## **The House Of Fame Durham Mediaeval Texts:**

**The House of Fame** Geoffrey Chaucer,1994 Accompanying sound discs contain the work spoken in Middle English with the Stella splendens sung in Latin      *The Anonymous Text* Simone Celine Marshall,2010 One of the most intriguing features of *The Assembly of Ladies* an anonymous fifteenth century Middle English poem is that it has remained in print in anthologies for over 500 years Why would a poem about courtly love remain so popular for so long This book analyses the literary and historical publishing evidence about *The Assembly of Ladies* to show that the poem has remained in print not for its literary merit but because its anonymity has allowed it to be appropriated by editors for their own particular social and political causes The book draws together textual contextual and intertextual evidence about all twenty editions of *The Assembly of Ladies* By examining closely how and why a single text is or has been included in canonical traditions over time this study not only reveals the material presence of the text in various traditions but also brings to the foreground the categories scholars continue to use while defining or imagining those traditions      **Chaucer and the Making of Optical Space** Peter Brown,2007 The author links Chaucer's writings with the medieval optical tradition in its various forms scholastic texts encyclopedias exempla vernacular poetry both in general cultural terms and through the discussion of specific examples He shows how the science of optics or perspectiva provides an account of spatial perception including visual error and demonstrates how these aspects of optical theory impact on Chaucer's poetry He provides detailed and sustained analysis of the spatial content of narratives across the range of Chaucer's works relating them to optical ideas and making use of Lefebvre's theory of the production of space The texts discussed include the *Book of the Duchess* *House of Fame* *Knight's Tale* *Miller's Tale* *Reeve's Tale* *Merchant's Tale* *Squire's Tale* and *Troilus and Criseyde*      **Diversity** Paul Maurice Clogan,1995 Volume 22 *Diversity* is a special volume in the new series of *Medievalia et Humanistica* focusing on the diversity of voices in medieval and early Renaissance literature Six original articles explore themes of law art and piety at all levels of medieval and early Renaissance society from the common audience of Malory's England to the aristocratic courts of Germany In addition to these six original articles this volume offers two review articles and 28 review notices on 49 recent publications Scholars teachers and students will find this volume presents a sampling of the variety and abundance of medieval and early Renaissance studies today      **A Century of British Medieval Studies** Alan Deyermond,2007-11-29 This is an authoritative guide to the full range of medieval scholarship undertaken in twentieth century Britain history archaeology language culture Some of the twenty nine essays focus on changes in research method or on the achievements of individual scholars others are personal accounts of a lifetime's work      *Word of Mouth* Gianni Guastella,2017 *Word of Mouth* offers an interdisciplinary exploration of the evolving personifications of the ancient concept of fama in ancient and medieval literature and in European figurative art between the end of the fourteenth and the beginning of the sixteenth centuries      **The Female Voice in The Assembly of Ladies** Simone Celine Marshall,2009-05-27 *The Assembly of Ladies* is a fifteenth century secular love poem in

Middle English that adheres closely to conventional poetic structures but throws these conventions into relief as it presents the narrative from a woman's point of view a rare occurrence for poetry of this period Who wrote it for whom and why are questions about which we can speculate but never ultimately answer the poem itself gives us few clues Yet the poem has had a remarkable shelf life in subsequent centuries the poem has continued to be noticed read and debated as a small but significant artefact from fifteenth century England This book examines how fifteenth century English social conventions impact upon gender relations in *The Assembly of Ladies* By drawing on contemporary and clearly influential texts from the fifteenth century as a comparison Marshall shows how *The Assembly of Ladies* has integrated social conventions into its themes and structure elevating for the reader the ways that social and literary conventions impact on women in the production and consumption of literature

Chaucer and the Norse and Celtic Worlds Rory McTurk, 2017-03-02 Through an examination of Old Norse and Celtic parallels to certain works of Chaucer McTurk here identifies hitherto unrecognized sources for these works in early Irish tradition He revives the idea that Chaucer visited Ireland between 1361 and 1366 placing new emphasis on the date of the enactment of the Statute of Kilkenny Examining Chaucer's *House of Fame* McTurk uncovers parallels involving eagles perilous entrances and scatological jokes about poetry in the *Topographia Hibernie* by Gerald of Wales *Snorri Sturluson's Edda* and the Old Irish sagas *Fled Bricrend* and *Togail Bruidne Da Derga* He compares *The Canterbury Tales* with its use of the motif of a journey as a framework for a tale collection with both *Snorri's Edda* and the Middle Irish saga *Acallam na Sen rach* McTurk presents a compelling argument that these works represent Irish traditions which influenced Chaucer's writing In this study McTurk also argues that the thirteenth century Icelandic *Laxd la Saga* and Chaucer's *Wife of Bath's Prologue* and *Tale* each descend from an Irish version of the *Loathly Lady* story Further he surmises that Chaucer's five stress line may derive from the tradition of Irish song known as *amhr n* which there is reason to suppose existed in Ireland well before Chaucer's time

