Evangelicals Engaging Emergent Bill Henard, Adam W. Greenway, 2009-05-01 While plenty of books related to the conversations as well as controversies surrounding the emergent church have surfaced in recent years no comprehensive evangelical assessment of the movement has been published until now Evangelicals Engaging Emergent draws from a broad spectrum of conservative evangelicalism to serve as a clear informative fair and respectful guide for those desiring to know what emergent means why it originated where the movement is going what issues concern emergent believers and where they sometimes go wrong theologically Among the dozen contributors are Norman Geisler A Postmodern View of Scripture Darrell Bock Emergent Emerging Christologies Ed Stetzer The Emergent Emerging Church A Missiological Perspective and Daniel Akin The Emerging Church and Ethical Choices The Corinthian Matrix

Becoming Conversant with the Emerging Church D. A. Carson, 2009-05-26 A careful and informed assessment of the emerging church by a respected author and scholar The emerging church movement has generated a lot of excitement and exerts an astonishingly broad influence Is it the wave of the future or a passing fancy Who are the leaders and what are they saying The time has come for a mature assessment D A Carson not only gives those who may be unfamiliar with it a perceptive introduction to the emerging church movement but also includes a skillful assessment of its theological views Carson addresses some troubling weaknesses of the movement frankly and thoughtfully while at the same time recognizing that it has important things to say to the rest of Christianity The author strives to provide a perspective that is both honest and fair Anyone interested in the future of the church in a rapidly changing world will find this an informative and stimulating read D A Carson Ph D University of Cambridge is research professor of New Testament at Trinity Evangelical Divinity School in Deerfield Illinois He is the author of over 45 books including the Gold Medallion Award winning book The Gagging of God and is general editor of Telling the Truth and Worship by the Book He has served as a pastor and is an active guest lecturer in church and academic settings around the world

Repairing the Missional Breach Kevin Blackwell, 2024-04-02 Making disciples is the primary calling of the church however in the past decades of American evangelicalism there has been a breach of Christ's Great Commission as found in Matt 28 19 20 Much of this failure can be attributed to the doctrine and practice within three modern church movements The book offers a history and critique of modern American evangelical church movements including the Church Growth Emergent Church and Missional Church movements Each of these movements did not result in disciple making multiplication In this book you will find an analysis of disciple making in these movements as compared to the methods and model of Jesus Informed by these critiques formative ministry adjustments are presented as a faithful path for future missional approaches

The Future of Pentecostalism in the United States Eric Patterson, Edmund John

Rybarczyk,2007-01-01 One hundred years after the Azusa Street Revival stunned Los Angeles and changed Western Christianity Pentecostalism has become the fastest growing religious movement in the world However many Pentecostal denominations in the United States are in a slow decline Will Pentecostalism survive in North America in the twenty first century If so what forms will it take The Future of Pentecostalism in the United States brings together leading scholars of charismatic and Pentecostal Christianity to discuss and forecast these issues The book looks at American Pentecostalism from a variety of disciplinary perspectives including sociology theology history and the arts The book also considers various traditions and sub movements within U S Pentecostalism such as African American Pentecostal and charismatic Latino churches urban postmodern charismatic congregations and the role of Pentecostal institutions of higher education

Baptists and the Emerging Church Movement David Mark Rathel,2014-07-24 In Baptists and the Emerging Church Movement David Rathel examines the major ecclesiological proposals of the emerging church movement Though many theologians argue that the emerging church movement emphasizes epistemology Rathel contends that its primary concern is ecclesiology Emerging church leaders offer a number of important ecclesiological proposals including restructuring traditional church leadership models to accommodate the rise of postmodernity changing the mission of the church so that the church may strike a more missional tone in contemporary culture removing the categories of in or out within the church body and adopting the multi site church model In assessing these proposals Rathel draws upon historic Baptist convictions about the nature of the church using Baptists ecclesiological distinctives and long history of ecclesiological thought as a helpful reference point This book will not only serve as a guide for those who wish to learn of emerging church ecclesiology it will also be an aid to Baptists who wish to evaluate recent trends in ecclesiology in light of their denominational distinctives

