The Homosexualization Of America:

The Homosexualization of America Dennis Altman, 1983 Esta obra trata el tema de la homosexualidad poniendo énfasis en dos aspectos el surgimiento de los homosexuales como una nueva minoría con su propia cultura estilo de vida movimiento político y reivindicación de legitimidad y por otra parte el impacto de esta minoría en la sociedad de su entorno En un país donde la gente se identifica mediante referencias de etnicidad y religión no es sorprendente que los homosexuales se vean asimismos como un grupo étnico y pidan su reconocimiento *Homosexuality and Government, Politics and Prisons* Wayne R. Naughty Girls and Gay Male Romance/Porn: Slash Fiction, Boys' Love Manga, and Other Works by Female "Cross-Voyeurs" in the U.S. Academic Discourses Carola Katharina Bauer, 2013-05-17 Despite the fact that there actually exists a large number of pornographic and romantic texts about male homosexuality consumed and produced by American women since the 1970s the abnormality of those female cross voyeurs is constantly underlined in U S popular and academic culture As the astonished public reactions in the face of a largely female heterosexual audience of *Brokeback Mountain* 2005 and *Queer as Folk* 2000 2005 have shown a woman's erotic romantic interest in male homosexuality is definitely not as accepted as its male counterpart men consuming lesbian porn In the academic publications on female cross voyeurs the application of double standards with regard to male female cross voyeurism is even more obvious As Karen Hellekson and Kristina Busse note in their Introduction to Fan Fiction and Fan Communities in the Internet 2006 slash fiction fan fiction about male homosexual relationships mainly produced and consumed by women has stood in the center of fan fiction studies so far despite being merely a subgenre of it The reason for this seems to be an urge to explain the underlying motivations for the fascination of women with m m romance or pornography within the academic discourse a trend which differs completely from the extremely under theorized complex of men interested in lesbians It is this obvious influence of conventional gender stereotypes on the perception of these phenomena that provokes me to examine the way in which the works of female cross voyeurism and their consumers producers are conceptualized in the U S scholarly accounts In many ways this thesis explores unknown territories and respectively tries to take a closer look at academic problems that have not been adequately addressed yet Forging Gay Identities Elizabeth A. Armstrong, 2002-12-15 Unlike many social movements the gay and lesbian struggle for visibility and rights has succeeded in combining a unified group identity with the celebration of individual differences *Forging Gay Identities* explores how this happened tracing the evolution of gay life and organizations in San Francisco from the 1950s to the mid 1990s Gender and Rights Carol Sanger, 2017-11-28 *Gender and Rights* presents twenty five essays by leading international scholars and advocates the relationship between rights and gender inequality The essays are organized into six categories rights sources of harm and well being work family violence and political process and participation Particular attention is paid throughout to the relationship between cultural practices and

legal rights The volume also highlights the conceptual and the political development of rights claims and rights regimes for women and sexual minorities The essays therefore focus not only on the theoretical justifications for rights but also on the contextual complexities of their enactment implementation enforcement and consequences Queer Theory Annamarie Jagose,1996 This Major Reference series brings together a wide range of key international articles in law and legal theory Many of these essays are not readily accessible and their presentation in these volumes will provide a vital new resource for both research and teaching Each volume is edited by leading international authorities who explain the significance and context of articles in an informative and complete introduction **After Homosexual** Carolyn D'Cruz,Mark Pendleton (Lecturer),2014 Forty years after the publication of Dennis Altman s classic Homosexual Oppression and Liberation this collection of memoir political reflection and creative non fiction brings together an exemplary line up of writers spanning generations that have both shaped and inherited the legacy of gay liberation and its intersections with other social movements Page 4 of cover **The Antigay Agenda** Didi Herman,2007-12-01 In The Antigay Agenda Didi Herman probes the values beliefs and rhetoric of the organizations of the Christian Right Tracing the emergence of their antigay agenda Herman explores how and why these groups made antigay activity a top priority and how it relates to their political history A penetrating analysis of the Christian Right s antigay agenda and of how that agenda is derived from the Christian Right s peculiar vision of American history and the Christian faith Rev Peter J Gomes Boston Book Review Public intellectualism at its best A comprehensive summary of the conservative Protestant worldview Michael Joseph Gross Boston Phoenix Literary Section Presents considerable information not previously part of the nation s political discourse Herman dissects the Christian Right s antigay stance dispassionately giving as it were the devil his due For anyone on either side of this passionate and important conflict that is an impressive accomplishment Hastings Wyman Jr Washington Post Book World

