When he had been at school for about three weeks the boys called him Six fingered Jack but his real name was Willie for his father and mother gave it him not William but Willie after a brother of his father who died young and had always been called Willie His name in full was Willie Macmichael It was generally pronounced Macmickle which was by a learned anthropologist for certain reasons about to appear in this history supposed to have been the original form of the name dignified in the course of time into Macmichael It was his own father however who gave him the name of Gutta Percha Willie the reason of which will also show itself by and by Mr Macmichael was a country doctor living in a small village in a thinly peopled country the first result of which was that he had very hard work for he had often to ride many miles to see a patient and that not unfrequently in the middle of the night and the second that for this hard work he had very little pay for a thinly peopled country is generally a poor country and those who live in it are poor also and cannot spend much even upon their health But the doctor not only preferred a

country life although he would have been glad to have richer patients and within less distances of each other but he would say to any one who expressed surprise that with his reputation he should remain where he was What s to become of my little flock if I go away for there are very few doctors of my experience who would feel inclined to come and undertake my work I know every man woman and child in the whole country side and that makes all the difference You see therefore that he was a good kind hearted man and loved his work for the sake of those whom he helped by it better than the money he received for it
