World View in Pre-revolutionary Iran Claus V. Pedersen, 2002 The Iranian revolution of 1978 1979 and its transformation into an Islamic revolution has been an object of study the last couple of decades The book does not attempt to explain the revolution and the theocracy it resulted in but takes interest in the modes of thought world views that preceded the revolution in order to understand the cultural context in which the revolution happened However only a limited part of the Iranian culture is studied namely the literary part more precisely five of the leading shortstory writers Seyyed Mohammad Ali Jamalzadeh Sadeq Hedayat Sadeq Chubak Jamal A le Ahmad and Hu ang Gol hiri The analyses of the short stories show that the underlying world views are strictly secular As a contextualisation of the literary works four Iranian thinkers and ideologists Jamal al Din Afghani 1838 1897 Ahmad Kasravi 1890 1946 Seyyed Hoseyn Nasr b 1933 and Ali hariati 1933 1977

are presented With Seyyed Hoseyn Nasr as an exception the study of the world views of these four shows a development towards secular modes of thought *Religious Perspectives in Modern Muslim and Jewish Literatures* , **Women, Religion and Culture in Iran** Sarah Ansari, Vanessa Martin, 2014-05-01 Investigates how women religion and culture have interacted in the context of 19th and 20th century Iran covering topics as seemingly diverse as the social and cultural history of Persian cuisine the work and attitudes of 19th century Christian missionaries the impact of growing female literacy and the consequences of developments since 1979 Malakut and Other Stories Bahrām Ṣādiqī, Bahram Sadeqi, 2012 A man who does not recognise his own face an aristocrat who keeps his amputated limbs in jars on the shelf an infant that commits suicide a cat that is secretly writing a novel a rooster that rebels against fate those are some of the characters that make Bahram Sadeqi s stories intriguing incomparable and inimitable Sadeqi is an original story teller who depicts familiar facts and mundane realities in such a way that shocks us to the core and makes us call everything into question With a subtle irony reminiscent of Poe Kafka and Marquez he engages us in an intricate quest to explore the meaning of life death and the cosmos Considering the slight body of work Sadeqi left behind after his untimely death one cannot help but be struck by the impact his work has had on Persian literature nevertheless Sadeqi consistently transgressed established literary ideologies with an easy confidence pioneering an entirely new style of literature and presenting his own unique perspective on the human condition His presence in contemporary Persian prose fiction was like that of a lone meteorite appearing in a blinding flash instantly yet fleetingly illuminating its surroundings then abruptly fading into the darkness leaving only a completely original overwhelming and fantastic trail the remainder of something singularly magnificent that we cannot hope to ever see repeated Ever since he first published his stories in literary journals as a young writer Sadeqi s works have been widely reprinted finding vast audiences among each new generation of Iranians This collection contains some of Sadeqi s best short stories as well as Malakut his magnum opus a novella that took everyone by surprise in the 1960s still fascinating readers and critics alike Strange Times, My Dear Nahid Mozaffari, Ahmad Karimi-Hakkak, 2012-01-13 When Arcade Publishing originally contracted this extraordinary collection of poetry and literature the Department of the Treasury was attempting to censor the publication of works from countries on America s enemies list Arcade along with the PEN American Center the Association of American Publishers Professional and Scholarly Publishing Division and the Association of American University Presses filed a lawsuit in federal court against the United States government Their landmark case forced the Office of Foreign Assets Control to change their regulations regarding editing and publishing literature in translation and Arcade is proud to reissue this anthology that showcases the developments in Iranian literature over the past quarter century Since the Iranian revolution of 1979 the United States has been virtually cut off from that country s culture Despite severe difficulties imposed by social political and economic upheavals as well as war repression and censorship a veritable cultural renewal has taken place in Iran over the past quarter century not only in literature but in music art and cinema Over forty writers from

three generations contributed to this rich and varied collection or to use the Persian term golchine a bouquet one that provides a much needed window into a largely undiscovered branch of world literature In the wake of the Green Revolution and sweeping changes in the region this particular golchine is more relevant than ever and will bring literary enjoyment as well as a fuller understanding of a complex and ever shifting culture

Transportation & Technology in Iran, 1800-1940: : Chapar, Carts, Carriages, Automobiles, Bicycles, Motor Cycles, Lodgings, Sewing Machines, Typewriters & Pianos Willem Floor, 2023-08-21 Only 100 years ago the main means of transportation in Iran was by quadruped Transportation All these processes are detailed in the book Like cars bicycles and motorcycles also were increasingly used as of the 1920s thus increasing choice in people s mobility More road traffic also implied that travelers needed places to spend the night and eat The change from caravanserais to guest houses and hotels is discussed in part 3 These changes in transportation methods did not come alone for other modern tools of change such as the sewing machine and the typewriter also made their appearance and had a major impact on people s availability and use of time Finally the piano made its entry onto the Iranian musical scene and although not perfectly in tune with the traditional Iranian musical system it is now as much part of music making in Iran as the tar and santur part 4 of the book All these changes and new technologies did not happen overnight or without problems and slow adoption initially was limited to the upper class However with falling prices and changing needs and policies these new technologies eventually reached a larger public and the idea that they once were exotic and out of reach is now inconceivable to Iranians The studies in this book provide a new vantage point and understanding of the transfer of modern technology for scholars of the social economic and cultural history of the Middle East

Exiled Memories Zohreh Sullivan, 2010-09-23 I feel I am the wandering Jew who has no place to which she belongs I thought I could settle down but can't imagine staying Whenever I bought a bar of soap and two came in the package I thought there would be no need to buy a package of two because I would never last through the second Why Because I knew I was returning to Iran tomorrow So too I would buy the smallest size of toothpastes and jars of oil Putting down roots here is an impossibility These are the words of one Iranian emigre driven from Tehran by the revolution of 1979 They are echoed time and again in this powerful portrayal of loss and survival Impelled by these words and her own concerns about nationality and identity Zohreh Sullivan has gathered together here the voices of sixty exiles and emigres The speakers come from various ethnic and religious backgrounds and range in age from thirteen to eighty eight Although most are from the middle class they work in a variety of occupations in the United States But whatever their differences here they engage in remembering the past producing a discourse about their lives and negotiating the troubled transitions from one culture to another Unlike many other Iranian oral history projects *Exiled Memories* looks at the reconstruction of memory and identity through diasporic narratives through a focus on the Americas rather than on Iran The narratives included here reveal the complex ways in which events and places transform identities how overnight radicals become conservatives friends become enemies the strong become weak Indeed the narratives themselves serve this function serving to transfer or transform power and establish credibility They reveal a diverse group of people in the process of knitting the story of themselves with the story of the collective after it has been torn apart
