Stonehenge 2000 Bc:

Stonehenge Bernard Cornwell, 2000-05-16 Four thousand years ago a stranger's death at the Old Temple of Ratharryn and his ominous gift of gold precipitates the building of what for centuries to come will be known as one of mankind's most singular and remarkable achievements Bernard Cornwell's epic novel Stonehenge catapults us into a powerful and vibrant world of ritual and sacrifice at once timeless and wholly original a tale of patricide betrayal and murder of bloody brotherly rivalry and of the never ending quest for power wealth and spiritual fulfillment Three brothers deadly rivals are uneasily united in their quest to create a temple to their gods There is Lengar the eldest a ruthless warrior intent on replacing his father as chief of the tribe of Ratharryn Camaban his bastard brother a sorcerer whose religious fervor inspires the plan for Stonehenge and Saban the youngest through whose expertise the temple will finally be completed Divided by blood but united precariously by a shared vision the brothers begin erecting their mighty ring of granite aligning towering stones to the movement of the heavenly bodies and raising arches to appease and unite their gods Caught between the zealotry of his ambitious brothers Saban becomes the true leader of his people a peacemaker who will live to see the temple built in the name of salvation and regeneration Bernard Cornwell long admired for his rousing narrative and meticulous historical imaginings has here delivered his masterpiece the most compelling and powerful human drama of its kind since Ken Follett's Pillars of the Earth and Edward Rutherfords Sarum His re-creation of civilization as it might have been in 2000 B C at once amplifies the mystery of his subject and makes the world of Stonehenge come alive as never before **Stonehenge** Bernard Cornwell, 2009-10-13 From New York Times bestselling author Bernard Cornwell the tale of three brothers and of their rivalry that created the mysterious Stonehenge One summer's day a dying stranger carrying great wealth in gold comes to the settlement of Ratharryn The three sons of Ratharryn's chief each perceive the great gift in a different way The eldest Lengar the warrior harnesses his murderous ambition to be a ruler and take great power for his tribe Camaban becomes a great visionary and feared wise man and it is his vision that will force the youngest brother Saban to create the great temple on the green hill where the gods will appear on earth Saban's love for Aureenna the sun bride whose destiny is to die for the gods finally brings the rivalries of the brothers to a head But it is also his skills that will build the vast temple a place for the gods certainly but also a place that will confirm for ever the supreme power of the tribe that built it Stonehenge Bernard Cornwell, 2000 One summer's day a stranger carrying a great wealth in gold comes to Ratharryn He dies in the old temple The people assume that the gold is a gift from the gods But the mysterious treasure causes great dissension both without from tribal rivalry and within **The Making of Stonehenge** Rodney Castleden, 2002-11 Castleden suggests that there is no one meaning or purpose for Stonehenge that from its very beginning it has filled a variety of needs Stonehenge Michael Parker Pearson, Stonehenge Riverside Project (England), 2012-06-07 Our knowledge about Stonehenge has changed dramatically as a result of the Stonehenge Riverside Project 2003-2009 led by Mike Parker Pearson and included not only

Stonehenge itself but also the nearby great henge enclosure of Durrington Walls This book is about the people who built Stonehenge and its relationship to the surrounding landscape The book explores the theory that the people of Durrington Walls built both Stonehenge and Durrington Walls and that the choice of stone for constructing Stonehenge has a significance so far undiscovered namely that stone was used for monuments to the dead Through years of thorough and extensive work at the site Parker Pearson and his team unearthed evidence of the Neolithic inhabitants and builders which connected the settlement at Durrington Walls with the henge and contextualised Stonehenge within the larger site complex linked by the River Avon as well as in terms of its relationship with the rest of the British Isles Parker Pearson's book changes the way that we think about Stonehenge correcting previously erroneous chronology and dating filling in gaps in our knowledge about its people and how they lived identifying a previously unknown type of Neolithic building discovering Bluestonehenge a circle of 25 blue stones from western Wales and confirming what started as a hypothesis that Stonehenge was a place of the dead through more than 64 cremation burials unearthed there which span the monument's use during the third millennium BC In lively and engaging prose Parker Pearson brings to life the imposing ancient monument that continues to hold a fascination for everyone

The End of Eden Graham Phillips, 2007-05-29 Presents compelling evidence that civilizations worldwide became warlike and monotheistic after Earth passed through the tail of a comet in 1500 B C Explores the violent effect of debris from comet 12P Pons Brooks on peaceful cultures such as the Olmec of Mexico and the Megalithic people who built Stonehenge Shows how this comet's appearance was taken as a significant religious event that still has repercussions today In the year 2024 the comet 12P Pons Brooks is due to pass near Earth again for the first time in 3 500 years In 1500 B C Earth passed through this comet's tail and in the decade following cultures the world over began to exhibit significant aggressive tendencies Civilizations in India the Middle East China Japan Europe and Central America suddenly abandoned their peaceful ways and devoted themselves with uncharacteristic fervor to making war on their neighbors and fighting among themselves But this was not the only effect that is linked to this celestial event Sudden outbreaks of monotheism the worship of a single god and a new idea at the time occurred simultaneously in locales spread widely throughout the world Most of these monotheistic religions represented their god symbolically as a circle with a series of lines extending below resembling a simple drawing of a comet In *The End of Eden* Graham Phillips chronicles the sudden shifts in social demeanor and religious philosophy that swept the world in the wake of 12P Pons Brooks He argues that there is no other explanation for these changes other than the presence of this massive comet in the skies above Earth He contends that debris in the comet's tail contaminated the atmosphere with a chemical known to cause aggressive behavior and that after little more than a decade worldwide hostility abruptly abated He also explores how the appearance of a celestial body that outshone the moon would have been interpreted as a significant religious event the premier appearance of a powerful new god to supplant the deities previously worshipped around the world
