Northeaster Cathie Pelletier, 2023-01-03 A vivid and gripping story of an epic Maine snowstorm that tested the very limits of human endurance For many the past few years have been defined by climate disaster Stories about once in a lifetime hurricanes floods fires droughts and even snowstorms are now commonplace But dramatic weather events are not new and *Northeaster* Cathie Pelletier s breathtaking account of the 1952 snowstorm that blanketed New England offers a valuable reminder about nature s capacity for destruction as well as insight into the human instinct for preservation *Northeaster* weaves together a rich cast of characters whose lives were uprooted and endangered by the storm Housewives and lobstermen loggers and soldiers were all trapped as snow piled in drifts twenty feet high The storm smothered hundreds of travelers in their cars covered entire towns and broke ships in half In the midst of the blizzard s chaos there were remarkable acts of heroism and courageous generosity Doctors braved the storm to help deliver babies Ordinary people kept their wits while buried in their cars and others made their way out of forests to find kind hearted strangers willing to take them in It s likely that none of us know how we would handle a confrontation with a blizzard or other natural disaster But *Northeaster* shows that we have it inside to fight for survival in some of the harshest conditions that nature has to offer

The SS Portland was a solid and luxurious ship and its loss in 1898 in a violent storm with some 200 people aboard was later remembered as New England's Titanic. The Portland was one of New England's largest and most luxurious paddle steamers and after nine years solid performance she had earned a reputation as a safe and dependable vessel. In November 1898 a perfect storm formed off the New England coast. Conditions would produce a blizzard with 100 miles per hour winds and 60 foot waves that pummeled the coast. At the time there was no radio communication between ships and shore, no sonar to navigate by, and no vastly sophisticated weather forecasting capacity. The luxurious SS Portland, a sidewheel steamer furnished with chandeliers, red velvet carpets, and fine china, was carrying more than 200 passengers from Boston to Portland, Maine, over Thanksgiving weekend when it ran headlong into a monstrous violent gale off Cape Cod. It was never seen again. All passengers and crew were lost at sea. More than half the crew on board were African Americans from Portland. Their deaths decimated the Maine African American community. Before the storm abated it became one of the worst ever recorded in New England waters. The storm, now known as The Portland Gale, killed 400 people along the coast and sent more than 200 ships to the bottom, including the doomed Portland. To this day it is not known exactly how many passengers were aboard or even who many of them were. The only passenger list was aboard the vessel. As a result of this tragedy, ships would thereafter leave a passenger manifest ashore. The disaster has been blamed on the hubris of the captain of the Portland, Hollis Blanchard, who decided to leave the safety of Boston Harbor despite knowing that a severe storm was hurtling up the coast. Blanchard, a long time mariner, had been passed over for a promotion for a younger captain. He decided he wanted to show the steamship company that they had made a mistake by getting the Portland safely into port ahead of the imminent storm. Author J. North Conway has created here a personal visceral account of the sinking and the times and the people involved, with stories to bring readers onto the Portland that day. Here is Eben Heuston, the chief steward onboard the ill-fated ship. More than half of the crew of the ship were African Americans. Heuston was an African American who lived in the Portland community of Munjoy Hill and was a member of the Abyssinian Church. After the sinking of the Portland, the African American community disappeared and the church closed. And Emily Cobba, nineteen-year-old singer from Portland's First Parish Church, who was scheduled to give her first recital at the church on that Sunday. And Hope Thomas, who came to Boston to shop for Christmas and because she decided to exchange some shoes, she missed taking the ill-fated Portland. Because of the lack of communications from Maine to Cape Cod, it was days before anyone was able to get word about the fate of the ship or survivors. Author J. North

Conway has painstakingly recreated the events using first hand sources and testimonies to weave a dramatic can't put it down narrative in the tradition of Erik Larson's *Isaac's Storm* and Walter Lord's enduring classic *A Night to Remember*. He brings the tragedy to life with contemporaneous accounts from the Coast Guard, from Boston newspapers such as the *Globe Herald* and *Journal*, and from *The New York Times* and the *Brooklyn Daily Eagle*. New England lies between the torrid and the frigid zones and its climate often suddenly changes from that of one zone to that of the other, having at times the hot wind and air of the south and again the snow and ice and cold of the north.