Apostles of Reason Molly Worthen,2016 In Apostles of Reason Molly Worthen offers a sweeping history of modern American evangelicalism arguing that the faith has been shaped not by shared beliefs but by battles over the relationship between faith and reason *The Theology of Dallas Willard* Gary Black Jr.,2013-08-06 Evangelical Christianity in the United States is currently in a dramatic state of change Yet amidst this sometimes tumultuous religious environment a rather unique blend of both ancient and contemporary Christian theology has found its way into the hearts and minds of emerging generations of Christians The Theology of Dallas Willard both describes and conveys the essence of this increasingly popular and perhaps mediating view of the gospel of Jesus Christ Blending both a prophetic critique with pastoral encouragement Willard s unique understanding of the reality present within a life lived as a disciple of Jesus in the kingdom of God is attracting both new and traditional Christians to reconsider their faith **Christian Education and the Emerging Church** Rev. Dr. Wendi Sargeant,2015-07-24 All signs point to Christian education having lost its theological location and prominence in the life of the Western Protestant church The Emerging Church movement as an intentionally postmodern approach to ministry in the contemporary context may however offer insights to reinterpret Christian education This

significant movement in today's church gives Christian education a new interpretive framework that is theologically located at an intersection of doxology and doctrine. In her examination of postmodern faith formation, Wendi Sargeant explores the importance of the Christian worshipping community as the most appropriate setting for Christian education. Practitioners and students will benefit from the ready-to-use teaching and learning matrix, and all those with interest in the formation of faith in themselves and others will draw much from the way Sargeant situates worship as the basis for enhancing Christian formation and ethos.

The Oxford Handbook of Evangelical Theology Gerald R. McDermott, 2013-12. This volume surveys the state of the discipline on topics of greatest importance to evangelical theology. The authors critically assess the state of the question from both classical and evangelical traditions and propose a future direction for evangelical thinking on the subject.

Deep Church Jim Belcher, 2009-09-25. If you feel caught between the traditional church and the emerging church, read Jim Belcher. He paints a picture of an alternate deep church: a missional church committed to both tradition and contemporary culture, valuing innovation in worship, arts, and community but also adhering to creeds and confessions.

The Sword of the Lord Andrew Himes, 2011. This book brings the story of fundamentalism to life through the generations of the Rice family: immigrants, soldiers, farmers, slaveowners, refugees, and preachers. From publisher description.

Pneumanaut Eric Keck, 2006. *Who's Afraid of Postmodernism? (The Church and Postmodern Culture)* James K. A. Smith, 2006-04-01.

The philosophies of French thinkers Derrida, Lyotard, and Foucault form the basis for postmodern thought and are seemingly at odds with the Christian faith. However, James K. A. Smith claims that their ideas have been misinterpreted and actually have a deep affinity with central Christian claims. Each chapter opens with an illustration from a recent movie and concludes with a case study considering recent developments in the church that have attempted to respond to the postmodern condition.

Such as the emerging church movement. These case studies provide a concrete picture of how postmodern ideas can influence the way Christians think and worship. This significant book, winner of a Christianity Today 2007 Book Award, avoids philosophical jargon and offers fuller explanation where needed. It is the first book in the Church and Postmodern Culture series, which provides practical applications for Christians engaged in ministry in a postmodern world.

Hear the Word Dr. James A. Prette, 2011-04-29. Communicating the eternal truth of the Gospel in the continually changing context and language of contemporary culture can be a challenging task. In *HEAR the WORD*, author Dr. James A. Prette explores authentic Christian preaching in the postmodern culture. In this examination, Prette discusses the three essential elements of persuasive communication: pathos, ethos, and logos, and their parallels in Christian spiritual transformation: content, context, and conveyor.

He offers a theological reflection exploring and defining a biblical paradigm for spiritual formation through the exposition of the biblical logos that crosses cultural and generational boundaries. He also delves into the cultural shift that has taken place in the ethos of western culture from a modernist worldview to a postmodern one and its impact on Christian life and ministry.

HEAR the WORD offers nine important themes that can guide spiritual leaders in listening to and proclaiming the authentic

word of God in this new postmodern paradigm Creative Bible Lessons in 1 and 2 Timothy and Titus Len Evans,2009-08-30

This newest installment of the bestselling Creative Bible Lessons series provides practical faith sustaining principles for Christian teenagers from every walk of life These pastoral epistles written by the Apostle Paul at the end of his life give sound instruction on how to lead the young church in a world of oppression danger and difficulty In twelve chapters this book covers leadership worship getting in shape walking the talk knowing your enemy money overcoming opposition and the Bible

Finding Faith Richard Flory,Donald Miller,2008-02-04 Despite the masses still lining up to enter mega churches with warehouse like architecture casually dressed clergy and pop Christian music the Post Boomer generation those ranging in age from twenty to forty is having second thoughts In this perceptive look at the evolving face of Christianity in contemporary culture sociologists Richard Flory and Donald E Miller argue that we are on the verge of another potential revolution in how Christians worship and associate with one another Just as the formative experiences of Baby Boomers were colored by such things as the war in Vietnam the 1960s and a dramatic increase in their opportunities for individual expression so Post Boomers have grown up in less structured households with working often divorced parents These childhood experiences leave them craving authentic spiritual experience rather than entertainment and also cause them to question institutions Flory and Miller develop a typology that captures four current approaches to the Christian faith and argue that this generation represents a new religious orientation of expressive communalism in which they seek spiritual experience and fulfillment in community and through various expressive forms of spirituality both private and public
