The Complete Works of Charles Dickens Charles Dickens, 2009-01-01 It is impossible to overstate the importance of British novelist CHARLES DICKENS 1812 1870 not only to literature in the English language but to Western civilization on the whole He is arguably the first fiction writer to have become an international celebrity He popularized episodic fiction and the cliffhanger which had a profound influence on the development of film and television He is entirely responsible for the popular image of Victorian London that still lingers today and his characters from Oliver Twist to Ebenezer Scrooge from Miss Havisham to Uriah Heep have become not merely iconic but mythic But it was his stirring portraits of ordinary people not the upper classes or the aristocracy and his fervent cries for social moral and legal justice for the working poor and in particular for poor children in the grim early decades of the Industrial Revolution that powerfully impacted social concerns well into the 20th century Without Charles Dickens we may never have seen the likes of Sherlock Holmes Upton Sinclair or even Bob Dylan Here in 30 beautiful volumes complete with all the original illustrations is every published word written by one of the most important writers ever The essential collector's set will delight anyone who cherishes English literature and who takes pleasure in constantly rediscovering its joys This volume contains Oliver Twist Dickens's second novel which was serialized in Bentley's Miscellany from February 1837 to April 1839 A stunning example of the social novel and the first novel ever to focus on a child character it is one of Dickens's most compelling works
