

The background of the image is a dark, starry night sky filled with numerous small, bright stars. Below the sky, there is a silhouette of a landscape featuring rolling hills and a flat field in the foreground. The hills are dark against the lighter sky, and some sparse vegetation is visible on their slopes.

Truths versus Shadows, or the Real and the False F. R. Waring, 1871 *The Methuen Drama Handbook of Interculturalism and Performance* Daphne Lei, Charlotte McIvor, 2020-04-02 *The Methuen Drama Handbook of Interculturalism and Performance* explores ground breaking new directions and critical discourse in the field of intercultural theatre and performance while surveying key debates concerning interculturalism as an aesthetic and ethical series of encounters in theatre and performance from the 1960s onwards The handbook's global coverage challenges understandings

of intercultural theatre and performance that continue to prioritise case studies emerging primarily from the West and executed by elite artists By building on a growing field of scholarship on intercultural theatre and performance that examines minoritarian and grassroots work the volume offers an alternative and multi vocal view of what interculturalism might offer as a theoretical keyword to the future of theatre and performance studies while also contributing an energized reassessment of the vociferous debates that have long accompanied its critical and practical usage in a performance context By exploring anew what happens when interculturalism and performance intersect as embodied practice The Methuen Drama Handbook of Interculturalism and Performance offers new perspectives on a seminal theoretical concept still as useful as it is controversial Featuring a series of indispensable research tools including a fully annotated bibliography this is the essential scholarly handbook for anyone working in intercultural theatre and performance and performance studies
