Collectif,2018-05-24 This report provides a detailed review of the taxation of household savings in 40 OECD and partner countries It examines the different approaches that countries take to taxing household savings and calculates marginal effective tax rates on a wide range of savings vehicles including bank accounts bonds shares private pensions and housing to assess the impact of these approaches on savings behaviour It examines asset holdings across income and wealth distributions to help assess the distributional impact of savings taxation and discusses recent changes in the exchange of information for tax purposes between tax administrations It also draws out a range of implications from this analysis for savings tax policy as part of an inclusive growth tax agenda **Public Policies and Household Saving** James M.

Poterba,2007-12-01 The declining U S national saving rate has prompted economists and policymakers to ask should the federal government encourage household saving and if so through which policies In order to better understand saving programs this volume provides a systematic and detailed description of saving policies in the G 7 industrialized nations the United States Canada France Germany Italy Japan and the United Kingdom Each of the seven chapters focuses on one country and addresses a core set of topics types of accumulated household savings and debt tax policies toward capital income saving in the form of public and private pensions including Social Security and similar programs saving programs that receive special tax treatment and saving through insurance This detailed summary of the saving incentives of the G 7 nations will be an invaluable reference for policymakers and academics interested in personal saving behavior Tax simplification - An African Perspective Edited by Chris Evans, Riël Franzsen, Elizabeth (Lilla) Stack 2019 Edited by Chris Evans, Riël Franzsen, Elizabeth (Lilla) Stack,2019-01-01 Tax simplification An African Perspective Edited by Chris Evans Ri l Franzsen Elizabeth Lilla Stack 2019 ISBN 978 1 920538 96 5 Pages 347 Print version Available Electronic version Free PDF available About the publication Why are tax systems so complex and what are the causes and consequences of such

complexity The simplification of tax systems is one of the most important issues faced today in worldwide efforts to modernise and strengthen government finance and revenue raising capacities Nowhere is it more important than throughout the rapidly emerging economies of the dynamic African region This volume brings together contributions in this field from a conference held in South Africa in October 2018 and provides a unique synthesis of knowledge and understanding gained from the specialist expertise and diverse backgrounds brought to the tax simplification debate by those authors Featured topics include Taxpayers rights to simplicity The African experience of tax simplification Simplification trends among small and medium sized entities Pension tax simplification Sources of complexity in value added taxation Simplification of recurrent property taxes Complexity and approaches to international taxation Complexity and taxation of multinational enterprises Lessons from overseas The analysis of these topics includes timely and relevant perspectives from the experience in other jurisdictions including Australia Canada New Zealand the United Kingdom and the United States The volume will be an essential reference for researchers and others interested in the field from academia government legal and accounting practice and public policy organisations in African and other countries worldwide Table of Contents Preface Foreword Tax Simplification in the United Kingdom Some Personal Reflections John Whiting Contributors Introduction Elizabeth Lilla Stack Chris Evans and Ri l Franzsen Tax Complexity and Tax Simplification A Critical Review of Concepts and Issues Binh Tran Nam Annet Wanyana Oguttu and Kyle Mandy The Taxpayers Right to Tax Simplicity in South Africa and the United States Carika Fritz and Nina E Olson The Role of the Office of Tax Simplification in the United Kingdom and Lessons for Other Countries Yige Zu and Lynne Oats An Analysis of the Tax Simplification Initiatives for Pension Provision in the United Kingdom and South Africa Bernadene de Clercq Andy Lymer and Chris Axelson Simplification Lessons from New Zealand Adrian Sawyer Marina Bornman and Greg Smith Legal Uncertainty in the South African VAT Marius van Oordt and Richard Krever Simplifying Recurrent Property Taxes in Africa Ri l Franzsen Abdallah Ali Nakyea and Adams Tommy Statutory and Effective Complexity for Individual Taxpayers in South Africa Sharon Smulders Karen Stark and Deborah Tickle Small and Micro Businesses Case Studies on the Complexity of Simplified Schemes Heinrich Dixon Judith Freedman and Wollela Abehodie Yesegat Tax Complexity for Multinational Corporations in South Africa Evidence from a Global Survey Thomas Hoppe Reyhaneh Safaei Amanda Singleton and Caren Sureth Sloane International Tax Simplification in South Africa through Managing Substantive Complexity and Improving Drafting Efficiency Jinyan Li and Teresa Pidduck Bibliography Index

Taxation in a Low-Income Economy Channing Arndt, Finn Tarp, 2009-03-04 This volume contains a stimulating collection of analytical studies focusing on taxation in Mozambique It tells a compelling story about tax systems in a low income economy increasingly integrated into the world trading system but very much dependent on foreign trade taxes and international development assistance Key issues covered include A better understanding of the historical background of tax reforms in a representative African economy Mozambique along with an assessment of taxation performance in a

