*The First of Causes to Our Sex* Daniel S. Wright,2006-09-12 The First of Causes to Our Sex is a study of the first movement in the United States for social change by and for women Female moral reform in the 1830s and 40s was a campaign to abolish sexual vice and the sexual double standard and to promote sexual abstinence among the young as they entered the marriage market The movement has earned a place in U S women s history but most research has focused on it as an urban phenomenon and sought its significance in relation to the cause of women s rights or to the regulation of prostitution This study explores the appeal of moral reform to rural women who were the vast majority of its constituency and sees it as a response to seminal changes in family formation and family size in the context of an increasingly market oriented and mobile society It was led by Yankee women who were fired by Second Great Awakening revivals and supported by reformist clergy      **Keene** Alan F. Rumrill,1995-07-01 Keene has a history as fascinating and diverse as it is long It has changed a great deal in the last 140 years growing from a small village in the 1850s to the industrial and commercial center

of the Currier and Ives corner of New Hampshire by the 1960s Yet while many tremendous and sometimes tumultuous changes have taken place in Keene the proud spirit of its people and the rural beauty of the surrounding area have remained constant proving that a balanced combination of history and change can be a recipe for success as the twentieth century draws to a close and we enter an almost unthinkably different twenty first
