The History Man A Novel:

The History Man Malcolm Bradbury, 2015-05-19 Malcolm Bradbury's classic skewering of 1970s academia hailed by the New York Times as an encyclopedia of radical chic as well as a genuinely comic novel. Among the painfully hip students and teachers at the liberal University of Watermouth, Howard Kirk appears to be the most stylish of them all. With his carefully manicured mustache and easygoing radicalism, Kirk prides himself on being among the most highly evolved teachers on his redbrick campus. But beneath Kirk's scholarly bohemianism and studied cool is a ruthless self-serving Machiavellian streak. A sociology lecturer who outwardly espouses freethinking nonconformity, Kirk is himself vain and bigoted, dismissing female students and colleagues while releasing vitriol against those who contradict him, particularly his clever wayward wife Barbara, the long-suffering mother of his two children. A funny and incisive satire of academia and ideological hypocrisy, *The History Man* is one of Malcolm Bradbury's most acclaimed novels and remains just as sharp and witty today as when it was first published.

The Dialogic Novels of Malcolm Bradbury and David Lodge Robert A. Morace, 1989 Discusses the overlooked works of Bradbury and Lodge in terms of their critical reception, Bakhtin's theory of the dialogical novel, and their relation to British literature and contemporary literature in general. Annotation copyright Book News Inc, Portland, Or.

The English Novel in History, 1950 to the Present Professor Steven Connor, 2008-03-07 Steven Connor provides in-depth analyses of the novel and its relationship with its own form, with contemporary culture, and with history. He incorporates an extensive and varied range of writers in his discussions, such as George Orwell, William Golding, Angela Carter, Doris Lessing, Timothy Mo, Hanif Kureishi, Marina Warner, Maggie Gee. Written by a foremost scholar of contemporary culture and theory, *The English Novel in History, 1950 to the Present* offers not only a survey but also a historical and cultural context to British literature produced in the second half of this century.

[Politics and the British Novel in the 1970s](#) J. Russell Perkin, 2021-06-15 The 1970s in Britain saw a series of industrial disputes, a referendum on membership in the European Economic Community, conflict about issues of immigration and citizenship, and emergent environmental and feminist movements. It was also a decade of innovation in the novel, and novelists often addressed the state of the nation directly in their works. In *Politics and the British Novel in the 1970s*, Russell Perkin looks at social novels by John Fowles and Margaret Drabble, the Cold War thrillers of John le Carr, Richard Adams's best-selling fable *Watership Down*, the popular campus novels of Malcolm Bradbury and David Lodge, Doris Lessing's dystopian visions, and V. S. Naipaul's explorations of post-colonial displacement. Many of these highly regarded works sold in large numbers and have enjoyed enduring success, a testament to the power of the political novel to explain a nation to itself. Perkin explores the connections between the novel and politics, situating the works it discusses in the rich context of the history and culture of the decade, from party politics to popular television shows. *Politics and the British Novel in the 1970s* elucidates a period of literary history now fifty years in the past and offers a balanced perspective on the age, revealing that these works not only represented the politics of the time

but played a meaningful role in them **History Man** Fred Inglis, 2009-07-06 This is the first biography of the last and greatest British idealist philosopher R G Collingwood 1889 1943 a man who both thought and lived at full pitch Best known today for his philosophies of history and art Collingwood was also a historian archaeologist sailor artist and musician A figure of enormous energy and ambition he took as his subject nothing less than the whole of human endeavor and he lived in the same way seeking to experience the complete range of human passion In this vivid and swiftly paced narrative Fred Inglis tells the dramatic story of a remarkable life from Collingwood's happy Lakeland childhood to his successes at Oxford his archaeological digs as a renowned authority on Roman Britain his solo sailing adventures in the English Channel his long struggle with illness and his sometimes turbulent romantic life In a manner unheard of today Collingwood attempted to gather all aspects of human thought into a single theory of practical experience and he wrote sweeping accounts of history art science politics metaphysics and archaeology as well as a highly regarded autobiography Above all he dedicated his life to arguing that history not science is the only source of moral and political wisdom and self knowledge Linking the intellectual and personal sides of Collingwood's life and providing a rich history of his milieu History Man also assesses Collingwood's influence on generations of scholars after his death and the renewed recognition of his importance and interest today
