Stories From The Nerve Bible A Twenty Year Retrospective:

Undoing Monogamy Angela Willey, 2016-04-28 In Undoing Monogamy Angela Willey offers a radically interdisciplinary exploration of the concept of monogamy in U S science and culture propelled by queer feminist desires for new modes of conceptualization and new forms of belonging She approaches the politics and materiality of monogamy as intertwined with one another such that disciplinary ways of knowing themselves become an object of critical inquiry Refusing to answer the naturalization of monogamy with a naturalization of nonmonogamy Willey demands a critical reorientation toward the monogamy question in the natural sciences social sciences and humanities The book examines colonial sexual science monogamous voles polyamory and the work of Alison Bechdel and Audre Lorde to show how challenging the lens through which human nature is seen as monogamous or nonmonogamous forces us to reconsider our investments in coupling and in disciplinary notions of biological bodies A Dictionary of the Avant-Gardes, 2013-05-13 A Dictionary of the Avant Gardes recognizes that change is a driving force in all the arts It covers major trends in music dance theater film visual art sculpture and performance art as well as architecture science and culture Dirty Blvd. Aidan Levy, 2015-10-01 Lou Reed made it his mission to rub people the wrong way whether it was with the noise rock he produced with the Velvet Underground in the late 1960s or his polarizing work with Metallica that would prove to be his swan song On a personal level too he seemed to take pleasure in insulting everyone who crossed his path How did this Jewish boy from Long Island an adolescent doo wop singer rise to the status of Godfather of Punk And how did he maintain that status for decades Dirty Blvd the first new biography of Reed since his death in 2013 digs deep to answer those questions And along the way it shows us the tender side of his prickly personality Born in Brooklyn Reed was the son of an accountant and a former beauty queen but he took the road less traveled trading literary promise for an entry level job as a budget label songwriter and founding the Velvet Underground under the aegis of Andy Warhol The cult of personality surrounding his transformation from downtown agent provocateur to Phantom of Rock and finally to patron saint of the avant garde was legendary but there was more to his artistic evolution than his abrasive public persona The lives of many American rock stars have had no second act but Reed s did Dirty Blvd not only covers the highlights of Reed's career but also explores lesser known facets of his work such as his first recordings with doo wop group the Jades his key literary influences and the impact of Judaism upon his work and his engagement with the LGBT movement Drawing from new interviews with many of his artistic collaborators friends and romantic partners as well as from archival material concert footage and unreleased bootlegs of live performances author Aidan Levy paints an intimate portrait of the notoriously uncompromising rock poet who wrote Heroin Sweet Jane Walk on the Wild Side and Street Hassle songs that transcended their genre and established Lou Reed as one of the most influential and enigmatic American artists of the past half century Encyclopedia of New Media Steve Jones, 2002-12-10 Scholars and students finally have a reference work documenting the foundations of the digital revolution Were it not the only reference
