Huret, 2014-04-15 American Tax Resisters gives a history of the anti tax movement that for the past 150 years has pursued limited taxes on wealth and battled efforts to secure social justice through income redistribution It explains how a once marginal ideology became mainstream elevating individual entrepreneurialism over sacrifice and solidarity **My Tax Dollars** Ruth Braunstein, 2025-04-15 When the mundane reality of paying taxes takes on moral significance In My Tax Dollars Ruth Braunstein maps the contested moral landscape in which Americans experience and make sense of the tax system Braunstein tells the stories of Americans who view taxpaying as more than a mundane chore antigovernment tax defiers who challenge the legitimacy of the tax system antiwar activists who resist the use of their taxes to fund war antiabortion activists against taxpayer funded abortions and a diverse group of people who promote taxpaying as a moral good Though taxpaying is often portrayed as dull and technical exposure to collective rituals civic education propaganda and protest transforms the practice for many Americans into either a sacred rite of citizenship or a profane threat to what they hold dear These sacred and profane meanings can apply to the act of taxpaying itself or to the specific uses of tax dollars Despite intense disagreement about these meanings politically diverse Americans engaged in both taxpaying and tax resistance valorize the individual taxpayer and my tax dollars Braunstein explores the profound implications of this meaning making for tax consent the legitimacy of the tax system and citizens broader understandings of their political relationships Going beyond the usual focus on tax policy Braunstein s innovative view of taxation through the lens of cultural sociology shows how citizens in value diverse societies coalesce around shared visions of the sacred and fears of the profane [Tax Reform](#) James John Jurinski, 2012-04-13 An authoritative but accessible reference this book enables anyone to truly understand both the

background and operation of the U S tax system and current tax reform proposals Dissatisfaction with high taxes is literally an American tradition indeed the American Revolution that led to the founding of the United States started as a tax revolt Today widespread displeasure with our tax system continues as demonstrated by the strong anti tax position of the recent Tea Party movement Tax Reform A Reference Handbook Second Edition introduces lay readers to taxes in general the U S tax system in particular and the issues involved in reforming the system Details regarding past tax reform measures are provided to lend relevance and perspective to recent tax reform proposals such as replacing the income tax and the IRS with a federal sales tax The author stresses political rather than technical issues and presents all viewpoints on this hotly debated topic fairly

The New Reagan Revolution Michael Reagan,Jim Denney,2025-06-25 There are cynics who say that a party platform is something that no one bothers to read and it doesn't very often amount to much Whether it is different this time than it has ever been before I believe the Republican Party has a platform that is a banner of bold unmistakable colors with no pastel shades Ronald Reagan 1976 Republican National Convention When Ronald Reagan was called to the podium by President Ford during the 1976 Republican National Convention he had no prepared remarks But the unrehearsed speech he gave that night is still regarded as one of the most moving speeches of his political career The reason he was able to give such a powerful speech on a moment's notice was that he was proclaiming the core principles of his heart and soul which he had been teaching and preaching for years The New Reagan Revolution reveals new insights into the life thoughts and actions of the man who changed the world during the 1980s The challenges and threats we face today are eerily similar to the conditions in the world before the beginning of the Reagan era The good news is that we already know what works Ronald Reagan has given us the blueprint This book is not merely a diagnosis of our nation's ills but a prescription to heal our nation rooted in the words and principles of Ronald Reagan In these pages you'll find a plan for returning America to its former greatness soundness and prosperity It's the plan Ronald Reagan developed over years of study observation and reflection It's a plan he announced to the nation straight from his heart one summer evening during America's 200th year It's the plan he put into action during his eight years in office as the most effective president of the 20th century and it is the plan we can use today to help return America to its former greatness soundness and prosperity