comparative perspective Insights into the practice and implications of tax policy both from the perspective of the consumer and the firm level Discussion of the existing institutional set up in which tax policy and its enforcement operate and analyses of current tax practices Taxation themes at the border and at domestic level which are typical for low income economies characterized by a high degree of reliance on foreign trade taxes This volume is meant as a guide for developing country government officials and professional aid practitioners as well as academics researchers and tax policy analysts working in the development field It will also be of interest to students of development with a special interest in public finance issues in poor countries and how to improve policy effectiveness including tax policy in a developing country setting *The Encyclopedia of Taxation & Tax Policy* Joseph J. Cordes, Robert D. Ebel, Jane Gravelle, 2005 From adjusted gross income to zoning and property taxes the second edition of *The Encyclopedia of Taxation and Tax Policy* offers the best and most complete guide to taxes and tax related issues More than 150 tax practitioners and administrators policymakers and academics have contributed The result is a unique and authoritative reference that examines virtually all tax instruments used by governments individual income corporate income sales and value added property estate and gift franchise poll and many variants of these taxes as well as characteristics of a good tax system budgetary issues and many current federal state local and international tax policy issues The new edition has been completely revised with 40 new topics and 200 articles reflecting six years of legislative changes Each essay provides the generalist with a quick and reliable introduction to many topics but also gives tax specialists the benefit of other experts best thinking in a manner that makes the complex understandable Reference lists point the reader to additional sources of information for each topic The first edition of *The Encyclopedia of Taxation and Tax Policy* was selected as an Outstanding Academic Book of the Year 1999 by Choice magazine Publisher's website [Taxation and Household Saving](#), 1994 [Tax Aspects of the President's Economic Program](#) United States. Congress. House. Committee on Ways and Means, 1981 **2017/18 Social Accounting Matrix for India** Pal, Barun Deb, Pradesha, Angga, Thurlow, James, 2020-12-05 The purpose of this document is to provide Social Accounting Matrix SAM database for Indian Economy for the year 2017 18 This SAM accounts 112 sectors of Indian economy of which 39 sectors are accounted for agriculture and allied activities 18 sectors are related to agriculture based processing activities 4 mining sectors 24 manufacturing sectors other than agro processing 3 sectors related to utilities 1 construction sector and 23 service sectors including transport and trade The primary factor input has been classified into 8 types of labor 4 types of capital and one category of land The categorization of labor is based on the level of education of the workers and geographical location i.e. rural and urban The 4 types of capital are crop live animal mining and other financial capital This SAM distinguishes households into three broad categories like rural farm households rural non farm households and urban households Households are further disaggregated into per capita expenditure quintiles Therefore this database is useful for the scholars and policy makers who are interested to work on macroeconomic policy analysis for Indian economy

Macroeconomic Dimensions of Public Finance Mario Blejer,Teresa Ter-Minassian,2002-09-11 There is no magic formula for balancing fiscal policy and economic performance As a scholar and policy advisor Vito Tanzi has made a major contribution to identifying links between public finance and macro and microeconomic consequences His findings bear relevance in both developing and industrialized economies The essays in this volume and its companion Fiscal Policy and Economic Reform highlight many of these interconnected issues for instance the interaction between budgetary policy and economic aggregates such as employment inflation and growth the implication of economic linkages for designing fiscal policies expenditure policies and alternative deficit financing strategies the trade offs between macro and microeconomic objectives The list of contributors includes Max Corden John Makin Ronald McKinnon and Richard Musgrave

Money and Banking Robert Eyster,2009-10-22 This book focuses on the core issues in money and banking providing students with a background in how financial markets work how banks as businesses function how central banks make decisions and how monetary policy affects the global economy

Macroeconomic Policy after the Crash Richard Barwell,2017-03-16 This book reviews the key policy debates during the post crash era describing the issues that policymakers grappled with the decisions that they took and the details of the policy instruments that were created Focusing specifically on issues in monetary and fiscal policy chapters demonstrate that very little that was done during this period conformed to the simple textbook treatment of macroeconomic policy central banks cutting policy rates or finance ministers cutting the rate of income tax The author guides the reader through the revolution in the conduct of macroeconomic policy in an engaging and approachable manner and illuminates the key innovations in the toolkit and themes in the debate over past years with great detail from negative rates to quantitative easing and from austerity versus financial repression restructuring and default to productivity puzzles and deflation

The Economic Effects of Aging in the United States and Japan Michael D. Hurd,Naohiro

Yashiro,2007-12-01 Due to falling fertility rates the aging of the baby boom cohort and increases in life expectancy the percentage of the population that is elderly is expected to increase rapidly in the United States and Japan over the next two decades These fourteen essays show that despite differences in culture and social and government structure population aging will have many similar macro and micro effects on the economic status and behavior of the elderly in both countries The most obvious effects will be on social programs such as public pension systems and the provision for medical needs of the elderly But the contributors demonstrate aging will also affect markets for labor capital housing and health care services It will affect firms through their participation in the demand side of the labor market and through their provisions for

pensions And aging will influence saving rates the rate of return on assets the balance of payments and most likely economic growth This volume will interest scholars and policy makers concerned with the economics of aging *Who Gains from Free Trade* Rob Vos,2007-01-24 The editors are among the world s leading experts on Latin American development A range of countries across Latin America are studied Latin America examines the success and failure stories of free trade in the US

Climate Change Risks and Food Security in Bangladesh Winston Yu,Mozaharul Alam,Ahmadul Hassan,Abu Saleh Khan,Alex Ruane,Cynthia Rosenzweig,David Major,James Thurlow,2010-09-23 Managing climate variability and change remains a key development and food security issue in Bangladesh Despite significant investments floods droughts and cyclones during the last two decades continue to cause extensive economic damage and impair livelihoods Climate change will pose additional risks to ongoing efforts to reduce poverty This book examines the implications of climate change on food security in Bangladesh and identifies adaptation measures in the agriculture sector using a comprehensive integrated framework First the most recent science available is used to characterize current climate and hydrology and its potential changes Second country specific survey and biophysical data is used to derive more realistic and accurate agricultural impact functions and simulations A range of climate risks i e warmer temperatures higher carbon dioxide concentrations changing characteristics of floods droughts and potential sea level rise is considered to gain a more complete picture of potential agriculture impacts Third while estimating changes in production is important economic responses may to some degree buffer against the physical losses predicted and an assessment is made of these Food security is dependent not only on production but also future food requirements income levels and commodity prices Finally adaptation possibilities are identified for the sector This book is the first to combine these multiple disciplines and analytical procedures to comprehensively address these impacts The framework will serve as a useful guide to design policy intervention strategies and investments in adaptation measures