A Church of Our Own R. Stephen Warner,2005 In this definitive collection of essays spanning fifteen years R Stephen Warner traces the development of the new paradigm interpretation of American religion Originally formulated in the 1990s in response to prevailing theories of secularization that focused on the waning plausibility of religion in modern societies the new paradigm reoriented the study of religion to a focus on communities subcultures new religious institutions and the fluidity of modern religious identities This perspective continues to be one of the most important driving forces in the field and one of the most significant challenges to the idea that religious pluralism inevitably leads to religious decline A leading sociologist of religion Warner shows how the new paradigm stresses the role that religion plays as a vehicle for the bonding and expression of communities within the United States a society founded on the principle of religious disestablishment and characterized by a diverse and mobile population Chapters examine evangelicals and Pentecostals gay and lesbian churches immigrant religious institutions Hispanic parishes and churches for the deaf in terms of this framework Newly written introductory and concluding essays set these groups within the broad context of the developing field A thoughtfully

Bearing Witness Philip M Kayal, 2018-02-19 BEARING WITNESS IS A STORY ABOUT HOPE a statement of faith in the human spirit By dint of circumstance it is two stories rolled into one On the one hand it is the tale of how volunteerism became the most necessary and reliable response to the political problems caused by AIDS and on the other it is a chronicle of how the gay community mobilized itself in the service of transformation to contain and resolve the social psychological and spiritual issues that the disease raised The Politics of Popular Representation Kenneth MacKinnon, 1992 These together with the emphasis on individual responsibility for health and material security not to mention resurgent machismo and a restored belief in the natural and unnatural help to explain the health disaster experienced in the United States United

Kingdom and elsewhere A review of English language cinematic entertainment of the eighties reveals that the health crisis was scarcely alluded to although such values as those of militarism masculinity and family loyalty were addressed whether supportively or critically It is the argument of this book that the HIV virus and AIDS are approached if at all only obliquely particularly within the genre of the horror film and especially through those films dealing with corporeality or with lethal challenges to the traditional nuclear family *Where Stuff Comes From* Harvey Molotch,2004-11-23 Molotch takes us on a fascinating exploration into the worlds of technology design corporate and popular culture We now see how corporations designers retailers advertisers and other middle men influence what a thing can be and how it is made We see the way goods link into ordinary life as well as vast systems of consumption economic and political operation The book is a meditation into the meaning of the stuff in our lives and what that stuff says about us *Who's Who in Contemporary Gay and Lesbian History Vol.2* Robert Aldrich,Garry Wotherspoon,2005-07-25 Who s Who in Contemporary Gay and Lesbian History From World War II to the Present Day provides a comprehensive modern biographical survey of homosexuality in the Western world Among those included are Controversial political activists Peter Tatchell Guy Hocquenghem Harvey Milk Pop icons David Bowie k d lang Boy George Groundbreaking artists writers and filmmakers Pier Paolo Pasolini Derek Jarman David Hockney Intellectuals who have shaped and changed the modern understanding of sexuality Michel Foucault Simone de Beauvoir Alfred Kinsey Over 500 entries clear informative and enjoyable to read build up a superbly thorough overview of gay and lesbian life in our time *Laboring for Rights* Gerald Hunt,2009 A global look at labor unions and sexual minorities
