

A person is fishing on a calm lake at sunset. The sky is filled with soft, pinkish-orange clouds, and many birds are seen in flight. The mountains in the background are reflected in the still water. A quote is overlaid on the image.

The page is slowly turned, falls over to join the others, the ones already finished. It is still only a thin layer. Those still to be read are inexhaustible in comparison. But it is always another page finished, a portion of your life.

Deadly Secrets of Iranian Princes Pascal Mahvi, 2011 Every once in a while someone with unprecedented access to the truth lifts the veil in a memoir so stark and revealing that it has the power to reframe history and our perceptions of those who defined it Pascal Mahvi's book is one such to me The *Deadly Secrets of Iranian Princes* which spans three decades is Mahvi's candid account of his struggle growing up straddling two cultures and in the process reconciling his own identity both as an American and a descendant of Iranian royalty When the newly appointed Shah of Iran reaches out to Mahvi's father to become his chief advisor and confidante young Pascal is thrust into the controversial leader's elite inner sanctum during one of the most pivotal periods in history The author's story of survival is at once both riveting and poignant offering rare intimate glimpses of the Shah at his most human away from the glare of the spotlight It is also a window into the surprising strengths and frailties of some of the world's most famous celebrities from the deeply personal perspective of someone who unexpectedly finds himself an intimate part of their world Told through the eyes of a son forced to become a man against a backdrop of unimaginable danger and sacrifice *Deadly Secrets of Iranian Princes* is the front page story that hasn't been broken until now The revelations in this book from corporate treason and corrupt government to the surreal demands of being an insider in the shadow of a nuclear arms race are sure to ignite a firestorm of controversy especially for those whose betrayals will finally become public More than a news story at its heart *Deadly Secrets of Iranian Princes* is also a haunting testimonial to the complexities of extreme privilege and the unforgettable chronicle of one man's quest to honor his father

The Lieutenant's Musician Kathleen Hope, 2018-01-02 You were magnificent babe she said kissing him soundly on the lips He squeezed her waist pulling her closer to his big body His cheeks turned red at her praise and I knew then that she had been right about him He really was a modest sweet guy And he obviously loved her Thanks love he murmured before kissing

her back The dark haired man cleared his throat Mickey grinned at him Amber put her arms around his neck hugging him tightly You were fantastic too Cas As usual He slid his arms around her waist lifting her off the ground His eyes met mine over her shoulder and I stared back at him wishing it were me that he was holding like that I looked away from them and he let her go stepping back Amber turned back *Scribners Monthly*, 1873 **Sanctuary** Patrick Barrett, Susy

Flory, 2022-03-15 For decades his family rescued lost and forgotten donkeys in the Irish countryside He had no idea that one day the donkeys would rescue him Patrick Barrett grew up on the back of a donkey In the small village of Liscarroll the young boy helped his family run a sanctuary for abandoned and abused donkeys Struggling in school Patrick only felt truly accepted in the presence of these funny fuzzy touching animals It was like magic how he and the donkeys understood each other He became a true donkey whisperer reading their body language communicating with them in ways they could understand and teaching himself how to speak in their distinctive calls But when Patrick was of age he shipped out with the Irish Army and encountered unimaginable wartime horrors in Lebanon and Kosovo In the aftermath he returned home a broken man sinking into the depths of PTSD and addictions He believed nothing could save him But he hadn't counted on the donkeys Sanctuary is the remarkable true story of how faith turned one lost man's life around with the help of the rescue animals who loved him It's an antidote to despair and a call to hope revealing the beauty and wonder of Ireland as you've never seen it before **Felony Juggler: A Novel** Penn Jillette, 2025-05-06 From Penn Jillette of the legendary magic duo Penn a few decades later he would have been homeless but in 1973 he is just a street juggling hippie After roaming the country for a few years Poe settles in Philadelphia and masters his street act before ever growing crowds In time he runs all the busking around South Street like the don of a street performing mafia But his talent at manipulating crowds attracts the attention of a criminal organization who convince him to provide a diversion during a bank heist for a payday far greater than the coins he collects in his hat Things go south an innocent bystander is killed and this peace love talking hippie is now a felony murderer He splits town and goes into hiding but he can't resist the lure of the crowd and resurfaces under a pseudonym in Hibbing Minnesota drawing large crowds as a regular performer at a Renaissance Fair e Unfortunately his notoriety outs him to the criminal organization who believes he took something of importance from them during the heist Using all of the wit and misdirection that has made him the best street performer anyone has ever seen Poe must outsmart and outmaneuver them in order to return to the peaceful life of juggling Felony Juggler is an accurate depiction of the streets and street performing in the 1970s told with the excursive and a little too honest style of Penn Jillette who was just coincidentally in his own words a street juggler and carny trash in the 1970s Like his previous novel Random Jillette's intellectual curiosity twisting morality and honed stagecraft fuel a madcap narrative brimming with his renowned humor
