Peggy Webbling and the Story behind Frankenstein Peggy Webbling, Dorian Gieseler Greenbaum, Bruce Graver, 2024-03-21. The 1931 Universal Pictures film adaptation of Frankenstein, directed by James Whale and starring Boris Karloff as the now iconic Monster, claims in its credits to be adapted from the play by Peggy Webbling. Webbling's play sought to humanize the creature, was the first stage adaptation to position Frankenstein and his creation as doppelgängers, and offered a feminist perspective on scientific efforts to create life without women, ideas that suffuse today's perceptions of Frankenstein's monster. The original play script exists in several different versions, only two of which have ever been consulted by scholars; no version has ever been published. Nor have scholars had access to Webbling's private papers and correspondence preserved in a family archive, so that the evolution of Frankenstein from book to stage to screen has never been fully charted. In *Peggy Webbling and the Story behind Frankenstein*, Dorian Gieseler Greenbaum, Webbling's great-grandniece, and Bruce Graver present the full texts of Webbling's unpublished play for the first time. A vital critical edition, this book includes the 1927 British Library Frankenstein script used for the first production of the play in Preston, Lancashire; the 1928 Frankenstein script in the Library of Congress used for productions in UK provincial theatres from autumn 1928 till 1930; the 1930 Frankenstein Prompt Script for the London production and later provincial performances held by the Westminster Archive, London; Webbling's private correspondence, including negotiations with theatre managers and Universal Pictures; family letters about the writing and production process; and selected contracts. Text of the chapter: Frankenstein from Webbling's unpublished literary memoir *The Story of a Pen* for additional context; Biography of Webbling that bears directly on the sensibilities and skills she brought to the writing of her play; History of how the play came to be written and produced; The relationship of Webbling's play to earlier stage and film adaptations; An exploration of playwright and screenwriter John L. Balderston's changes to Webbling's play and Whale's borrowings from it in the 1931 film; Offering a new perspective on the genesis of the Frankenstein movie, this critical exploration makes available a unique and necessary missing link in the novel's otherwise well-documented transmedia cultural history.
