Theory of Continental Drift; a Symposium on the Origin and Movement of Land Masses, Both Inter-continental and Intra-continental, as Proposed by Alfred Wegener American Association of Petroleum Geologists, Willem Anton Josef Maria van Waterschoot Van der Gracht, Willem Anton Joseph Maria Waterschoot van der Gracht, 1928 **Abstracts of North American Geology** , 1969 **Ending in Ice** Roger M. McCoy, 2006-06-22 An old truism holds that a scientific discovery has three stages first people deny it is true then they deny it is important finally they credit the wrong person Alfred Wegener's discovery of continental drift went through each stage with unusual drama In 1915 when he published his theory that the world's continents had once come together in a single landmass before splitting apart and drifting to their current positions the world's geologists denied and scorned it The scientific establishment's rejection of continental drift and plate tectonic theory is a story told often and well Yet there is an untold side to Wegener's life he and his famous father in law Wladimir Kppen a climatologist whose classification of climates is still in use became fascinated with climates of the geologic past In the early 20th century Wegener made four expeditions to the then uncharted Greenland icecap to gather data about climate variations Greenland ice core sampling continues to this day **Ending in Ice** is about Wegener's explorations of Greenland blending the science of ice ages and Wegener's continental drift measurements with the story of Wegener's fatal expedition trying to bring desperately needed food and fuel to workers at the central Greenland ice station of Eismitte In 1930 Arctic exploration books with tragic endings have become all too common but this book combines Wegener's fatal adventures in Greenland with the relevant science now more important than ever as global climate change becomes movie worthy **The Day After Tomorrow** **Geological Survey Bulletin** , 1958 **Book Catalog of the Library and Information Services Division: Shelf list catalog** Environmental Science Information Center.
