The History Of Florence And Other Selections:

Machiavelli: The History of Florence Niccolò Machiavelli, 1970 **The History of Florence and Other Selections** Niccolò Machiavelli, 1970 Italian Literature before 1900 in English Translation Robin Healey, 2011-12-15 Italian Literature before 1900 in English Translation provides the most complete record possible of texts from the early periods that have been translated into English and published between 1929 and 2008 It lists works from all genres and subjects and includes translations wherever they have appeared across the globe In this annotated bibliography Robin Healey covers over 5 200 distinct editions of pre 1900 Italian writings Most entries are accompanied by useful notes providing information on authors works translators and how the translations were received Among the works by over 1 500 authors represented in this volume are hundreds of editions by Italy's most translated authors Dante Alighieri Machiavelli and Boccaccio and other hundreds which represent the author's only English translation A significant number of entries describe works originally published in Latin Together with Healey's Twentieth Century Italian Literature in English Translation this volume makes comprehensive information on translations accessible for schools libraries and those interested in comparative literature

The Oxford Guide to Literature in English Translation Peter France, 2000 Translation has been a crucial process in world culture over the past two millennia and more In the English speaking cultures many of the most important texts are translations from Homer to Beckett the Bible to Freud Although recent years have seen a boom in translation studies there has been no comprehensive yet convenient guide to this essential element of literature in English Written by eminent scholars from many countries the Oxford Guide to Literature in English Translation meets this need and will be essential reading for all students of English and comparative literature It highlights the place of translation in our culture encouraging awareness of the issues raised making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Korean from Swahili to Russian For some works e g Virgil's Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available The Guide is divided into two parts Part I contains substantial essays on theoretical questions a pioneering outline of the history of translation into English and discussions of the problems raised by specific types of text e g poetry oral literature The second much longer part consists of entries grouped by language of origin some are devoted to individual texts e g the Thousand and One Nights or writers e g Ibsen Proust but the majority offer a critical overview of a genre e g Chinese poetry Spanish Golden Age drama or of a national literature e g Hungarian Scottish Gaelic There is a selective bibliography for each entry and an index of authors and translators **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1972 *Machiavelli and the Modern State* Alissa M. Ardito, 2021-02-11 This book offers a significant reinterpretation of the history of republican

political thought and of Niccol Machiavelli's place within it. It locates Machiavelli's political thought within enduring debates about the proper size of republics. From the sixteenth century onward as states grew larger it was believed only monarchies could govern large territories effectively. Republicanism was a form of government relegated to urban city states anachronisms in the new age of the territorial state. For centuries history and theory were in agreement constructing an extended republic was as futile as trying to square the circle but then James Madison devised a compound representative republic that enabled popular government to take on renewed life in the modern era. This work argues that Machiavelli had his own Madisonian impulse and deserves to be recognized as the first modern political theorist to envision the possibility of a republic with a large population extending over a broad territory.

The Great Pictorial History of World Crime Jay Robert Nash, 2004-04-29 The vast and mysterious world of criminals from ancient times through the 21st century is vividly captured in *The Great Pictorial History of World Crime*. This unique and staggering reference work chronicles every major criminal act from every era. A definitive reference source to worldwide crime this unparalleled survey is organized into sixteen chapters: Assassination, Bigamy, Burglary, Cannibalism, Celebrity Slayings, Drugs, Fraud, Gangs, Gangsters and Organized Crime, Kidnapping, Mass Murder, Piracy, Robbery, Secret Criminal Societies, Serial Killers, Terrorism, Unsolved Homicides. Each chapter begins with an essay that introduces the topic and provides a concise overview of the historical, social and political significance of the crime. Subjects are further developed crime by crime through descriptive entries covering the criminal acts, modus operandi, criminal background information and motives along with insightful anecdotes. In addition to being a being a vital and informative historical and sociological reference work *The Great Pictorial History of World Crime* features more than 2,500 illustrations. More than a chronicle of chilling events these two volumes provide gripping reading for anyone interested in true crime, law enforcement, criminology and criminal justice.

Political Murder Franklin L. Ford, 1985 Ford's exploration of calculated personalized assassination draws on history, literature, law, philosophy, sociology and religion. Addressing the vast array of cases and combing thousands of years of history he asks most of all whether assassination works.

