Tastes of Liberty Chateau Saint Michelle,Michelle Chateau Ste,1993-09-01 **Slavery and the Culture of Taste** Simon Gikandi,2014-04-27 It would be easy to assume that in the eighteenth century slavery and the culture of taste the world of politeness manners and aesthetics existed as separate and unequal domains unrelated in the spheres of social life But to the contrary Slavery and the Culture of Taste demonstrates that these two areas of modernity were surprisingly entwined Ranging across Britain the antebellum South and the West Indies and examining vast archives including portraits period paintings personal narratives and diaries Simon Gikandi illustrates how the violence and ugliness of enslavement actually shaped theories of taste notions of beauty and practices of high culture and how slavery s impurity informed and haunted the rarified customs of the time Gikandi focuses on the ways that the enslavement of Africans and the profits derived from this exploitation enabled the moment of taste in European mainly British life leading to a transformation of bourgeois ideas regarding freedom and selfhood He explores how these connections played out in the immense fortunes made in the West Indies sugar colonies supporting the lavish lives of English barons and altering the ideals that defined middle class subjects Discussing how the ownership of slaves turned the American planter class into a new aristocracy Gikandi engages with the slaves own response to the strange interplay of modern notions of freedom and the realities of bondage and he emphasizes the aesthetic and cultural processes developed by slaves to create spaces of freedom outside the regimen of enforced labor and truncated leisure Through a close look at the eighteenth century s many remarkable documents and artworks Slavery and the Culture of Taste sets forth the tensions and contradictions entangling a brutal practice and the distinctions of civility

Making Love Paul Kelleher,2015-07-16 In Making Love Sentiment and Sexuality in Eighteenth Century British Literature Paul Kelleher revises the history of sexuality from the vantage point of the literary history of sentimentalism Kelleher demonstrates how eighteenth century British philosophers essayists and novelists fundamentally reconceived the relations among sentiment sexuality and moral virtue It is his contention that sentimental discourse both philosophical and literary posited heterosexual desire as the precondition of moral feeling and conduct The author further suggests that sentimental writers fashioned the ideal of conjugal love as an ideological antidote to the theories of self love and self interest found in the works of Thomas Hobbes and Bernard Mandeville Heterosexual desire and its culmination in conjugal love in other words were represented as the privileged means for an individual to transcend self love and to develop a moral sensibility attuned to the thoughts and feelings of others At the same time Kelleher suggests other pleasures and desires particularly those rooted in same sex eroticism were increasingly depicted as antithetical to conjugal love and thus were

morally devalued and socially disenfranchised Kelleher's argument unfolds through close readings of a variety of texts including Shaftesbury's *Characteristics of Men Manners Opinions* Times Joseph Addison and Richard Steele's *the Tatler* and *the Spectator* Eliza Haywood's *Love in Excess* Samuel Richardson's *Pamela* and Henry Fielding's *Tom Jones* Although these texts embody diverse rhetorical strategies and thematic concerns he shows how they collectively reinforce an overarching sentimental ideology on the one hand heterosexual desire and conjugal love become synonymous with sympathy benevolence and moral goodness while on the other hand same sex desire is pathologized as a selfish withdrawal from procreation domesticity sociability and ultimately humanity itself
