Tb Intro to Psychology 7e Kalat, 2004-07-01 *Introduction to Psychology and Behaviour Science* Vidya Bhagat, 2017-05-07 In the field of psychology there are many books which are of interest to the students of psychology. However, I had felt a need for a book which offers a comprehensive account of topics related to the introduction to psychology and behavioural science to the best possible extent which emphasises on easy and understandable language for undergraduate students. Working in Malaysia and being a part of the health and medical education system here, I was inspired by the support and encouragement prevailing in the atmosphere which was conducive for expressing my ideas in simple form. This book for the benefits of our students, I considered it apt to use my knowledge to meet this dire need which led to the penning of this book. It will hopefully serve as a very useful aid to students in their curriculum. The students will benefit from the information covered in this book which articulates thoughts and ideas related to the subject matter. This effort is aimed at helping the students gain knowledge effectively. Sejarah Psikologi: Perkembangan Perspektif Teoritis Irwanto, Ph.D & Felicia Y. Gunawan, 2018-10-18 Dalam mengkaji sejarah psikologi terdapat dua pendekatan yang bisa dilakukan.