Guardians of Republicanism Mark Jurdjevic, 2008-03-06 *Guardians of Republicanism* examines the relationship between the Valori family and the political and intellectual evolution of the Florentine Renaissance. Following the family's fortunes over five generations Jurdjevic retraces its involvement in the political struggles that marked this turbulent period in the history of Florence.

Interpreting the Political Terrell Carver, Matti Hyvarinen, 2013-02-01 Uses linguistic and semiotic analytical techniques to interrogate the use of language in the construction of political discourses. An impressively broad range of methodologies is used each to explore a substantive political issue.

The Garments of Court and Palace Philip Bobbitt, 2013-07-09 A serious and thoughtful interpretation of Machiavelli's life and thought and its relevance today from the acclaimed author of *Terror and Consent*. The Times London Constitutional scholar Philip Bobbitt turns his expert attention to the life and work of Niccolò Machiavelli the sixteenth century political philosopher whose classic text *The Prince* remains one

of the most important and controversial works of political theory ever written In *The Garments of Court and Palace* Bobbitt argues that the perception of Machiavelli's *Prince* as a ruthless immoral tyrant stems from mistranslations political agendas and readers who overlooked the philosopher's earlier work *Discourses on Livy* He explains that Machiavelli was instead advocating for rulers to distinguish between their personal ethos and state governance Rather than a mirror book advising rulers *The Prince* prophesied the end of the feudal era and the birth of the neoclassical state Using both Renaissance examples and cases drawn from the current era Bobbitt shows Machiavelli's work is both profoundly moral and inherently constitutional a turning point in our understanding of the relation between war law and the state

A Reader's Companion to The Prince, Leviathan, and the Second Treatise John T. Bookman, 2018-12-28 Machiavelli Hobbes and Locke each sought a new foundation for political order This book serves as a reader's companion to Machiavelli's *The Prince* Hobbes's *Leviathan* and Locke's *Second Treatise* written for graduate students and scholars seeking a fuller understanding of these classic texts How do these philosophers respond to perennial questions such as why anyone is ever obligated to obey a government and whether there are any limits to such an obligation In this book Bookman begins by sorting out the hermeneutical controversy between textualists and contextualists offers a chapter by chapter commentary on the texts punctuated by questions for the reader's reflection and finally suggests a firmer foundation for a theory of political obligation than Hobbes's and Locke's consent theories Also included are bibliographical essays keyed to select bibliographies providing readers with a wide ranging critical review of the secondary literature Intended to be read alongside the primary work the work is a full intellectual critical and bibliographical history as well as a fresh examination of three classic texts in political theory and philosophy

The Risk Theatre Model of Tragedy Edwin Wong, 2019 WHEN YOU LEAST EXPECT IT BIRNAM WOOD COMES TO DUNSINANE HILL *The Risk Theatre Model of Tragedy* presents a profoundly original theory of drama that speaks to modern audiences living in an increasingly volatile world driven by artificial intelligence gene editing globalization and mutual assured destruction ideologies Tragedy according to risk theatre puts us face to face with the unexpected implications of our actions by simulating the profound impact of highly improbable events In this book classicist Edwin Wong shows how tragedy imitates reality heroes by taking inordinate risks trigger devastating low probability high consequence outcomes Such a theatre forces audiences to ask themselves a most timely question what happens when the perfect bet goes wrong Not only does Wong reinterpret classic tragedies from Aeschylus to O'Neill through the risk theatre lens he also invites dramatists to create tomorrow's theatre As the world becomes increasingly unpredictable the most compelling dramas will be high stakes tragedies that dramatize the unintended consequences of today's risk takers who are taking us past the point of no return

Fortune Is a Woman Hanna Fenichel Pitkin, 1999-10-15 Hanna Pitkin's study of Machiavelli was the first to place gender systematically at the center of its exploration of his political thought Rife with contradictions Machiavelli's writings have led commentators to characterize him as everything from a civic republican to a proto fascist

