insight in *The New Tunisian Crochet*      **The Art of Mary Linwood** Heidi A. Strobel, 2023-11-30 *The Art of Mary Linwood* is the first book on Leicester textile artist Mary Linwood 1755-1845 and catalogue of her work. When British textile artist and gallery owner Mary Linwood died in 1845 just shy of 90 years old, her estate was worth the equivalent of 5,199,822 in today's currency. As someone who made but did not sell embroidered replicas of famous artworks after artists such as Gainsborough, Reynolds, Stubbs and Morland, how did she accumulate so much money? A pioneering woman in the male-dominated art world of late Georgian Britain, Linwood established her own London gallery in 1798 that featured copies of well-known paintings by these popular artists. Featuring props and specially designed rooms for her replicas, she ensured that her visitors had an entertaining, educational and kinetic tour similar to what Madame Tussaud would do one generation later. The gallery's focus on picturesque painters provided her London visitors with an idyllic imaginary journey through the countryside. Its emphasis on quintessentially British artists provided a unifying focus for a country that had recently emerged from the threat of Napoleonic invasion. This book brings to the fore Linwood's gallery guides and previously unpublished letters to her contemporaries such as Birmingham inventor Matthew Boulton and Queen Charlotte. It also includes the first and only catalogue of Linwood's extant and destroyed works. By examining Linwood's replicas and their accompanying objects through the lens of material culture, the book provides a much-needed contribution to the scholarship on women and cultural agency in the early 19th century.

*Art Needlework and Embroidery Transfers 1870-1970* Molly Proctor, 2009-10-03 Molly Proctor, notable collector of historical needlework and author of *Needlework Tools and Accessories: A Collector's Guide* and *Victorian Canvas Work*, Berlin Wool Work has now turned her attention to the hitherto neglected field of needlework stitched from printed transfers. Proctor interviewed workers, many of whom are now dead, connected with the transfer print industry and reveals a history of patent disputes, Victorian patterns, Art Deco and Art Nouveau artists' needle etchings, occupational therapy for wounded soldiers, even a soldier stitching at Dunkirk while waiting for rescue. Illustrated throughout with beautiful colour photographs, this is a book both to inform the historian and inspire the needlewoman.

*Artifacts of the Spanish Colonies of Florida and the Caribbean, 1500-1800* Kathleen Deagan, 2023-08-08 This long-awaited follow-up to Deagan's first volume on ceramics, glassware and beads focuses on the portable personal objects owned and used by the residents of Spanish colonial America. These objects are not only of Spanish origin; the collection includes many English, French, Dutch, German, Italian and American pieces as well. Deagan not only provides an authoritative source of identification for these items but also draws extensively on colonial documents, travel accounts, paintings and museum collections as well as other contemporary sources to suggest specific functions of the items and the meanings they held for the people who used them. She documents and demonstrates how the objects were made and exchanged in the Americas and explores how they embody Hispanic cultural identities, attitudes and belief systems.
