containing the full population of the United States at that time sixty million people he also thought that the city could accept another thirty million in future population growth Gillette wanted the buildings of Metropolis to be built of porcelain for endurance and cleanliness His thinking on this point may have been influenced by the famous White City of the World s Columbian Exposition of 1893 Gillette favored circular buildings even for residences 25 floor apartment complexes and a hexagonal street plan Though the details of his plan were highly specific Gillette was not rigidly committed to them in a future revised version he would switch to a circular shape for his city and raise the apartment buildings to 50 stories The text of *The Human Drift* was accompanied with abundant illustrations and plans a graph of the Educational and Industrial Pyramid and other features of Gillette s scheme His book is important for the attention it received in its time though today it is a curiosity John Griffith Jack London born John Griffith Chaney January 12 1876 November 22 1916 was an American novelist journalist and social activist John Griffith Jack London born John Griffith Chaney January 12 1876 November 22 1916 was an American novelist journalist and social activist A pioneer in the then burgeoning world of commercial magazine fiction he was one of the first fiction writers to obtain worldwide celebrity and a large fortune from his fiction alone including science fiction Some of his most famous works include *The Call of the Wild* and *White Fang* both set in the Klondike Gold Rush as well as the short stories *To Build a Fire* *An Odyssey of the North* and *Love of Life* He also wrote of the South Pacific in such stories as *The Pearls of Parlay* and *The Heathen* and of the San Francisco Bay area in *The Sea Wolf* London was part of the radical literary group *The Crowd* in San Francisco and a passionate advocate of unionization socialism and the rights of workers He wrote several powerful works dealing with these topics such as his dystopian novel *The Iron Heel* his non fiction expos *The People of the Abyss* and *The War of the Classes* **The Human Drift** Jack London,1917 The history of civilisation is a history of wandering sword in hand in search of food **The Complete Poetry of Jack London** Jack London,2007 *The Human Drift (1917): Short Stories Collection* Jack London,2018-10-09 John Griffith London born John Griffith Chaney January 12 1876