Acknowledging these contradictions Pitkin shows that they reflect three distinct ways of thinking about politics each of which is tied to a different understanding of manhood In a new Afterword Pitkin discusses the book's critical reception and situates its arguments in the context of recent interpretations of Machiavelli's thought Jacket **What is to be Done?** Louis Althusser, 2020-10-06 What is to be done This was the question asked by Lenin in 1901 when he was having doubts about the revolutionary capabilities of the Russian working class 77 years later Louis Althusser asked the same question Faced with the tidal wave of May 68 and the recurrent hostility of the Communist Party towards the protests he wanted to offer readers a succinct guide for the revolution to come Lively brilliant and engaged this short text is wholly oriented towards one objective to organise the working class struggle Althusser provides a sharp critique of Antonio Gramsci's writings and of Eurocommunism which seduced various Marxists at the time But this book is above all the opportunity for Althusser to state what he had not succeeded in articulating elsewhere what concrete conditions would need to be satisfied before the revolution could take place Left unfinished it is published here in English for the first time *A Life with Mary Shelley* Barbara Johnson, 2014-07-16 In 1980 deconstructive and psychoanalytic literary theorist Barbara Johnson wrote an essay on Mary Shelley for a colloquium on the writings of Jacques Derrida The essay marked the beginning of Johnson's lifelong interest in Shelley as well as her first foray into the field of women's studies one of whose commitments was the rediscovery and analysis of works by women writers previously excluded from the academic canon Indeed the last book Johnson completed before her death was *Mary Shelley and Her Circle* published here for the first time Shelley was thus the subject for Johnson's beginning in feminist criticism and also for her end It is surprising to recall that when Johnson wrote her essay only two of Shelley's novels were in print critics and scholars having mostly dismissed her writing as inferior and her career as a side effect of her famous husband's Inspired by groundbreaking feminist scholarship of the seventies Johnson came to pen yet more essays on Shelley over the course of a brilliant but tragically foreshortened career So much of what we know and think about Mary Shelley today is due to her and a handful of scholars working just decades ago In this volume Judith Butler and Shoshana Felman have united all of Johnson's published and unpublished work on Shelley alongside their own new insightful pieces of criticism and those of two other peers and fellow pioneers in feminist theory Mary Wilson Carpenter and Cathy Caruth The book thus evolves as a conversation amongst key scholars of shared intellectual inclinations while closing the circle on Johnson's life and her own fascination with the life and circle of another woman writer who of course also happened to be the daughter of a founder of modern feminism **Imago Triumphalis** Margaret Ann Zaho, 2004 *Imago Triumphalis* The Function and Significance of Triumphal Imagery for Renaissance Rulers examines how independent rulers in fifteenth century Italy used the motif of the Roman triumph for self aggrandizement and personal expression Triumphal imagery replete with connotations of victory and splendor was recognized during the Renaissance as a reflection of the glory of classical antiquity Its appeal as a powerful visual bearer of meaning is evidenced by its appearance as a dominant theme in

literature architecture and art Rulers such as Alfonso of Aragon Federico da Montefeltro Sigismondo Malatesta and Borso d Este chose to incorporate the triumphal motif in major artistic commissions in which they were represented They recognized that the image of the triumph could retain its classical associations while functioning as a highly personalized commentary

Machiavelli Cary J. Nederman,2012-12-01 Liberal thinker or immoral pragmatist You decide Machiavelli has been among the most commented upon criticized and feared thinkers of the modern world Infamous for his support of brutality and repression as valid political instruments he is often portrayed as the pantomime villain of political theorists In this whirlwind tour of Machiavelli s writings and eventful life Nederman highlights the complexities in his thought showing that he actually advocated democracy as much as dictatorship debate as much as violence depending upon prevailing political conditions

National Union Catalog ,1983 *Sprezzatura* Peter D'Epiro,Mary Desmond Pinkowish,2001-10-02 A witty erudite celebration of fifty great Italian cultural achievements that have significantly influenced Western civilization from the authors of What Are the Seven Wonders of the World Sprezzatura or the art of effortless mastery was coined in 1528 by Baldassare Castiglione in The Book of the Courtier No one has demonstrated effortless mastery throughout history quite like the Italians From the Roman calendar and the creator of the modern orchestra Claudio Monteverdi to the beginnings of ballet and the creator of modern political science Niccol Machiavelli Sprezzatura highlights fifty great Italian cultural achievements in a series of fifty information packed essays in chronological order

Yeah, reviewing a book **The History Of Florence And Other Selections** could ensue your near links listings. This is just one of the solutions for you to be successful. As understood, feat does not recommend that you have astonishing points.

Comprehending as well as accord even more than further will give each success. bordering to, the message as capably as perception of this The History Of Florence And Other Selections can be taken as well as picked to act.
