**On Foot to Canterbury** Ken Haigh, 2021-10-05 Setting off on foot from Winchester, Ken Haigh hikes across southern England retracing one of the traditional routes that medieval pilgrims followed to the shrine of Saint Thomas Becket at Canterbury Cathedral. Walking in honour of his father, a staunch Anglican who passed away before they could begin their trip together, Haigh wonders: Is there a place in the modern secular world for pilgrimage? On his journey, he sorts through his own spiritual aimlessness while crossing paths with writers like Anthony Trollope, John Keats, Jane Austen, Jonathan Swift, Charles Dickens, and of course Geoffrey Chaucer. Part travelogue, part memoir, and part literary history, *On Foot to Canterbury* is engaging and delightful. My father didn't need this walk; not the way I do. For him, it would have been a fun way to spend some time with his son. He had I begin to realize a talent for living in the moment. Perhaps a pilgrimage would help me find happiness. Perhaps I could walk my way into a better frame of mind and somehow, along the road to Canterbury, I would find a new purpose for my life. It was worth a shot. **Sportsman's Library** Stephen Bodio, 2013-04-02 A Sportsman's Library: The 100 Books that Every Hunter and Fisherman Should Own will consist of 100 short reviews, for lack of a better word, each one from 300 to 1500 words and illustrated with either the cover of the book or a photo of the book's author. The list will include all the beloved classics but will add plenty of lesser-known titles as well. It will range in time from Izaak Walton's 17th century to 21st-century tiger poachers in eastern Siberia and geographically from the Catskills to the Keys, from England's chalk streams to Jim Corbett's India. It will take pleasure in those books that explain the intricate beauty of the classic salmon fly as well as the astonishing craftsmanship of a Best London double, the science of the hunt as well as the hunt's depiction in art.

**Coastal Britain: England and Wales** Stuart Fisher, 2019-04-18 When all her islands are taken into consideration, the British coastline spans almost 8,000 miles, which is longer than both Brazil's and Mexico's. From the clear blue waters of serene Cornish bays to the tempestuous seas around rugged Pembrokeshire headlands, this new book journeys around the varied shorelines of England and Wales to complete the most comprehensive survey ever taken. Stuart Fisher, bestselling author of the similarly comprehensive *Canals of Britain*, visits all the places of interest along the entire coastline of England and Wales, from remote countryside to modern cities, exploring history and heritage, striking architecture and dramatic engineering, wildlife, wonderful flora and fauna, art and literature. His journey takes him from industrial hubs to small villages and fishing communities, providing a keen insight into what makes each stretch of Britain's shoreline unique and special. Evocative and often dramatic colour photographs help capture the great variety of the coast, and maps, book covers, stamps, and local artefacts help convey the character of each area. This comprehensive and absorbing survey is a treasure trove of interest and knowledge for walkers, cyclists, boaters.

Literary Review Precociously brilliant in his youth Cyril Connolly was haunted for the rest of his life by a sense of failure and a romantic yearning to recover a lost Eden His two great books *The Unquiet Grave* and *Enemies of Promise* are classics of English prose combining wit romanticism and merciless self knowledge As witty in person as he as in his prose he was notoriously slothful and greedy he was married three times and his dealings with women were bedevilled by a lifelong tendency to be in love with two or more people at once

*The Rise of the Memoir* Alex Zwerdling, 2017 The Rise of the Memoir traces the growth and extraordinarily wide appeal of the memoir Its territory is private rather than public life shame guilt and embarrassment not the achievements celebrated in the public record What accounts for the sharp need writers like Rousseau Woolf Orwell Nabokov Primo Levi and Maxine Hong Kingston felt to write and to publish such works when they might more easily have chosen to remain silent Alex Zwerdling explores why each of these writers felt compelled to write them as that story can be reconstructed from personal materials available in archival collections what internal conflicts they encountered while trying and how each of them resisted the private and public pressures to stop themselves rather than pursuing this confessional route against their own doubts without a reasonable expectation that such works would be welcome in print and eventually find an empathetic audience Reconstructing this process in which a dubious project eventually becomes a compelling product a memoir that will last illuminates both what was at stake and why this serially invented open form has reshaped the expectations of readers who welcomed a vital alternative to the official story

*The Lord's Work* Tim Grass, 2017-10-20 The Catholic Apostolic Church combined liturgical worship charismatic experience ecumenical vision and eschatological expectation Philip Schaff commented that the claims made for its apostles if true commanded every Christian's attention Historians and liturgists alike have been fascinated by the Church but deterred from researching it because of the notorious difficulty of access to material This account of the church's growth and decline draws on archival sources from several countries many not hitherto used for research and publications in German as well as English Previous accounts in English have focused on the Church in the English speaking world but this book breaks fresh ground by covering the Church's development in every country where it was active Surveying Catholic Apostolic history polity and ministry it seeks to tell the story rather than using the Church as a test case for a preconceived hypothesis In so doing it opens up a range of lines of inquiry for future researchers
