**Tastes of the Divine** Michelle Voss, 2014-06-16 The intensity and meaningfulness of aesthetic experience have often been described in theological terms By designating basic human emotions as *rasa* a word that connotes taste flavor or essence Indian aesthetic theory conceptualizes emotional states as something to be savored At their core emotions can be tastes of the divine In this book the methods of the emerging discipline of comparative theology enable the author's appreciation of Hindu texts and practices to illuminate her Christian reflections on aesthetics and emotion Three emotions vie for prominence in the religious sphere peace love and fury Whereas Indian theorists following Abhinavagupta claim that the aesthetic emotion of peace best approximates the goal of religious experience devotees of Krishna and medieval Christian readings of the Song of Songs argue that love communicates most powerfully with divinity In response to the transcendence emphasized in both approaches the book turns to fury at injustice to attend to emotion's foundations in the material realm The implications of this constructive theology of emotion for

**Taste of War** Lizzie Collingham, 2013-07-30 A New York Times Notable Book of 2012 Food and in particular the lack of it was central to the experience of World War II In this richly detailed and engaging history Lizzie Collingham establishes how control of food and its production is crucial to total war How were the imperial ambitions of Germany and Japan ambitions which sowed the seeds of war informed by a desire for self sufficiency in food production How was the outcome of the war affected by the decisions that the Allies and the Axis took over how to feed their troops And how did the distinctive ideologies of the different combatant countries determine their attitudes towards those they had to feed Tracing the interaction between food and strategy on both the military and home

fronts this gripping original account demonstrates how the issue of access to food was a driving force within Nazi policy and contributed to the decision to murder hundreds of thousands of useless eaters in Europe Focusing on both the winners and losers in the battle for food The Taste of War brings to light the striking fact that war related hunger and famine was not only caused by Nazi Germany and Imperial Japan but was also the result of Allied mismanagement and neglect particularly in India Africa and China American dominance both during and after the war was not only a result of the United States immense industrial production but also of its abundance of food This book traces the establishment of a global pattern of food production and distribution and shows how the war subsequently promoted the pervasive influence of American food habits and tastes in the post war world A work of great scope The Taste of War connects the broad sweep of history to its intimate impact upon the lives of individuals

**The Taste of Nostalgia** Amy Cox Hall, 2024-11-26 An exploration of gender race and food in Peru in the 1950s and 1960s and today From the late 1940s to the mid 1960s Peru s rapid industrialization and anti communist authoritarianism coincided with the rise of mass produced cookbooks the first televised cooking shows glossy lifestyle magazines and imported domestic appliances and foodstuffs Amy Cox Hall s The Taste of Nostalgia uses taste as a thematic and analytic thread to examine the ways that women race and the kitchen were foundational to Peruvian longings for modernity both during the Cold War and today Drawing on interviews personal stories media images and archival and ethnographic research Cox Hall considers how elite European descended women and the urban home were central to Peru s

modernizing project and finds that all women who labored within the deeply racialized and gendered world of food helped set the stage for a Peruvian food nationalism that is now global in the twenty first century Cox Hall skillfully connects how the sometimes unsavory tastes of the past are served again in today s profitable and pervasive gastronostalgia that helps sell Peru and its cuisine both at home and abroad *The Taste of Conquest* Michael Krondl,2008-10-28 The smell of sweet cinnamon on your morning oatmeal the gentle heat of gingerbread the sharp piquant bite from your everyday peppermill The tales these spices could tell of lavish Renaissance banquets perfumed with cloves and flimsy sailing ships sent around the world to secure a scented prize of cinnamon dusted custard tarts and nutmeg induced genocide of pungent elixirs and the quest for the pepper groves of paradise The Taste of Conquest offers up a riveting globe trotting tale of unquenchable desire fanatical religion raw greed fickle fashion and mouthwatering cuisine in short the very stuff of which our world is made In this engaging enlightening and anecdote filled history Michael Krondl a noted chef turned writer and food historian tells the story of three legendary cities Venice Lisbon and Amsterdam and how their single minded pursuit of spice helped to make and remake the Western diet and set in motion the first great wave of globalization In the sixteenth and seventeenth centuries the world s peoples were irrevocably brought together as a result of the spice trade Before the great voyages of discovery Venice controlled the business in Eastern seasonings and thereby became medieval Europe s most cosmopolitan urban center Driven to dominate this trade Portugal s mariners pioneered sea routes to the New World and around the Cape of Good Hope to India to unseat Venice as Europe s chief pepper dealer Then in the 1600s the savvy businessmen of Amsterdam invented the modern corporation the Dutch East India Company and took over as spice merchants to the world Sharing meals and stories with Indian pepper planters Portuguese sailors and Venetian foodies Krondl takes every opportunity to explore the world of long ago and sample its many flavors The spice trade and its cultural exchanges didn t merely lend kick to the traditional Venetian cookies called peverini or add flavor to Portuguese sausages of every description or even make the Indonesian rice table more popular than Chinese takeout in trendy Amsterdam No the taste for spice of a few wealthy Europeans led to great crusades astonishing feats of bravery and even wholesale slaughter As stimulating as it is pleasurable and filled with surprising insights The Taste of Conquest offers a fascinating perspective on how in search of a tastier dish the world has been transformed *Tastes of the Empire* Jillian Azevedo,2017-11-20 During the 17th century England saw foreign foods made increasingly available to consumers and featured in recipe books medical manuals treatises travel narratives and even in plays Yet the public s fascination with these foods went beyond just eating them Through exotic presentations in popular culture they were able to mentally partake of products for which they may not have had access This book examines the body and mind consumerism of the early British Empire *The Taste of Water* Christy Spackman,2023-12-05 Have you ever wondered why your tap water tastes the way it does The Taste of Water explores the increasing erasure of tastes from drinking water over the twentieth century It asks how dramatic changes in municipal water

treatment have altered consumers awareness of the environment their water comes from Through examining the development of sensory expertise in the United States and France this unique history uncovers the foundational role of palatability in shaping Western water treatment processes By focusing on the relationship between taste and the environment Christy Spackman shows how efforts to erase unwanted tastes and smells have transformed water into a highly industrialized food product divorced from its origins The Taste of Water invites readers to question their own assumptions about what water does and should naturally taste like while exposing them to the invisible but substantial sensory labor involved in creating tap water
