The Hollow Earth Enigma Alec Maclellan, 2013-02-01 In the first detailed investigation of a legendary belief that can be traced back to the dawn of time the bestselling author of The Lost World of Agharti examines the possibility of an inner world a hollow Earth which could explain some of the greatest mysteries of our time Was this hollow Earth inhabited before mankind set foot on the planet s surface Did the people of Atlantis and Mu take refuge there when catastrophe overtook them Do UFOs come not from outer space from inside our own Earth Bringing together years of painstaking research Alec Maclellan looks not only at the persistent historical tradition but at the work of great scientists such as Edmond Halley and Leonhard Euler infamous figures such as Cotton Mather and Adolf Hitler and extraordinary researchers each of who has devised an explanation for the legend There have been men who claimed to have visited the Hollow Earth and provided eye witness accounts of their journeys Most thought provoking of all is the vast amount of scientific evidence in support of the Hollow Earth concept including explorers reports of polar entrances backed up by remarkable satellite photographs and evidence from unmanned spacecraft that other planets in our solar system may be hollow too With many rare photographs The Hollow Earth Enigma explains how this extraordinary legend has captivated our imagination and how despite its dismissal by science

The Hollow Earth Raymond W. Bernard, 1969 This controversial book claims that flying saucers not only exist but that they are the vehicles of a super race that lives in a huge underground world whose entrance is in the earth s North Pole

The Hollow Earth: the Greatest Geographical Discovery in History Raymond Bernard, Gray Barker, 2015-11-22 New Saucerian proudly presents an official reprint of the cult classic The Hollow Earth first published by Gray Barker s Saucerian Press This edition is an exact facsimile of the original featuring delightful period art and several enlightening personal letters from the author Raymond Bernard Ph D to Barker rare correspondence not found in other editions In these pages Bernard claims that flying saucers not only exist but that they are the vehicles of a super race that lives in a huge underground world whose entrance is at the earth s north and south poles In essence the earth is really a fat donut with little holes at the top and bottom The seawater and geographical forms stays in place as the surface of the donut curves inward and upside down

held in place by gravity Not so kooky when you think about it These extraterrestrials are actually our ancestors and they are from the Inner Earth or Agharta Admiral Byrd s epic 1700 mile flight into the North Polar opening startled those privy to the information leading to an official naval hush up of anyone knowing the truth Those who know too much about flying saucers have been targeted ever since [Our Hollow Earth](#) ,2019-05-23 THE EARTH IS HOLLOW AND WE HAVE THE PHOTOS TO PROVE IT WE ARE NOT ALONE ON THIS PLANET OTHERS ARE HERE There is said to be a vast world beneath our feet a civilization located at the innermost core of our planet Some call it the Hollow Earth or the Inner Earth It has been described as a virtual paradise by some and a horrifying hellish nightmare by others Doorways into this mystery realm have been sought for centuries Some say they have actually slipped inside our planet A number have given extraordinary accounts of their voyage while others have vanished never to be seen by another living soul again Frankly the text books according to the experts consulted for this volume are all wrong For if you think life exists only on the surface of the planet you have been listening to the party line way too long There are those who see the Earth as being multilayered and that what goes on above definitely goes on below and maybe more so to the extreme Many have been led to believe that the first tale of a voyage inside our hollow globe was told by Jules Verne Journey To The Center Of The Earth is the exciting story of a group of adventurers who are dying of hunger and thirst in the dark caverns below They encounter prehistoric beasts before arriving at their destination thousands of miles beneath our planet s surface The tale was science fiction or was it Soon others were to come forward to relate their own perilous adventures in the dark dimensions beneath our feet But Verne had NOT been the first writer to use this as a basis for his tale Whether he had simply invented the story or based it upon rumors that were making the rounds in Europe stories saying that the center of the planet was not furnace like but a beautiful otherworldly paradise in the category of an Eden as it would be described Biblically In fact more than a hundred years before a Norwegian scholar wrote a tome that has almost been forgotten in the centuries that have passed In this work he spoke of a weird variety of intelligent beings who interacted with the hero of his story A full translation of this RARE work is presented here in polished English for today s student of the Hollow Earth theory There are also to be found tales of fifteen foot giants a variety of hideous monsters and ten foot tall reptilians living underground who inhabit a vast tunnel system constructed by a civilization that departed thousands upon thousands of years ago from the surface of the planet after the air aboveground became highly radioactive There is evidence that the governments and the militaries of various nations know of the existence of this Inner World but keep it a closely guarded secret These official agencies are also aware that the objects we know as UFOs originate from inside this Inner World and that a privileged group of Nazis escaped to the Hollow Earth through entrances at the South Pole America s aviation ace Admiral Richard Byrd ventured across this icy hidden stronghold but left without confronting the potential menace concealed there There are even possible links to the assassination of John F Kennedy associated with the Inner Earth Yes there were giants in the Earth in Biblical times and they possibly still exist not
