The Historians Of Greece And Rome:

The Historians of Greece and Rome Stephen Usher,1970 The Historians of Greece and Rome Stephen Usher,1985
Our understanding of Greek and Roman civilization is in considerable measure a product of the intelligence and literary skills of its historians Writing at different times and from different vantage points the surviving historians illustrate the influences to which the genre was subjected in the course of its development After Herodotus had established history as an independent form of literature Thucydides defined its purpose and set a high standard of scientific and literary skill Xenophon introduced new and abiding characteristics and Polybius repudiated the influences of rhetoric and drama and introduced Hellenistic qualities and an new focus Rome Sallust Caesar Tacitus and Livy among others commented on the affairs of the Roman Republic and Empire This book provides a survey of the historians of the ancient Greek and Roman world exporing their surviving work style and influences Bloomsbury Publishing **The historians of Greece and Rome** Stephen Usher,
Greek Historians John Marincola,2001-12-13 This survey of more recent work on Herodotus Thucydides and Polybius synthesises some of the most important research from the last few decades **The Ancient Historians** Michael Grant,1994 Grant offers a study of the primary historians of Greece and Rome discussing the works and methods of the founders of the historical discipline These philosophers studied history as a moral discipline that bears meaningfully not only on the past but on future human conduct The Greek and Roman Historians Tim Duff,2003-06-27 This volume traces the development of conceptions of history and its practice from Homer to the writers of the Roman Empire It serves as an introduction to the great historians of the ancient world and contains sections on Herodotos Thucydides Xenophon Polybios Sallust Livy Velleius Tacitus Suetonius Plutarch Arrian and Dio as well as on some other historians whose work now survives only in fragments Brief analyses of the events which form the background to each historian s work set the writers in their historical context Each section is self contained and may be read on its own but specific attention is paid to links between the different historians and the ways in which they were influenced by or competed with one another **BOOK JACKET The Greek Historians** Torrey James Luce,1997 The Greeks invented history as a literary genre in the fifth century BC This book follows the development of history from Herodotus via Thucydides Xenophon and Polybius until the Hellenistic age The Nature of History in Ancient Greece and Rome Charles W. Fornara,2024-03-29 This title was originally published in 1983 This title was originally published in 1983 **Greek and Roman Historians** Michael Grant,1995 The author argues that the writings of ancient historians such as Herodotus Thucydides and Tacitus are full of misinformation and should be interpreted with care and even suspicion **Latin Historians** Christina Shuttleworth Kraus,A. J. Woodman,1997-07-03 The histories of Rome by Sallust Livy Tacitus and others shared the desire to demonstrate their practical applications and attempted to define the significance of the empire Politics and military activity were the central subjects of these histories Roman historians claims to telling the truth probably meant they were denying bias rather than conforming to the modern tendency to be objective
