The History Of Diamond Production And The Diamond Trade:

The History of Diamond Production and the Diamond Trade Godehard Lenzen, 1970 **The History of Diamond Production and the Diamond Trade** Godehard Lenzen, 1966 **The Political Economy of Namibia** Tore Linné Eriksen, Richard Moorsom, 1989 Research institutes and documentation centres *The History of Diamond Production and the Diamond Trade* Godehard Lenzen, 1970 *The Global Diamond Industry* Roman Grynberg, Letsema Mbayi, 2016-01-05

The Global Diamond Industry Economics and Development brings together a collection of papers covering various aspects of the diamond industry including economics law history sociology and development across two volumes *The Diamond Trade* Lillian E. Forman, 2010 This title gives readers a deeper look at the diamond trade and its surrounding conflicts Readers will learn the history of the diamond trade including its social political and economic effects Color photos and informative sidebars accompany easy to follow text Features include a table of contents timeline facts additional resources web sites a glossary a bibliography and an index Essential Viewpoints is a series in Essential Library an imprint of ABDO Publishing Company *Capital and Labour on the Kimberley Diamond Fields, 1871-1890* Robert Vicat Turrell, 1987-09-17 Based on new documentary sources this history of diamond mining in Kimberley is a major study of South Africa's mineral revolution and the formation of De Beers Consolidated Mines one of the most successful African mining companies

Diamonds and War David De Vries, 2010-04 Based on previously unexamined historical documents found in archives in Belgium England Israel the Netherlands and the United States this book is the first in English to tell the story of the formation of one of the world's main strongholds of diamond production and trade in Palestine during the 1930s and 1940s The history of the diamond cutting industry characterized by a long standing Jewish presence is discussed as a social history embedded in the international political economy of its times the genesis of the industry in Palestine is placed on a broad continuum within the geographic and economic dislocations of Dutch Belgian and German diamond cutting centers In providing a micro historical and interdisciplinary perspective the story of the diamond industry in Mandate Palestine proposes a more nuanced picture of the uncritical approach to the strict boundaries of ethnic based occupational communities **Mining Tycoons in the Age of Empire, 1870-1945** Raymond E. Dumett, 2016-12-05 The years of the late nineteenth and early twentieth centuries aptly described by Mark Twain as the Gilded Age witnessed an unprecedented level of technological change material excess untrammled pursuit of profit and imperial expansion Within this dynamic and often ruthless environment many colorful characters strode across the world stage among them the great mining tycoons who with the thousands of prospectors diggers shift bosses timbermen blastmen and muckers in mining enterprise constituted one of the major spearheads of global capitalistic expansion and colonial exploitation This volume which carries the epic story to the mid twentieth century provides a truly international perspective on the role of mining entrepreneurs investors and engineers in shaping the economic and political map of the globe in testing management techniques and in setting a vogue for

extravagant displays of wealth among the world's rich. Each chapter is loosely focussed on a biographical account of a particular mining tycoon that allows for broad and comparative accounts to be made about the individuals, their business interests, the technologies they employed and the national and international political considerations under which they operated. Furthermore, this structure also allows for consideration of the effect that these tycoons had on the countries and territories in which they worked, particularly the often long-lasting impact on indigenous populations, the environment, transport links and economic development. By approaching the subject matter through this stimulating mix of cultural, social, economic, business and colonial history, many intriguing and thought-provoking conclusions are reached that will reward any scholars with an interest in late nineteenth and early twentieth-century history.

The American Idea Robert Vare, 2008-12-10

What is the American idea? It is the fractious, maddening approach to the conduct of human affairs that values equality despite its elusiveness, that values democracy despite its debasement, that values pluralism despite its messiness, that values the institutions of civic culture despite their flaws, and that values public life as something higher and greater than the sum of all our private lives. The founders of the magazine valued these things, and they valued the immense amount of effort it takes to preserve them from generation to generation.

The Editors of *The Atlantic Monthly*, 2006

This landmark collection of writings by the illustrious contributors of *The Atlantic Monthly* is a one-of-a-kind education in the history of American ideas. *The Atlantic Monthly* was founded in 1857 by a remarkable group that included some of the towering figures of nineteenth-century intellectual life: Ralph Waldo Emerson, Oliver Wendell Holmes, Henry Wadsworth Longfellow, and James Russell Lowell. For 150 years, the magazine has continued to honor its distinguished pedigree by publishing many of America's most prominent political commentators, journalists, historians, humorists, storytellers, and poets. Throughout the magazine's history, Atlantic contributors have unflinchingly confronted the fundamental subjects of the American experience: war and peace, science and religion, the conundrum of race, the role of women, the plight of the cities, the struggle to preserve the environment, the strengths and failings of our politics, and especially America's proper place in the world. This extraordinary anthology brings together many of the magazine's most acclaimed and influential articles: "Broken Windows" by James Q. Wilson and George L. Kelling took on the problem of inner-city crime and gave birth to a new way of thinking about law enforcement; "The Roots of Muslim Rage" by Bernard Lewis prophetically warned of the dangers posed to the West by rising Islamic extremism; "Letter from Birmingham Jail" by Martin Luther King Jr. became one of the twentieth century's most famous reflections upon and calls for racial equality; and "The Fifty-first State" by James Fallows previewed in astonishing detail the mess in which America would find itself in Iraq six months before the invasion. The collection also highlights some of *The Atlantic*'s finest moments in fiction and poetry from the likes of Twain, Whitman, Frost, Hemingway, Nabokov, and Bellow, affirming the central role of literature in defining and challenging American society. Rarely has an anthology so vividly captured America. Serious and comic, touching and tough, *The American Idea* paints a fascinating portrait of who we are.

