Tax Reform In Canada The Process And Impact:

Tax Reform in Canada Allan M. Maslove, Institute for Research on Public Policy, 1989 This document contains two papers which address the process of tax reform and its fiscal impacts on families at different levels of income The first paper which examines the tax reform process argues that of the government's three primary objectives in tax reform efficiency or tax neutrality equity and simplicity concern with efficiency was dominant The second paper focuses on the concern for tax equity

Changing Inequalities and Societal Impacts in Rich Countries Brian Nolan, Wiemer Salverda, Daniele Checchi, Ivo Marx, Abigail McKnight, István György Tóth, Herman G. van de Werfhorst, 2014-01-30 There has been a remarkable upsurge of debate about increasing inequalities and their societal implications reinforced by the economic crisis but bubbling to the surface before it This has been seen in popular discourse media coverage political debate and research in the social sciences The central questions addressed by this book and the major research project GINI on which it is based are Have inequalities in income wealth and education increased over the past 30 years or so across the rich countries and if so why What are the social cultural and political impacts of increasing inequalities in income wealth and education What are the implications for policy and for the future development of welfare states In seeking to answer these questions this book adopts an interdisciplinary approach that draws on economics sociology and political science and applies a common analytical framework to the experience of 30 advanced countries namely all the EU member states except Cyprus and Malta together with the USA Japan Canada Australia and South Korea It presents a description and analysis of the experience of each of these countries over the past three decades together with an introduction an overview of inequality trends and a concluding chapter highlighting key findings and implications These case studies bring out the variety of country experiences and the importance of framing inequality trends in the institutional and policy context of each country if one is to adequately capture and understand the evolution of inequality and its impacts
