Social Conflicts And Collective Identities

Ying-Ying Zheng

Social Conflicts And Collective Identities:

Social Conflicts and Collective Identities Patrick G. Coy, Lynne M. Woehrle, 2000 Despite the ubiquity of conflict gaps remain in our knowledge of what influences its escalation and resolution How collective identity formation impacts social conflicts is taken up in this text ranging from church and community disputes to international trade disputes and wars

The Social Roots Of Basque Nationalism Alfonso Pérez-Agote, 2006-03-08 Translated by Cameron Watson and William A Douglass Foreword by William A Douglass The Basque people have preserved their ethnic identity and sense of themselves as a separate community despite centuries of repression diaspora and economic and social upheaval one of the most remarkable achievements in the history of the phenomenon we call nationalism In *The Social Roots of Basque Nationalism* sociologist Alfonso P rez Agote addresses the social mechanisms that Basques employed to sustain their ethnic identity under the Franco Regime and demonstrates how persecution actually encouraged the extension of Basque nationalist consciousness He also reveals how state political pressure radicalized one element of the Basque nationalist movement resulting in the formation of ETA an armed terrorist wing that itself became a mechanism for extending nationalist consciousness Finally he examines the subsequent changes in Basque nationalism following Franco s death and the extension of democracy in Spain which resulted in the institutionalization of the movement into an autonomous political power This work is based in part on interviews and polls with informants in the Basque Country and abroad eliciting such data as the role that family education social contacts and religious environment play in the evolution of political attitudes the place of violence in the Basque world view and contemporary political culture regional variations in Basque nationalism and the factors that contributed to the resilience of Basque nationalism in adapting to new historical conditions The result is a sophisticated discussion of the various ways in which Basque social reality is constituted and how this reality helps to create political culture Because P rez Agote situates his discussion within the broader frameworks of ethnic identity group dynamics and the nature of nationalism the book makes a significant contribution not only to our understanding of the Basques but to the broader study of the evolution of nationalism and the nation state political violence and the complicated transition of any society from dictatorship to democracy

Networks and Network Analysis for Defence and Security Anthony J.

Masys, 2014-02-10 *Networks and Network Analysis for Defence and Security* discusses relevant theoretical frameworks and applications of network analysis in support of the defence and security domains This book details real world applications of network analysis to support defence and security Shocks to regional national and global systems stemming from natural hazards acts of armed violence terrorism and serious and organized crime have significant defence and security implications Today nations face an uncertain and complex security landscape in which threats impact target the physical social economic and cyber domains Threats to national security such as that against critical infrastructures not only stem from man made acts but also from natural hazards Katrina 2005 Fukushima 2011 and Hurricane Sandy 2012 are examples highlighting the

vulnerability of critical infrastructures to natural hazards and the crippling effect they have on the social and economic well being of a community and a nation With this dynamic and complex threat landscape network analysis has emerged as a key enabler in supporting defence and security With the advent of big data and increasing processing power network analysis can reveal insights with regards to structural and dynamic properties thereby facilitating greater understanding of complex networks their entities interdependencies vulnerabilities to produce insights for creative solutions This book will be well positioned to inform defence security and intelligence professionals and researchers with regards to leading methodologies and approaches

Handbook of Conflict Analysis and Resolution Dennis J.D. Sandole, Sean Byrne, Ingrid Sandole-Staroste, Jessica Senehi, 2008-07-31 This major Handbook is a collection of work from leading scholars in the Conflict Analysis and Resolution CAR field The central theme is the value of interdisciplinary approaches to the analysis and resolution of conflicts

