Stone Menagerie:

Stone; an Illustrated Magazine, 1897 The Stone Menagerie Shay Rieger, 1970 A sculptor describes in text and photographs the process of creating in stone **Stone**, 1897 **The Undeveloped West; Or, Five Years in the Territories** John Hanson Beadle, 1873 Family Fictions Nikki Gamble, Nick Tucker, 2001-08-01 Family Fictions provides an introduction to the history of family stories in children's literature and an in depth critical study of the works of Jacqueline Wilson Anne Fine and Morris Gleitzman Children of the Sun Elizabeth Manson Bahr, 2014-06-11 Children of the Sun is an epic retelling of the Conquest of Mexico from the Aztec point of view and a breath taking story of courage and loyalty treachery and deceit Peopled with a huge cast of characters from the agonised Emperor himself and his headstrong daughter to the enigmatic conquistador Hernan Cortes this is a richly imagined recreation of one of history's most extraordinary civilisations and a heart breaking lament for its fall **The American Skyscraper, 1850-1940** Joseph J. Korom, 2008 The skyscraper is an American invention that has captured the public's imagination for over a century The tall building is wholly manmade and borne in the minds of those with both slide rules and computers This is the story of the skyscraper's rise and the recognition of those individuals who contributed to its development This volume is unique its approach information and images are fresh and telling The text examines America's first tall buildings the result of twelve years of in depth research by an accomplished and published architect and architectural historian Over 300 compelling photographs charts and notes make this the ultimate tool of reference for this subject Biographies woven throughout with period norms politics and lifestyles help to place featured skyscrapers in context Quite simply there is no book like this The text carefully and insightfully written is clear concise and easily digestible the text being the product of well documented original research written in an informative tone The American Skyscraper 1850 1940 A Celebration of Height is a richly documented journey of a fascinating topic and it promises to be a superb addition to libraries schools of architecture students of architecture and lovers of art *Newman University Church, Dublin* Niamh Bhalla, 2024-07-01 In 1854 John Henry Newman one of the foremost intellectual figures of the nineteenth century was officially installed as the rector of the first Catholic university in Ireland University Church constructed in 1855-6 was Newman's first objective when he agreed to the rectorship and it can be considered as a tangible manifestation of the idea behind the unprecedented Catholic university in Dublin the posing of an erudite Catholic alternative to post Enlightenment secularism and Protestant hegemony through a style based analogy to the early Church Despite physically embodying what Newman wished to achieve in and through his new university this early Christian style church which drew upon Roman and Byzantine basilicas has received little attention This book charts for the first time the significant place that the building occupies within the history of Victorian revivalist architecture Niamh Bhalla explores the meaningful connection between the church's context and the ambiguity of its early Christian style In the intersection of these two things a significant monument was created The study of University Church therefore provides an

effective lens to understand more comprehensively the architectural revivalism that dominated the nineteenth century particularly the first stirrings of basilican and Byzantine revivalist architectures in the British Isles Praise for Newman University Church Dublin Newman University Church Dublin is an important contribution to the burgeoning study of historicist architecture of the nineteenth century In studying the larger contexts of the church Niamh Bhalla illumines the aspirations of Cardinal Newman for the university that he directed and Catholicism in Ireland and the United Kingdom Robert S Nelson Yale University A riveting analysis of the University Church and its intellectual background Niamh Bhalla steers us effortlessly through the many strands of architectural and religious thought that lie behind Newman's church while revealing its seminal place in the history of the Byzantine revival Roger Stalley Trinity College Dublin **Arizona**
