize my parents With my eyes hurting from the strange light and anger in my voice I assured him that I would Suddenly I was pushed through the gate and the door was slammed behind me After more than eight years here I was finally out of jail In this haunting account Shahla Talebi remembers her years as a political prisoner in Iran Talebi along with her husband was imprisoned for nearly a decade and tortured first under the Shah and later by the Islamic Republic Writing about her own suffering and survival and sharing the stories of her fellow inmates she details the painful reality of prison life and offers an intimate look at a critical period of social and political transformation in Iran Somehow through it all through resistance and resolute hope passion and

creativity Talebi shows how one survives Reflecting now on experiences past she stays true to her memories honoring the love of her husband and friends lost in these events to relate how people can hold to moments of love resilience and friendship over the dark forces of torture violence and hatred At once deeply personal yet clearly political part memoir and part meditation this work brings to heartbreaking clarity how deeply rooted torture and violence can be in our society More than a passing judgment of guilt on a monolithic Islamic State Talebi s writing asks us to reconsider our own responses to both contemporary debates of interrogation techniques and government responsibility and more simply to basic acts of cruelty in daily life She offers a lasting call to us all The art of living in prison becomes possible through imagining life in the very presence of death and observing death in the very existence of life It is living life so vitally and so fully that you are willing if necessary to let that very life go as one would shed chains on the legs It is embracing and flying on the wings of death as though it is the bird of freedom
