Foster, 2002-10-24 Foster shows us how seemingly banal activities like making a phone call chewing betel nut watching a Coke commercial may give important insights into the ways in which the nation is constructed materialized or contested Orvar L fgren author of On Holiday A History of Vacationing Why in the current era of globalization does nationality remain an important dimension of personal and collective identities In Materializing the Nation Robert J Foster argues that the contested process of nation making in Papua New Guinea unfolds not only through organized politics but also through mundane engagements with commodities and mass media He offers a thoughtful critique of recent approaches to nationalism and consumption and an ethnographic perspective on constructs of the nation found in official policy documents letters to the editor school textbooks song lyrics advertisements and other materials This volume will appeal to readers interested in the links among nationalism consumption and media in Melanesia and elsewhere Power and Community Robert Dare, 1997 Did Jesus cook Why do Australians eat so much sugar and drink lots of cold beer Do our foods have regional flavours When and why did Australian diets start to show American influences Did women in early modern England drink to much Politische Mahlzeiten. Political Meals Regina F. Bendix, Michaela Fenske, 2014 Das Politische der Mahlzeit reicht vom komplexen Setting am Familientisch bis zum Staatsbankett vom Status einer Speise bis zur Verweigerung von Nahrung im Hungerstreik Die Beitr ger innen des vorliegenden Bandes nutzen diese Spannbreite um das Essen als den politischen Brennpunkt auszuloten den es nicht nur aber besonders in der Gegenwart darstellt The political meal encompasses the complex setting of meals at the family table as well as the state banquet it reaches from the social status of a dish to the refusal of food in a hunger strike The contributors of this volume use this breadth to examine food and eating as the kind of political arena they constitute not only but particularly in the present **Dubious** Gastronomy Robert Ji-Song Ku, 2013-12-31 California roll Chinese take out American made kimchi dogmeat monosodium glutamate SPAM all are examples of what Robert Ji Song Ku calls dubious foods Strongly associated with Asian and Asian

American gastronomy they are commonly understood as ersatz depraved or simply bad In Dubious Gastronomy Ku contends that these foods share a spiritual fellowship with Asians in the United States in that the Asian presence be it culinary or corporeal is often considered watered down counterfeit or debased manifestations of the real thing The American expression of Asianness is defined as doubly inauthentic as insufficiently Asian and unreliably American when measured against a largely ideological if not entirely political standard of authentic Asia and America By exploring the other side of what is prescriptively understood as proper Asian gastronomy Ku suggests that Asian cultural expressions occurring in places such as Los Angeles Honolulu New York City and even Baton Rouge are no less critical to understanding the meaning of Asian food and by extension Asian people than culinary expressions that took place in Tokyo Seoul and Shanghai centuries ago In critically considering the impure and hybridized with serious and often whimsical intent Dubious Gastronomy argues that while the notion of cultural authenticity is troubled troubling and troublesome the apocryphal is not necessarily a bad thing The dubious can be and is often quite delicious Dubious Gastronomy overlaps a number of disciplines including American and Asian American studies Asian diasporic studies literary and cultural studies and the burgeoning field of food studies More importantly however the book fulfills the critical task of amalgamating these areas and putting them in conversation with one another Written in an engaging and fluid style it promises to appeal a wide audience of readers who seriously enjoys eating and reading and thinking about food Food, Social Change and Identity Cynthia Chou, Susanne Kerner, 2021-12-14 Unlike food publications that have been more organized along regional or disciplinary lines this edited volume is distinctive in that it brings together anthropologists archaeologists area study specialists linguists and food policy administrators to explore the following questions What kinds of changes in food and foodways are happening What triggers change and how are the changes impacting identity politics In terms of scope and organization this book offers a vast historical extent ranging from the 5th mill BCE to the present day In addition it presents case studies from across the world including Asia the Pacific the Middle East Europe and America Finally this collection of essays presents diverse perspectives and differing methodologies It is an accessible introduction to the study of food social change and identity Food, Culture and Identity in Germany's Century of War Heather Merle Benbow, Heather R. Perry, 2019-11-18 Even in the harsh conditions of total war food is much more than a daily necessity however scarce it is social glue and an identity marker a form of power and a weapon of war This collection examines the significance of food and hunger in Germany's turbulent twentieth century Food centered perspectives and experiences from below reveal the social cultural and political consequences of three conflicts that defined the twentieth century the First and Second World Wars and the ensuing global Cold War Emerging and established scholars examine the analytical salience of food in the context of twentieth century Germany while pushing conventional temporal frameworks and disciplinary boundaries Together these chapters interrogate the ways in which deeper studies of food culture in Germany can shed new light on old wars **They Eat That?** Jonathan Deutsch, Natalya Murakhver, 2012-01-16