Understanding Peace and Conflict Through Social Identity Theory Shelley McKeown, Reeshma Haji, Neil Ferguson, 2016-06-17 This volume brings together perspectives on social identity and peace psychology to explore the role that categorization plays in both conflict and peace building To do so it draws leading scholars from across the world in a comprehensive exploration of social identity theory and its application to some of the world's most pressing problems such as intrastate conflict uprising in the middle east the refugee crisis global warming racism and peace building A crucial theme of the volume is that social identity theory affects all of us no matter whether we are currently in a state of conflict or one further along in the peace process The volume is organized into two sections Section 1 focuses on the development of social identity theory Grounded in the pioneering work of Dr Henri Tajfel section 1 provides the reader with a historical background of the theory as well as its current developments Then section 2 brings together a series of country case studies focusing on issues of identity across five continents This section enables cross cultural comparisons in terms of methodology and findings and encourages the reader to identify general applications of identity to the understanding of peace as well as applications that may be more relevant in specific contexts Taken together these two sections provide a contemporary and diverse account of the state of social identity research in conflict situations and peace psychology today It is evident that any account of peace requires an intricate understanding of identity both as a cause and consequence of conflict as well as a potential resource to be harnessed in the promotion and maintenance of peace Understanding Peace and Conflict Through Social Identity Theory Contemporary Global Perspectives aims to help achieve such an understanding and as such is a valuable resource to those studying peace and conflict psychologists sociologists anthropologists public policy makers and all those interested in the ways in which social identity impacts our world

Constructive Conflicts Louis Kriesberg, Bruce W. Dayton, 2016-09-29 *Constructive Conflicts* provides a framework for analyzing social conflicts of all kinds with emphasis on how conflicts can lead to positive change The fifth edition features new material on the role of social movements and NGOs non coercive means for shaping conflict post conflict activities that result in enduring peace and more

Constructive

Conflicts Bruce W. Dayton, Louis Kriesberg, 2022-07-22 Substantially revised for the sixth edition *Constructive Conflicts* explains how large scale political and social conflicts can be waged more constructively with more positive consequences and fewer destructive consequences for those involved Drawing on research from political science sociology social psychology neuroscience cultural studies and other disciplines Dayton and Kriesberg follow the lifecycle of social and political conflicts as they emerge escalate de escalate become settled and often emerge again in new forms The sixth edition presents numerous new examples and cases of conflict episodes that have avoided extreme coercion or violence and which have resulted in the advancement of the interests of most parties involved The book gives policymakers concerned citizens and students a powerful analytical framework supported by data for understanding and constructively intervening in conflicts of different type and scale offering a way out of the destructive cycles of conflict management which have come to characterize contemporary social and political relations Key revisions and features include Increased attention to changes in the social and political landscape including the rise of nationalism the erosion of liberal internationalism conflicts related to COVID response political polarization and the Black Lives Matter movement Thoroughly revised cases and examples throughout Key content revisions such as the growth of bottom up strategies for peace and conflict management the rise of misinformation in a post truth era and insights from neuroscience Table of contents now organized around three distinct book sections and chapter titles revised to reflect new content Numerous new figures and tables in every chapter End of chapter summaries discussion questions and activities New ancillary teaching materials including experiential exercises simulations and lecture outlines with teaching tips

Identity and Integration Bernhard Peters, 2017-03-02 Symbolic boundaries cultural differences and ethnic conflicts have gained significance and new meanings in a global situation characterized by the dissolution of traditional political and societal structures Communications and political and economic interactions increasingly cross the borders of states nations and ethnic communities and yet symbolic borders and separate group identities are nevertheless asserted The perceived efforts of migrants to maintain their cultural and ethnic identities are often blamed as a cause of conflict within nation states This intriguing volume recognizes that migrants with an Islamic background are seen as especially problematic cases Turks are the biggest category among Muslim migrants in Europe and more than one third of all Muslim migrants in Europe are from Turkey Referring primarily to immigration from Turkey this book combines both exemplary case studies of Turks within Europe and theoretical papers with innovative perspectives on the relations between integration and identity

The Oxford Handbook of Intergroup Conflict Linda Tropp, 2012-07-26 With insightful chapters from key social psychologists and peace scholars this handbook offers an integrative and extensive overview of critical questions issues processes and strategies relevant to understanding and addressing intergroup conflict

Conflicts in the Knowledge Society Sebastian Haunss, 2013-04-11 In *Conflicts in the Knowledge Society* Sebastian Haunss demonstrates how conflicts relating to the international system of intellectual property have resulted in new cleavages in the knowledge society

Furthermore he argues that new collective actors have emerged from these conflicts with the ability to contest the existing dominant order With a focus on political opportunity structures collective action networks and framing strategies he combines a theoretical discussion of social change in the knowledge society with empirical analyses of four recent developments software patents in Europe access to medicines Creative Commons licensing and Pirate Parties
