## **Storm From The East The Struggle Between The Arab World And The Christian West:**

*Storm from the East* Milton Viorst, 2007-04-17 America's engagement with the Arab world stretches back far beyond the Iraq wars. According to Milton Viorst, the current conflict is simply the latest round in a 1400 year struggle between Christianity and Islam in which the United States became a participant only in the last century. Today the Bush Doctrine aims to free the Arab peoples from political oppression and create a democratic Iraq. So why are Arabs and Iraqis in particular so suspicious of our efforts? The explanation Viorst says is simple. What the American leadership has miscalculated or simply dismissed is Arab nationalism. In *Storm from the East* Viorst offers a balanced, lucid and vital history of America's uneasy relationship with the Arab world and argues that brutal conflict in the region will continue until the West, with the United States taking the lead, honors the Arabs' insistence on deciding their own destiny. Viorst examines the long struggle of the Arab world to overthrow Western hegemony. He explores the Arab experiences with democracy and military despotism, Nasserite socialism in Egypt and Ba'athism in Syria and Iraq, tribal monarchy in Saudi Arabia and Jordan, guerrilla warfare waged by the Palestinians and finally Islamic rebellion culminating in Osama bin Laden's extremist al Qaeda. All have the same goal: the liberation of the Arabs from foreign domination. *Storm from the East* is a powerful work that like no other limns the political, religious and social roots of Arab nationalism and the present-day unrest in the Middle East.

*The Encyclopedia of Middle East Wars* Spencer C. Tucker, 2010-10-08 This in-depth study of U.S. involvement in the modern Middle East carefully weighs the interplay of domestic, cultural, religious, diplomatic, international and military events in one of the world's most troubled regions. The monumental five-volume *The Encyclopedia of Middle East Wars: The United States in the Persian Gulf, Afghanistan and Iraq Conflicts* is a must-have resource for anyone seeking to comprehend U.S. actions in this volatile region. Under the expert editorship of Spencer C. Tucker, the encyclopedia traces 20th and 21st century U.S. involvement in the Middle East and south central Asia, concentrating on the last three decades. Beginning with the 1980-1988 Iran-Iraq War, it covers the 1979-1989 Soviet occupation of Afghanistan, the 1991 Persian Gulf War, allied punitive actions against Iraq during the 1990s, the Afghanistan War, the Iraq War and the Global War on Terror. Many smaller military actions against Iran, Iraq, Libya, Afghanistan and other regimes that have been involved in international terrorism are also included. Diplomacy, religion as it pertains to Middle East conflict and social/cultural developments are other key subjects of analysis, as is the interplay of politics with military policy in the United States and other nations involved in the region.
