Sixteen Months Of Indecision Slovak American Viewpoints Toward Compatriots And The Homeland From 19:

Sixteen Months of Indecision Gregory Curtis Ference, 1995 As the war continued emphasis changed to focus on assisting the Slovaks only Collections of goods and money were taken and a representative was sent to Canada to help gain the release of Slovaks imprisoned as enemy aliens Citing the Canadian example Slovak American leaders urged their compatriots to become American citizens Last the war caught the Slovaks in the United States by surprise Their political program centered on gaining equal rights in Hungary through legal means but a small group advocated instead a Czecho Slovak solution Although the Czecho Slovak concept gained momentum many Slovaks feared that they would lose their ethnic identity Cooperation initially did not occur in the United States When a Parisian organization of Czechs and Slovaks expressed its willingness to recognize the individuality of the Slovak people the American Slovaks quickly supported it An icy reception however by American Czechs destroyed any common ground

Choosing Slovakia Alexander Maxwell, 2009-09-07 The Slavs saw themselves as Hungarian citizens speaking Pan Slav and Czech dialects and yet were the origins of what would become in the twentieth century a new Slovak nation How then did Slovak nationalism emerge from multi ethnic Hungarian loyalism Czechoslovakism and Pan Slavism Here Alexander Maxwell presents the story of how and why Slovakia came to be

The Immigration History Newsletter , 1996 The Emperor and the Peasant Kenneth Janda, 2018-01-12 There was more to World War I than the Western Front This history juxtaposes the experiences of a monarch and a peasant on the Eastern Front Franz Josef I emperor of Austria Hungary was the first European leader to declare war in 1914 and was the first to commence firing Samuel Mozolak was a Slovak laborer who sailed to New York and fathered twins taken as babies and U S citizens to his home village before being drafted into the Austro Hungarian army and killed in combat The author interprets the views of the war of Franz Josef and his contemporaries Kaiser Wilhelm II and Tsar Nicholas II Mozolak s story depicts the life of a peasant in an army staffed by aristocrats and also illustrates the pattern of East European immigration to America

European Discourses on Rights Lubica Učník, 2003 By tracing the theoretical genealogy of such ideas as reason natural and historical rights the individual nation and the state Lubica U n k argues that we need to come to terms with the conceptual framework of the Enlightenment in order to understand the relationship between nationalism and liberalism The author claims that the foundation of our knowledge is embedded in the modern concept of the individual She argues that there are two different models of individualism One is predicated on the mechanistic universe of causation and defined by the idea of negative liberty the other theorises the individual as relational and hence social These two conceptions of the individual are tied to different concepts of rights The idea of nation is likewise contained in the notion of the individual Once again there are two possible approaches Using the example of the splitting of Czecho Slovakia the concept of historical right theorised by the German Historical School of Recht is elaborated After the First World War the idea of natural right as advanced by the Treaty of Versailles promised a sense of legality to all nations living in Central Eastern Europe Now two

concepts natural right and historical right provide a basis for the claim of each nation to its own state The complexity of the political situation in Europe after 1989 thus has to be interpreted differently **Czechoslovak History Newsletter** ,1996
