Himalayan Verve in Verse B.D Kala,2022-05-24 *Himalayan Verve in Verse* is a compilation of poems composed by Late B D Kala The poems allude to the folksy fervour of Himalayan oral poetry that is at once modest and beautiful devoid of any excessive refinement or a pompous show of knowledge and mind boggling mysticism These are songs as old as hills genuinely simple and sincere that every mind and heart secretly seeks to sink In short the anthology is intended as an addition to the ever widening basket of Indo Anglian poetry

Indian Conquest of the Himalayan Territories Sukh Dev Singh Charak,1978 **Hoard's Dairyman** ,1925 *Pelagic Passageways* Rila Mukherjee,2011 Due to the frontierization of nation states maritime historians have tended to ignore the northern Bay of Bengal Yet this marginal region now dispersed over the four nation states of India China Myanmar and Bangladesh was not marginal in the past Until recently however historians have concentrated largely on the big four the Gujarat Malabar Coromandel and western Bengal coasts Extreme eastern South Asia Bengal and the lands to its north east fanning into Burma and China or modern India's north east and beyond is the focus of *Pelagic Passageways* This regional unit including diverse topographic features plains forests estuaries deltas rivers mountains lakes plateaus and remote passes oscillates between unity and fragmentation between centrality and marginality in the larger space of the Bay of Bengal To attempt a history of this space is indeed challenging There is not one but two deltas here the western delta corresponding to present West Bengal in India and centred now on Kolkata and the south eastern delta in present Bangladesh centred on Dhaka and running into Arakan Not merely in terms of location but on a historical axis too the two deltas are vastly different as they have followed disparate trajectories dictated in part by their geographies *Pelagic Passageways* therefore questions the conventional fault line located on the south eastern Bengal delta between the historiography of South and South East Asia Concentrating on commodity and currency flows travel trade routes and interactive networks *Pelagic Passageways* visualizes the cultural space of the northern Bay of Bengal as embracing upland landlocked areas Ava Yunnan the Tripuri Dimas and Ahom states not usually seen as part of maritime history This collection of essays suggests that they too were a part of the social and commercial networks of the Indian Ocean While these countries literally fell off the map this volume proposes that we see these areas instead as crossroads mediating flows between the land dwelling and aquatic worlds
