The Hitcher II:

New York Magazine, 1986-03-03 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

Nightmare Movies Kim Newman, 2011-04-18 Now over twenty years old the original edition of *Nightmare Movies* has retained its place as a true classic of cult film criticism In this new edition Kim Newman brings his seminal work completely up to date both reassessing his earlier evaluations and adding a second part that assesses the last two decades of horror films with all the wit intelligence and insight for which he is known Since the publication of the first edition horror has been on a gradual upswing and taken a new and stronger hold over the film industry Newman negotiates his way through a vast back catalogue of horror charting the on screen progress of our collective fears and bogeymen from the low budget slasher movies of the 60s through to the slick releases of the 2000s in a critical appraisal that doubles up as a genealogical study of contemporary horror and its forebears Newman invokes the figures that fuel the ongoing demand for horror the serial killer the vampire the werewolf the zombie and draws on his remarkable knowledge of the genre to give us a comprehensive overview of the modern myths that have shaped the imagination of multiple generations of cinema goers *Nightmare Movies* is an invaluable companion that not only provides a newly updated history of the darker side of film but a truly entertaining guide with which to discover the less well trodden paths of horror and re-discover the classics with a newly instructed eye

Terror in the Desert Brad Sykes, 2018-04-04 Set in the American Southwest desert terror films combine elements from horror film noir and road movies to tell stories of isolation and violence For more than half a century these diverse and troubling films have eluded critical classification and analysis Highlighting pioneering filmmakers and bizarre production stories the author traces the genre's origins and development from cult exploitation *The Hills Have Eyes* *The Hitcher* to crowd pleasing franchises *Tremors* *From Dusk Till Dawn* to quirky auteurist fare *Natural Born Killers* *Lost Highway* to more recent releases *Bone* *Tomahawk* *Nocturnal Animals* Rare stills promotional materials and a filmography are included
