import all of your sales fees and other information and crunch the numbers to show whether you're making a profit or loss. Did you know that same app will also import all of your information from Etsy and Amazon if you sell on those platforms? What would you say if I told you that you could save 500 or more on your taxes every year just by writing down the mileage when you head to the post office store or bank? And you'd probably think I'd lost my marbles if I told you that you could deduct parts of your next vacation from your taxes. The advice in this little book can easily save you thousands of dollars every year.
