The Sir Winston Method James C. Humes,1993 Speaking As a Leader Judith Humphrey,2012-01-03 Make every communication count with a simple four step speaking model Whether it s among colleagues at lunch or an audience of a thousand a leader s role is to move and inspire others It s not only the big occasions that test a leader s mettle but the little ones as well in a casual conversation in the elevator in phone calls or one of many incidental seemingly insignificant interactions in everyday work life Written by one of the world s leading communications coaches Speaking as a Leader shows you how to make the most of your daily communications creating a presence on the job as a genuine and constant leader In this eye opening guide aspiring and established leaders can enhance their reputations and influence by following a few simple steps Speaking as a Leader Shows how to structure your thoughts and message in any situation using a four step model Offers tips on listening effectively in three dimensions Details why you are the best visual and how to avoid Death by PowerPoint Offers guidance on taking the numb out of numbers Includes tips on moving from subject to message With Speaking as a Leader you ll learn to tap into your innate leadership skills at every occasion whether small or large and earn the sort of respect that creates devoted friends and passionate supporters *Power in the Pulpit* Jerry Vines,James L. Shaddix,1999-06-10 The call to preach is just that a call to preach The call to preach however is more than just preaching The call to preach is a call to prepare Too many pastors have refrained from preparation while they await the Holy Spirit to do all of the work God expects preachers to prepare sermons as much as possible and allow Him to prepare the preachers Join Dr Jerry Vines and Dr Jim Shaddix as they achieve a balanced approach to teaching sermon preparation in Power in the Pulpit This book combines the essential perspectives of a pastor of forty years with another pastor who also devotes daily time to training pastors in the context of theological education Thus Power in the Pulpit is a practical preaching help from a pastoral perspective in the tradition where expository preaching is a paramount and frequent event in the life of the local church Power in the Pulpit is the combined work of Dr Vines s two earlier publications on preaching A Practical Guide to Sermon Preparation Moody Press 1985 and A Guide to Effective Sermon Delivery Moody Press 1986 Dr Shaddix carefully organizes and supplements the material to offer this useful resource which closes the gap between classroom theory and what a pastor experiences in his weekly sermon preparation **The Four Speeches Every Leader Has to Know** Bård Norheim,Joar Haga,2019-05-21 This book provides a rhetorical manual for political and business leaders to motivate followers even in times of hardship It covers the fine art of persuasion and argues that there are four speeches every leader has to know the opening speech the executioner speech the consolation speech and the farewell speech The authors explore how leaders could speak in order to appear credible to an audience and they argue that the leader has to take on suffering and give meaning to the suffering people experience The book analyzes speeches from a wide variety of speakers including Sir Winston Churchill Barack Obama Nelson Mandela and Angela Merkel and ends with a rhetorical dictionary for leaders to

help readers familiarize themselves with helpful terms from rhetorical theory

The Three Fears Every Leader Has to Know Bård Norheim,Joar Haga,2022-08-05 Fear is an inescapable part of how human beings experience reality The impact of fear becomes particularly evident in a crisis When a crisis strikes be it a war a pandemic global warming or a financial crisis leaders are challenged to exercise sound judgement by speaking and acting This book argues that there are three fears every leader has to know apocalyptic fear political fear and private fear By appealing to these three fears in an adequate manner a leader s appeal to fear may serve a constructive purpose in a crisis

Speechwriting in Perspective Thomas H. Neale,Jean M. Bowers,2003 Writing for the spoken word is a special discipline it requires that speechwriters products be written primarily although not exclusively to be heard not read Speeches are better cast in simple direct and often short sentences that can be easily understood by listeners Rhetorical devices such as repetition variation cadence and balance are available to and should be used by the speechwriter It is important for speechwriters to analyse audiences according to factors such as age gender culture profession and income level size of audience political affiliation if any and on the occasion for or purpose of the speech Most effective speeches do not exceed 20 minutes in length After researching a topic speechwriters must prepare an outline from which the speech will be developed They should strive to maintain a clear theme throughout the speech Most speeches will have a three part structure consisting of an introduction a body and a conclusion The accepted style of contemporary American public address is natural direct low key casual and conversational This puts the listeners at ease and promotes a sense of community between the audience and speaker Punctuation should reflect the sound structure of the speech reinforcing the rhythm and pace of actual speech Clarity of expression is as important a consideration in speech grammar as rigid adherence to the rules for written law This book presents the essentials of speechwriting Preface **Speechwriting in Perspective A Brief Guide to Effective and Persuasive Communication** Thomas H Neale Public Speaking and Speechwriting Selected References Jean M Bowers Index
