

"Mr. Schulman's book is the most cogent explanation of the gun issue I have yet read. He presents the assault on the Second Amendment in frighteningly clear terms. Even the extremists who would ban firearms will learn from his lucid prose."

Stopping Power Why 70 Million Americans Own Guns:

Stopping Power J. Neil Schulman, Joseph Neil Schulman, 1994-12 Did you know that every 13 seconds one of America's 70 million gun owners uses a firearm in defense against a criminal That American women use handguns 416 times a day in defense against rapists which is a dozen times more often than rapists use a gun That a gun kept in the home for protection is 216 times as likely to be used in defense against a criminal than it is to cause the death of an innocent victim in that household These are just a few of the surprises this book has in store for anyone whose belief in gun control is based on TV news or popular magazines Award winning novelist screenwriter and journalist J Neil Schulman challenges the misinformation that pundits ranging from network anchors to ill informed doctors are promoting about guns Especially for the reader who doesn't own a gun and has never even considered buying one Stopping Power should be an eye opener

Guns in America Jan E. Dizard, Robert Muth, Stephen P. Andrews, 1999-04 Should you own a gun Americans losing trust in each other and institutions Arms and the woman a feminist reappraisal Guns are the tools by which we forge our liberty Gun control in American a history of discrimination against the poor and minorities Talk at Temple Beth Shir Shalom Friday April 30 1993 Apocalypse now They've had enough Author's call to arms gets answer The anti-enviro connection America's only realistic option promoting responsible gun ownership What are the alternative Lawsuit aims at gun industry Crime fighting's about face Second thoughts on the Second Amendment Ten essential observations on guns in America *Gun Culture or Gun Control?* Peter Squires, 2012-12-06 In 1996 the shooting and killing of 16 young children in a Dunblane primary school provoked wide reaching parliamentary reform to British gun laws Within months virtually all privately owned handguns had been outlawed *Gun Culture or Gun Control* presents the first substantial analysis of the social and political reactions to events in Dunblane and also examines many of the wider issues relating to gun control in the United Kingdom Rigorously comparative throughout Peter Squires provides a non-partisan exploration of the differences between attitudes to firearms and their control in Britain and in the United States Amongst the topics the author considers are the social history of firearms on both sides of the Atlantic the differing policy directions adopted in Britain and the USA media coverage of the gun question firearms and policing the future of the gun in society **Profile in Silver** J. Neil Schulman, 1999-06 For most of the 80s and early 90s Schulman wrote screenplays and stories including scripts for *The Twilight Zone* For devotees of TV movies and science fiction this book shows that sometimes the stories that aren't on the screen are as compelling as the ones that are *The Rainbow Cadenza* J. Neil Schulman, 1999-07 Set in a future world where the Earth has been remade into a paradise and humanity has been joined under a single popularly elected world government this 1984 Prometheus Award winning novel tells the story of Joan Darris a brilliant young artist in the medium of laser concerts Like the novels of Huxley Burgess and Rand *The Rainbow Cadenza* uses black humor to reveal a fearsome future that ends with a ray of hope Self Control J. Neil Schulman,1999 Gun Violence in America Alexander DeConde,2003 An in depth analysis of the folklore surrounding gun use and the state of the debate in today s political climate The Second Amendment Primer Les Adams,2013-07-01 So much of the debate about the Second Amendment is in scholarly journals and academic papers written by scholars and judges or directed towards other scholars law professors attorneys and judges Trying to wade through the extensive footnotes and references to legal cases and historical precedents known only to the academic elite is more than enough to make anyone feel hopeless With The Second Amendment Primer Les Adams finally provides an accessible discussion of the Second Amendment It is a primer because it is elementary Chronologically arranged it traces the development of the right to keep and bear arms from its birth in ancient Greece to its addition in the U S Constitution Supplemental essays discuss the Second Amendment s interpretation in today s world from the viewpoints of both firearms enthusiasts as well as those who would limit the amendment s purview Although The Second Amendment Primer is aimed at the average reader Adams s facts are detailed and well documented Reference margin notes an extensive bibliography and a comprehensive subject index showcase the author s research and show more curious readers how to continue on their path to understanding exactly what the Second Amendment is saying Using this citizen s guide as a stepping stone anyone can become a successful scholar of the right to bear arms **Nasty, Brutish and Short Stories** J. Neil Schulman,1999-07 The Prometheus Award winning author of *Alongside Night* and *The Rainbow Cadenza* offers a collection of his short fiction including two never before seen stories *Escape from Heaven* J. Metzl,2024-01-30 A Kirkus Reviews Best Book of 2024 A searing reflection on the broken promise of safety in America When a naked mentally ill white man with an AR 15 killed four young adults of color at a Waffle House Nashville based physician and gun policy scholar Dr Jonathan M Metzl once again advocated for commonsense gun reform But as he peeled back evidence surrounding the racially charged mass shooting a shocking question emerged Did the public health approach he had championed for years have it all wrong Long at the forefront of a movement advocating for gun reform as a matter of public health Metzl has been on constant media call in the aftermath of fatal shootings But the 2018 Nashville killings led him on a path toward recognizing the limitations of biomedical frameworks for fully diagnosing or treating the impassioned complexities of American gun politics As he came to understand it public health is a harder sell in a nation that fundamentally disagrees about what it means to be safe healthy or free In What We ve Become Metzl reckons both with the long history of distrust of public health and the larger forces social ideological historical racial and political that allow mass shootings to occur on a near daily basis in America Looking closely at the cycle in which mass shootings lead to shock horror calls for action and ultimately political gridlock he explores what happens to the soul of a nation and the meanings of safety and community when we normalize violence as an acceptable trade off for freedom Mass shootings and our inability to stop them have become more than horrific crimes they are an American national autobiography This brilliant piercing analysis points to mass shootings as a symptom of our most unresolved national conflicts What We ve Become ultimately sets us on the path of alliance forging racial reckoning and political power brokering we must take to put things right
