blonde haired troubadour named Larry Norman laid track for an album that would launch a new genre of music and one of  
the strangest most interesting careers in modern rock Having spent the bulk of the 1960s playing on bills with acts like the

Who Janis Joplin and the Doors Norman decided that he wanted to sing about the most countercultural subject of all Jesus Billboard called Norman the most important songwriter since Paul Simon and his music would go on to inspire members of bands as diverse as U2 The Pixies Guns N Roses and more To a young generation of Christians who wanted a way to be different in the American cultural scene Larry was a godsend spinning songs about one's eternal soul as deftly as he did ones critiquing consumerism middle class values and the Vietnam War To the religious establishment however he was a thorn in the side and to secular music fans he was an enigma constantly offering up Jesus to problems they didn't think were problems Paul McCartney himself once told Larry You could be famous if you'd just drop the God stuff a statement that would foreshadow Norman's ultimate demise In Why Should the Devil Have all the Good Music Gregory Alan Thornbury draws on unparalleled access to Norman's personal papers and archives to narrate the conflicts that defined the singer's life as he crisscrossed the developing fault lines between Evangelicals and mainstream American culture friction that continues to this day What emerges is a twisting engrossing story about ambition art friendship betrayal and the turns one's life can take when you believe God is on your side
