Stone Paper Knife:

Stone, paper, knife ,1987 The Wanderer and the Golden Paperknife Elias Mutani, 2024-07-17 The Ruvu River has without any reasonable explanation become poisonous Virunga villagers now have to travel long distances to fetch usable water Liam a Canadian teenager on holiday in Virunga joins up with Fanaka and Heri from the village in trying to solve the mystery of why and who is responsible for poisoning the river The story is full of suspense surrounding Roki hills bordering the poisonous Ruvu River It is interesting and I learned a lot about Tanzanian culture This story unfolds very methodically as the author does a superb job of predicting the reader s responses and bringing things full circle which makes for a very satisfying read Summer Edward The Wiltshire Archæological and Natural History Magazine, 1922 The Hunger Moon Marge Piercy, 2012-11-20 Now in paperback the superb selection from Marge Piercy s nine most recent books the heart of her mature poems This gathering of Piercy's poems is the first selected since Circles on the Water in 1982 These poems chart the milestone events and fierce passions of the poet s middle years her Judaism her deep connection with nature her marriage her cats her politics and in the face of the loss of time and people her own legacy **Encyclopedia of American Poetry: The Twentieth Century** Eric L. Haralson, 2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author's career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States Learning and Teaching Narrative Inquiry Sheila Trahar, 2011 In the final chapter of this volume the authors refer to the pedagogical vantage points offered by narrative inquiry an apt comment that encapsulates the volume's purpose and its spirit As an increasing number of people throughout the world and from a broad range of disciplines are turning to narrative as a research methodology this volume is timely in its focus on the learning and teaching of this approach The contributors to the volume all narrative scholars themselves write about the creative and challenging pedagogical activities that they use in order to enable others to learn about and do narrative research The volume will be of particular interest to those teaching narrative research methodologies at both undergraduate and postgraduate level in the social sciences medical sciences and the humanities The contributions from Hong Kong Israel Europe and North America all reflect critically on the rich complexities of using and teaching narrative in those contexts and attend closely to the diverse constituencies of their learning communities He, She and It Marge Piercy, 2010-11-24 A triumph of the imagination Rich complex impossible to put down Alice Hoffman In the middle of the twenty first century life as we know it has changed for all time Shira Shipman's marriage has broken up and her young son has been taken from her by the corporation that runs her

zone so she has returned to Tikva the Jewish free town where she grew up There she is welcomed by Malkah the brilliant grandmother who raised her and meets an extraordinary man who is not a man at all but a unique cyborg implanted with intelligence emotions and the ability to kill From the imagination of Marge Piercy comes yet another stunning novel of morality and courage a bold adventure of women men and the world of tomorrow Inter/View Mickey Pearlman, Katherine Usher Henderson, 2021-10-21 Twenty eight powerful and individual voices are heard as Pearlman and Henderson offer a forum for a generous cross section of the women writing fiction in America today writers whose vital statistics cross the borders of race religion ethnic origin sexual preference marital status age geography and lifestyle Each writer is presented in an essay interview reflecting the dynamic that develops naturally when two vital minds meet to discuss topic of mutually interest The writers talk about the role of memory space and family in their work about politics dreams and race about their mothers and children and alma maters about book reviewing and their agents editors and publishers and about each others work A bibliography of principal works follows each essay A valuable contribution to writers both female and male for above all else this is a book about writing **Moon Is Always Female** Marge Piercy, 2013-08-07 Her seventh and most wide ranging collection In the 1st of 2 sections the poems move from the amusingly elegiac to the erotic the classical to the funny The 2nd section is a series of 15 poems for a calendar based on lunar rather than solar divisions Elizabeth Young, 2008-08-10 For all the scholarship devoted to Mary Shelley's English novel Frankenstein there has been surprisingly little attention paid to its role in American culture and virtually none to its racial resonances in the United States In Black Frankenstein Elizabeth Young identifies and interprets the figure of a black American Frankenstein monster as it appears with surprising frequency throughout nineteenth and twentieth century U S culture in fiction film essays oratory painting and other media and in works by both whites and African Americans Black Frankenstein stories Young argues effect four kinds of racial critique they humanize the slave they explain if not justify black violence they condemn the slaveowner and they expose the instability of white power The black Frankenstein's monster has served as a powerful metaphor for reinforcing racial hierarchy and as an even more powerful metaphor for shaping anti racist critique Illuminating the power of parody and reappropriation Black Frankenstein tells the story of a metaphor that continues to matter to literature culture aesthetics and politics Performing the Literary Interview John Rodden, 2001-01-01 When authors are interviewed about their books or themselves much more is going on than a simple conversation The interview becomes a performance space for authorial orchestration and self promotion and interviewers in turn respond to such self display and theatrics Featuring absorbing conversations with nine well known authors including poets Richard Howard and Gerald Stern novelist Isabel Allende and scholar intellectual Camille Paglia Performing the Literary Interview is the first in depth look at this type of performance art Interviews with poets fiction writers and intellectuals enable John Rodden to identify a range of rhetorical strategies and their effects and to formulate a typology for appreciating the various roles that interviewers and interviewees