**Dante's British Public** N. R. Havelly, 2014 This is the first account of Dante's reception in English to address full chronological span of that process Individual authors and periods have been studied before but *Dante's British Public* takes a wider and longer view using a selection of vivid and detailed case studies to record and place in context some of the wider conversations about and appropriations of Dante that developed in Britain across more than six centuries as access to his work extended and diversified Much of the evidence is based on previously unpublished material in for example letters journals annotations and inventories and is drawn from archives in the UK and across the world from Milan to Mumbai and from Berlin to Cape Town Throughout the role of Anglo Italian cultural contacts and intermediaries in shaping the public understanding of Dante in Britain is given prominence from clerics and merchants around Chaucer's time through itinerant scholars collectors and tourists in the early modern period to the exiles and expatriates of the nineteenth and twentieth centuries The final chapter brings the story up to the present showing how the poet's work has been seen from the fourteenth century onwards as accessible to the many and demonstrating some of the

means by which Dante has reached a yet wider British public over the past century particularly through translation illustration and various forms of performance

Writers Reading Writers Robert Hollander, 2007 This volume is a collection of intertextual studies on medieval and early modern literature in honor of Robert Hollander by some of his former students Writers are always also readers responding to texts that have provoked their thought The contributors to this volume all participate in its overarching theme writers reading and responding to the work of other writers As Hollander's work has focused especially on Dante and Boccaccio many of the essays treat one of these writers either as reading or as read by others Other essays trace intertextual influences in Langland Shakespeare or post Enlightenment writers faced with the loss of Dante's meaningful cosmos

literature and its role in society      **Medieval Manuscripts, Readers and Texts** Misty Schieberle, 2024-10 Examines manuscripts of Langland Chaucer Gower Nicholas Love and Arthurian tales alongside other devotional works and archival evidence Professor Kathryn Kerby Fulton's scholarship has transformed the study of medieval manuscripts and readers particularly in the areas of devotional literature professional scribal production and clerical writing The essays collected here celebrate and reflect her influence and practice of giving careful attention to material contexts and archival sources when reading literature produced in late medieval England They offer new interpretations of scribal practices professional readers activities documentary evidence and challenging material and cultural contexts They also reconsider scholarly practices and assumptions while demonstrating how manuscript and archival studies can energize scholarship on such varied topics as authority reader reception modern editorial perspectives gender and religious activities      **A New Introduction to Chaucer** D. S. Brewer, 2014-07-15 This new introduction to Chaucer has been radically rewritten since the previous edition which was published in 1984 The book is a controversial and modern restatement of some of the traditional views on Chaucer and seeks to present a rounded introduction to his life cultural setting and works Professor Brewer takes into account recent literary criticism both challenging new ideas and using them in his analysis of Chaucer's work Above all there is a strong emphasis on leading the reader to understand and enjoy the poetry and prose and to try to understand Chaucer's values which are often seen to oppose modern principles A New Introduction to Chaucer is the result of Derek Brewer's distinguished career spanning fifty years of research and study of Chaucer and contemporary scholarship and criticism New interpretations of many of the poems are presented including a detailed account of the Book of the Duchess Derek Brewer's fresh and narrative style of writing will appeal to all who are interested in Chaucer from sixth form and undergraduate students who are new to Chaucer's work through to more advanced students and lecturers      **Visual Power and Fame in René d'Anjou, Geoffrey Chaucer, and the Black Prince** S. Gertz, 2010-04-26 Reading semiotically against the backdrop of medieval mirrors of princes Arthurian narratives and chronicles this study examines how René d'Anjou 1409-1480 Geoffrey Chaucer's House of Fame ca 1375-1380 and Edward the Black Prince 1330-1376 explore fame's visual power While very different in approach all three individuals reject the classical suggestion that fame is bestowed and understand that particularly in positions of leadership it is necessary to communicate effectively with audiences in order to secure fame This sweeping study sheds light on fame's intoxicating but deceptively simple promise of elite glory      **Scribes of Space** Matthew Boyd Goldie, 2019-03-15 Scribes of Space posits that the conception of space the everyday physical areas we perceive and through which we move underwent critical transformations between the thirteenth and fifteenth centuries Matthew Boyd Goldie examines how natural philosophers theologians poets and other thinkers in late medieval Britain altered the ideas about geographical space they inherited from the ancient world In tracing the causes and nature of these developments and how geographical space was consequently understood Goldie focuses on the intersection of medieval

science theology and literature deftly bringing a wide range of writings scientific works by Nicole Oresme Jean Buridan the Merton School of Oxford Calculators and Thomas Bradwardine spiritual poetic and travel writings by John Lydgate Robert Henryson Margery Kempe the Mandeville author and Geoffrey Chaucer into conversation This pairing of physics and literature uncovers how the understanding of spatial boundaries locality elevation motion and proximity shifted across time signaling the emergence of a new spatial imagination during this era      **Geoffrey Chaucer** Steve Ellis, 1996 A fresh study of Chaucer which embraces modern critical theory to provide a stimulating re evaluation of the full range of his work Feminist criticism and the work of Bakhtin receive particular attention and new readings that reconsider the political and social context of his writings are also discussed
