Honour Based Crimes and the Law Mukaddes Gorar, 2021-05-10 Honour based violence and abuse manifests itself in different forms and this book offers a comprehensive understanding of this phenomenon This book argues that the limits of honour crimes must be defined more widely so that they include conducts and behaviours that originate from the patriarchal notion of honour such as honour based oppression and breast ironing The book provides a critical analysis and synthesis of the law in England and Wales and in the international human rights sphere The relevant domestic legislation and cases are examined to reflect on whether adequate protection is provided for the victims and potential victims of honour based violence and abuse Since honour based violence is a violation of human rights the relevant international human rights law is examined to illustrate the perception of such crimes in the international arena The effectiveness of any remedy for victims of honour based violence and abuse depends on its capability to change deep rooted behaviours in communities with honour based patriarchal values This book argues that the law does not provide the effective impact required in part due to patriarchal structures and that more efforts should be dedicated to changes in education It is held that there is a need for an educational programme that is especially designed to tackle violence and promote gender equality The book will be essential reading for academics researchers and policy makers working in the areas of Human Rights Law Criminal Law and Gender Studies

Women Suicide Bombers V. G. Julie Rajan, 2011-08-26 This book offers an evaluation of female suicide bombers through postcolonial Third World feminist and human rights framework drawing on case studies from conflicts in Palestine Sri Lanka and Chechnya among others Women Suicide Bombers explores why cultural media and political reports from various geographies present different information about and portraits of the same women suicide bombers The majority of Western media and sovereign states engaged in wars against groups deploying bombings tend to focus on women bombers abnormal mental conditions their physicality for example their painted fingernails or their beautiful

eyes their sexualities and the various ways in which they have been victimized by their backward Third World cultures especially by Islam In contrast propaganda produced by rebel groups deploying women bombers cultures supporting those campaigns and governments of those nations at war with sovereign states and Western nations tend to project women bombers as mythical heroes in ways that supersedes the martyrdom operations of male bombers Many of the books published on this phenomenon have revealed interesting ways to read women bombers subjectivities but do not explore the phenomenon of women bombers both inside and outside of their militant activities or against the patriarchal Orientalist and Western feminist cultural and theoretical frameworks that label female bombers primarily as victims of backward cultures In contrast this book offers a corrective lens to the existing discourse and encourages a more balanced evaluation of women bombers in contemporary conflict This book will be of interest to students of terrorism gender studies and security studies in general

Cruel and Usual Punishment Nonie Darwish, 2009-01-04 Nonie Darwish lived for thirty years in a majority Muslim nation Everything about her life family sexuality hygiene business banking contracts economics politics social issues everything was dictated by the Islamic law code known as Sharia But Sharia isn't staying in majority Muslim nations Darwish now lives in the West and brings a warning the goal of radical Islam is to bring Sharia law to your country If that happens the fabric of Western law and liberty will be ripped in two Under Sharia law A woman can be beaten for talking to men who are not her relatives and flogged for not wearing a headaddress Daughters sisters and wives can be legally killed by the men in their family Non Muslims can be beheaded and their Muslim killers will not receive the death penalty Certain kinds of child molestation are allowed The husband of a rebellious wife can deny her medical care or place her under house arrest Think it can't happen In 2008 England once the seat of Western liberty and now the home of many Muslim immigrants declared that Sharia courts in Britain have the force of law When Muslim populations reach as little as 1 or 2 percent says Darwish they begin making demands of the larger community such as foot level faucets for washing before praying in public schools businesses and airports Airports in Kansas City Phoenix and Indianapolis are among those who have already installed foot baths for Muslim cab drivers writes Darwish These demands test how far Westerners will go in accommodating the Muslim minority How far will they push The Organization of the Islamic Conference works to Islamize international human rights laws and apply Sharia standards for blasphemy to all nations The penalty for blasphemy Death Weaving personal experience together with extensive documentation and research Darwish exposes the facts and reveals the global threat posed by Sharia law Anyone concerned about Western rights and liberties ignores her warning and analysis at their peril

Human Rights and Human Development in the Arab and Islamic World Raphael Israeli, 2022-08-29 For many years Islam has behaved in total authoritarian domination over masses of populations with a total disregard of basic human rights based on the Sharia holy

law of Empire and rule over its own Muslim subjects Even more so over a multitude of Christian Jewish and other minorities Islam has ignored Western developments since the American and French Revolutions which little by little developed the liberal predominance of human rights The prevailing rationale in Islam was and has remained that Allah's Law as expressed in His Holy edicts forever takes priority over any law that humans can produce While similar beliefs were modified in other faiths and creeds which resulted in Western philosophical thought due to the established separation of Church and state Islam has never known such a separation and has perpetuated the ancient traditional views rationalizing that while human made laws are ephemeral and transient Allah's are immutable and eternal Hence the severe laws on apostasy in Islam which forbid Muslims the right to deny their faith under threat of death Even the religions of Christianity and Judaism are under restriction in Islamdom If their followers wish to convert they are permitted to do so only to Islam which is why the record of human rights in Islam is so poor

Sex and the Devil's Wager Lee Huxley, 2009 Anti erotic elements in feminism have joined forces with Islam and Christianity to condemn prostitution the male gaze and the natural love men have for the feminine body as a symbol of universal beauty The author whose religion is based in Tantra regards these attitudes both wrong and offensive to pagans Lee Huxley claims to be a knower an enlightened one who sees with the third eye and whose wisdom and lateral thinking demonstrate his special insights in this book Lee knows the truth the unthinkable that Jesus Christ the hellfire and damnation preacher is not the Son of God but the Son of Evil If Christ is the Son of Evil then Lee argues from this basis that Judaism Christianity and Islam are blasphemies This book asks how Western civilization could be founded on lies delusions and blasphemies that even today are still taken seriously This book is the result of a lifetime of research which has culminated in the formulation of the Devil's Wager The Devil's Wager challenges you the reader to name any moral idea from the worst evildoers of history that is as evil as the central teaching of the Bible and the Koran namely that God will resurrect the human race and torture most of them in hell for all eternity Fifty per cent of the damned will be women The male God of monotheism is a hellfire pyromaniac Jesus Christ and Allah are arsonists who burn women alive This is the feminist issue of our times Lee uses the writings of theologian and lapsed Catholic Mary Daly one of the greatest feminist thinkers to explain their common conviction that feminism must now assume the role of the Antichrist and bring an end to monotheism