assume Traditionalists foreground their work rather than themselves raconteurs are storytellers who skillfully spin anecdotes and creatively showcase their personalities and advertisers more explicitly use the literary interview to promote and sell themselves This pioneering persuasive study stakes a claim to a new area of scholarly inquiry in the humanities The literary interview can no longer be considered only as a voyeuristic window on an author or a celebrity vehicle or even an entertaining diversion but should also be approached as a serious genre meriting scholarly attention and analysis Colors **Passing Through Us** Marge Piercy, 2013-08-28 In Colors Passing Through Us Marge Piercy is at the height of her powers writing about what matters to her most the lives of women nature Jewish ritual love between men and women and politics sexual and otherwise Feisty and funny as always she turns a sharp eye on the world around her bidding an exhausted farewell to the twentieth century and singing an electronic breakdown blues for the twenty first She memorializes movingly those who like los desaparecidos and the victims of 9 11 disappear suddenly and without a trace She writes an elegy for her mother a woman who struggled with a deadening round o fhousework washin gon Monday ironing on Tuesday and so on until stroke broke her open She remembers the scraps of lace the touch of velvet that were part of her maternal inheritance and fist aroused her sensual curiosity. Here are paeans to the pleasures of the natural world rosy ripe tomatoes a mating dance of hawks as the poet confronts her own mortality in the cycle of seasons and the eternity of the cosmos iam hurrying I am running hard toward I don't know what but I mean to arrive before dark Other poems about her grandmother's passage from Russia to the New World or the interrupting of a Passover seder to watch a comet pass expand on Piercy's appreciation of Jewish life that won her so much acclaim in The Art of Blessing the Day Colors Passing Through Us is a moving celebration of the endurance of love an dof the phenomenon of life itself a book to treasure Storm Tide Marge Piercy, Ira Wood, 2016-04-12 A washed up minor league pitcher gets more than he bargained for when his affair with an older woman draws him into a tangled web of deceit and scandal When Cape Cod high school star pitcher David Greene left home everyone in his small beach town rallied behind his dream of making it in the pros No one expected the local legend to return broke a few years later with an undistinguished minor league record and a painful divorce behind him As he tries to rebuild his life David begins an affair with Judith Silver one that her much older terminally ill husband Gordon condones on the condition that David run for a seat on the town s board of selectman against Gordon s political rival Set in a lushly drawn seaside resort town this thrilling novel pushes its complicated and fascinating characters to extremes of emotion Driven by passion and a lust for power David Judith and Gordon are all guilty of seduction and manipulation that will result in irrevocable consequences As David's romantic and political involvements escalate at a fever pitch a forceful storm rolls in off the ocean leading up to a tumultuous climax Reader's Guide to Women's Studies Eleanor Amico, 1998-03-20 The Reader's Guide to Women's Studies is a searching and analytical description of the most prominent and influential works written in the now universal field of women's studies Some 200 scholars have contributed to the project which adopts a multi layered

