*Tax Loopholes for the Little Guy* Jim Donaldson, 1976      **Confessions of a Radical Tax Protestor** Larry R. Williams, 2011-03-29 Larry Williams has never backed away from authority especially government authority the U S or any other Including two battles all the way to the Supreme Court Libertarian trader would be politician and Indiana Jones like adventurer Larry has gone wherever his spirit moved him and bucked state constraints whenever he found them stifling Throughout his life his rebellious spirit served him well huge successes in trading to adventures right out of a Graham Greene novel in Saudi Arabia two boisterous runs for the U S Senate a famous actress daughter entangled with an even more famous actor a new grandchild the life well lived that would be the envy of most people Along the way Larry became a tax protester in the spirit of John Cheek and Irwin Schiff However Larry was far too free a spirit to give up his freedom for his beliefs and figured that he was smarter than the zealot tax protesters now making license plates particularly after meeting a man with an actual and real document from the IRS acknowledging the legitimacy of a certain kind of trust But things are not always what they seem Annoying letters from the IRS called for hiring an attorney to work things out which he thought based on the bills he was paying was in the works Enjoying a pleasant flight in first class from South Africa to Australia Larry at the age of 64 with a new granddaughter and 5 children settled in successful lives of their own reflected that life was pretty sweet Then his plane landed in Australia and he was summarily arrested and jailed and taken to prison There began a nearly 4 year fight for his freedom at a huge financial cost worse was the toll it took on his psyche This is the story of Larry s war with the IRS and U S Dept of Treasury and inside view of the world of tax protesters Larry explains why the tax protest movement exists where it is dead wrong and why it will most often lead followers to prison He also weighs in on what can be done to correct the unfairness of the tax codes and why tax rates are so astronomical that the fair share idea should be applied to what is the fair share of your income the government is entitled to      **Congressional Record** United States. believe Don Siegelman got shafted by over zealous intensely partisan prosecutors you will find the case presented against him in great detail making it easier for you to contradict with opposing evidence I consider Don Siegelman a personal friend and this book has not changed my mind He is a man of great ability and it will be up to the reader to decide if he abused the trust that was placed in him or was the victim of a witch hunt orchestrated at the highest levels of American government Bill Stewart Professor Emeritus of Political Science University of Alabama      First Concurrent Resolution on the Budget--fiscal Year 1985: Economics United States.
