Stone Killer

James M. Welsh, Donald M. Whaley

Stone Killer:

The Stone Killer Ronald Lawrence, 2011-09 The weekly soiree for five St Louis hoodlums proclaimed their camaraderie. A rising power in the underworld they assumed they were invincible but their lives were to end in a hail of bullets as the Stone Killer unleashed his revenge. Killing was inspirational for Jesse Stone, killing a top level gangster whose nickname wasn't unearned. That's the way you become a man. By cracking people he bragged, "Cross him and you might be targeted as the five massacre victims and others on whom death sentences were issued, some of whom survived. Death stalked Jesse while an FBI informant. A man who was offered a contract on entertainer Wayne Newton and who claimed his bombs killed 30 people missed by seconds blowing up Jesse. A Mafioso was stopped by Jesse from shooting an agent but he couldn't save a young street walker. Organized crime was decimated by Jesse's undercover work. Readers witness mob warfare and a 2 million score with Jesse almost killing a policeman. They see God protecting the author's family from being kidnapped to force him to decide if they or Jesse lived. Jesse returned to God, an arduous journey with forsaking violence most difficult. In His cleansing process, God converted the prince of crime who sat in the lap of luxury to a pauper. Jesse's underworld power and prestige became a Sword of Damocles hanging over him, his conscience and paranoia tormenting him. Jesse believed a near miss by a mob kill squad to collect the 100,000 bounty on him was prophetic. It says in the Bible that you're gonna reap what you sow. You live by the sword, you're gonna die by the sword. I'll get a bullet in the head someday. But would he? Ronald J. Lawrence, a retired investigative reporter for the St. Louis Post Dispatch specializing in organized crime, homicides and corruption, is a devoted Christian.

The Oliver Stone Encyclopedia James M. Welsh, Donald M. Whaley, 2013 Oliver Stone has written and directed many memorable films while also developing a reputation for tackling controversial subjects such as the Turkish prison system, Midnight Express, the Vietnam war Platoon, and Born on the Fourth of July, insider trading Wall Street, presidential assassination JFK, and a voyeuristic media Natural Born Killers. Along the way, Stone has been nominated for more than 10 Academy Awards and three times received Oscars for his work. In The Oliver Stone Encyclopedia James M. Welsh and Donald M. Whaley provide an overarching evaluation of Stone's work as screenwriter, producer, and director. While the entries in this volume address all of the usual aspects of Stone's career, they also explore new avenues of critical evaluation, especially influences such as Friedrich Nietzsche and Buddhism which Stone converted to in the 1990s. In addition, this volume traces Stone's obsession with Latin American politics evident in his film Salvador (1986), his screenplay for Alan Parker's Evita (1996), and the documentaries Commandante (2003), Looking for Fidel (2004), and South of the Border (2010). Each entry is followed by a bibliography of published sources both in print and online. A comprehensive and engaging examination of the director, The Oliver Stone Encyclopedia will appeal to scholars and fans alike as the most comprehensive reference on this director's body of work.

Miranda's Waning Protections Welsh S. White,2010-11-22 Did the Supreme Court's upholding of Miranda in 2000

adversely impact law enforcement as conservatives have complained or was it a reaffirmation of individual rights Welsh S White looks at both sides of the issue emphasizing that Miranda represents just one stage in the Court s ongoing struggle to accommodate a fundamental conflict between law enforcement and civil liberties and assessing whether the Court s present decisions including Miranda strike an appropriate balance between promoting law enforcement s interest in obtaining reliable evidence and the individual s interest in being protected from overreaching police practices Welsh S White is Professor of Law University of Pittsburgh School of Law He is best known for his work on capital punishment and has published and lectured on the death penalty for the past twenty years