approach allowing for comprehensive treatment of its subject matter Entries range from very broad themes such as Health General Works to entries on specific individuals or more focused topics such as Doctors The Language of Twentieth Century Poetry Lesley Jeffries, 1993-09-28 This book draws on examples from throughout the twentieth century to illustrate the diversity of techniques used in this century s poetry Organised according to linguistic themes rather than chronologically the chapters introduce the reader to the more subtle uses of sound structure and meaning as well as illustrating well known techniques handed down from the poetic tradition Examples are taken from the famous writers of the twentieth century such as Yeats Eliot and Plath and from less well known poets The book culminates in a chapter which draws together the linguistic themes into an integrated analysis of two rather different poems **The Longings of Women** Marge Piercy, 2016-04-12 An extraordinary novel of the intertwined lives of three troubled women by the New York Times bestselling author of Gone to Soldiers San Francisco Chronicle When her best friend s death rattles her sense of complacency college professor Leila Landsman decides she s finally had enough of her cheating husband Leila throws herself into her work and encounters Becky Burgess a local woman who climbed her way out of poverty but whose success is completely halted when she becomes the prime suspect in her husband s murder Meanwhile Leila s housekeeper Mary Burke is no stranger to failed marriage Abandoned by her husband for a younger woman and unable to support herself on her own income alone Mary now secretly sleeps in her clients houses hiding her homelessness to remain employed and survive Flawed but resourceful frightened yet determined these three women must draw on an inner strength they never knew existed to make it without the men they ve come to depend on Although their situations differ Leila Becky and Mary have all reached their tipping points and each is about to be pushed to the brink in this gripping and relatable story of the dangers of dependence and the liberating power of self reliance **Gone to Soldiers** Marge Piercy, 2016-04-12 This sweeping New York Times bestseller is the most thorough and most captivating most engrossing novel ever written about World War II Los Angeles Times Epic in scope Marge Piercy s sweeping novel encompasses the wide range of people and places marked by the Second World War Each of her ten narrators has a unique and compelling story that powerfully depicts his or her personality desires and fears Special attention is given to the women of the war effort like Bernice who rebels against her domineering father to become a fighter pilot and Naomi a Parisian Jew sent to live with relatives in Detroit whose twin sister Jacqueline still in France joins the resistance against Nazi rule The horrors of the concentration camps the heroism of soldiers on the beaches of Okinawa the skies above London and the seas of the Mediterranean the brilliance of code breakers and the resilience of families waiting for the return of sons brothers and fathers are all conveyed through powerful poignant prose that resonates beyond the page Gone to Soldiers is a testament to the ordinary people with their flaws and inner strife who rose to defend liberty during the most extraordinary times My Mother's Body Marge Piercy, 2013-08-28 My Mother's Body Marge Piercy's tenth book of poetry takes its title from one of her strongest and most moving poems the climax of a powerful sequence of Poems to her mother

Rooted in an honest harrowing but ally ecstatic confrontation of the mother daughter relationship in all its complexity and intimacy it is at the same time an affirmation of continuity and identification The Chuppah comprises poems actually used in her wedding ceremony with Ira Wood This section sings with powerfully female love poetry. There is also a sustained and direct use of her Jewish identity and faith in these poems as there is in a number of other poems throughout the volume Readers of Piercy's previous collections will not be surprised to encounter her mixture of the personal and the political her love of animals and the Cape landscape There are poems about doing housework about accidents about dreaming about bag ladies about luggage about children's fears of nuclear holocaust about tomcats insects in the rafters the influence of a name appleblossoms and blackberries pollution and some of the ways women objectify one another In Does the light fail us or do we fail the light Piercy writes with lacerating honesty about our relationships with the elderly and about hers with her father Some of the most moving poems are domestic as in the final sequence Six underrated pleasures which finds in daily women s tasks both pleasure and mystery affirmation of serf and connection with the mother In all My Mother's Body is one of Piercy's most powerful and balanced collections Parti-colored Blocks for a Quilt Marge Piercy, 1982 Piercy writes of women **Going Down Fast** Marge Piercy, 2016-04-12 When their neighborhood is and poetry and of woman becoming poet marked for urban renewal four tenacious city dwellers band together in the face of a wealthy and powerful institution A local university plans to bulldoze and replace parts of a predominantly African American Chicago slum with student housing But for those who live there the affordable if run down homes are havens for creativity and self exploration and a setting for developing meaningful relationships Among the residents are Anna a teacher her lover Rowley a soul singer and their friends documentary filmmaker Leon and the beautiful yet mysterious Caroline The university may have more money and political clout but these determined young people aren t willing to let the wrecking ball tear through their world without a fight Their relationships are strained and their convictions are tested as secrets are uncovered and they battle with a changing economic climate that jeopardizes their very way of life The city has turned its back on them and they have nothing left to lose Bestselling author Marge Piercy combines social commentary and her talent for depicting characters emotions with unflinching precision in this novel that has as much to say about the consequences of gentrification as it does about the vulnerabilities of the human heart
