Thompson,1928 *The Impossible Fairy Tale* Yu-ju Han,2017-03-07 A chilling wildly original novel from a major new voice from South Korea The Impossible Fairy Tale is the story of two unexceptional grade school girls Mia is lucky she is spoiled by her mother and as she explains her two fathers She gloats over her exotic imported color pencils and won t be denied a coveted sweater Then there is the Child who by contrast is neither lucky nor unlucky She makes so little impression that she seems not even to merit a name At school their fellow students whether lucky or luckless or unlucky seem consumed by an almost murderous rage Adults are nearly invisible and the society the children create on their own is marked by cruelty and soul crushing hierarchies Then one day the Child sneaks into the classroom after hours and adds ominous sentences to her classmates notebooks This sinister but initially inconsequential act unlocks a series of events that end in horrible violence But that is not the end of this eerie unpredictable novel A teacher who is also this book s author wakes from an intense dream When she arrives at her next class she recognizes a student the Child who knows about the events of the novel s first half which took place years earlier Han Yujoo s The Impossible Fairy Tale is a fresh and terrifying exploration of the ethics of art making and of the stinging consequences of neglect