where we have come from and where we are going *Blood, Sweat and Earth* Tjil Vanneste, 2021-09-16 A sweeping history of our enduring passion for diamonds and the exploitative industry that fuels it *Blood Sweat and Earth* is a hard hitting historical expos of the diamond industry focusing on the exploitation of workers and the environment the monopolization of uncut diamonds and how little this has changed over time It describes the use of forced labor and political oppression by Indian sultans Portuguese colonizers in Brazil and Western industrialists in many parts of Africa as well as the hoarding of diamonds to maintain high prices from the English East India Company to De Beers While recent discoveries of diamond deposits in Siberia Canada and Australia have brought an end to monopolization the book shows that advances in the production of synthetic diamonds have not yet been able to eradicate the exploitation caused by the world's unquenchable thirst for sparkle *Minerals Yearbook*, 2005 *Minerals Yearbook, 2010, V. 3, Area Reports, International, Africa and the Middle East* Geological Survey (U.S.), 2012-11-13 The *Minerals Yearbook* is an annual publication that reviews the mineral and material industries of the United States and foreign countries The *Yearbook* contains statistical data on materials and minerals and includes information on economic and technical trends and development The *Minerals Yearbook* includes chapters on approximately 90 commodities and over 175 countries This volume of the *Minerals Yearbook* provides an annual review of mineral production and trade and of mineral related government and industry developments in more than 175 foreign countries Each report includes sections on government policies and programs environmental issues trade and production data industry structure and ownership commodity sector developments infrastructure and a summary outlook

The Mazzel Ritual Dina Siegel, 2009-08-12 The academic study of diamonds is as multi faceted as the precious stones themselves Mineralogists and geographers have written about them as have historians and economists and students of art and fashion They each shine their light on a different aspect of this source of luminous radiance But who would venture to describe the entire complicated worldwide system starting in the diamond mines and ending with the consumers of Western metropolises In *The Mazzel Ritual* Culture Customs and Crime in the Diamond Trade Russian Israeli cultural anthropologist and criminologist Dina Siegel follows the route of a diamond from the mines of Africa to the shops of Europe and the United States as it passes through countless hands and places and is smuggled stolen cut polished sold exchanged and finally worn as jewelry In the course of this long and exciting journey a wide range of people face all sorts of risks and criminality as well as various moral and ethical judgments Siegel describes the range of ethnic groups that are active in the diamond trade and the culture and customs that are specific to this business She analyses the dangers and threats to the industry and aims to uncover the strategies and tactics to deal with them Finally this story of risk trust and crime examines the vulnerability of diamond production and distribution to illicit and criminal activities This book is about the diamond business itself as well as about those involved in it It tells the story of people who simply cannot stay away from this expensive and alluring commodity

Working on Labor Marcel M. van der Linden, Leo Lucassen, 2012-08-09 Using comparative and long term perspectives the

seventeen essays in this collection discuss the development of labor relations and labor migrations in Europe Asia and the US from the thirteenth century to the present *The Mineral Industry, Its Statistics, Technology and Trade* ,1916 **The Economy in Jewish History** Gideon Reuveni,Sarah Wobick-Segev,2010-12-01 Jewish historiography tends to stress the religious cultural and political aspects of the past By contrast the economy has been pushed to the margins of the Jewish discourse and scholarship since the end of the Second World War This volume takes a fresh look at Jews and the economy arguing that a broader cultural approach is needed to understand the central importance of the economy The very dynamics of economy and its ability to function depend on the ability of individuals to interact and on the shared values and norms that are fostered within ethnic communities Thus this volume sheds new light on the interrelationship between religion ethnicity culture and the economy revealing the potential of an economic turn in the study of history **The Mineral Industry, Its Statistics, Technology, and Trade ...** Richard Pennefather Rothwell,Joseph Struthers,David Hale Newland,Edward K. Judd,Walter Renton Ingalls,1916 **Africa's Diamonds** United States. Congress. House. Committee on International Relations.
