this area
like before
Stonehenge?

Long before the first people came to
live in this area, the land was covered
by a dense forest of trees and shrubs.
The area around Stonehenge was
a flat, open landscape with a few
small hills and valleys.

Over the years, the landscape has
changed. The forest has been
cleared, and the land has been
used for agriculture.

Today, the area around Stonehenge
is a mix of natural and man-made
features. The landscape is still
mostly flat, but there are some
hills and valleys.
