Before Mrs Beeton Neil Buttery,2023-03-23 The great Elizabeth Raffald used to be a household name and her list of accomplishments would make even the highest of achievers feel suddenly impotent After becoming housekeeper at Arley Hall in Cheshire at age twenty five she married and moved to Manchester transforming the Manchester food scene and business community writing the first A to Z directory and creating the first domestic servants registry office the first temping agency if you will Not only that she set up a cookery school and ran a high class tavern attracting both gentry and nobility She reputedly gave birth to sixteen daughters wrote book on midwifery and was an effective exorciser of evil spirits These achievements gave her notoriety and standing in Manchester but it all pales in comparison to her biggest achievement her cookery book *The Experienced English Housekeeper* Published in 1769 it ran to over twenty editions and brought her fame and fortune But then disaster her fortune lost spent by her alcoholic husband Bankrupted twice she spent her final years in a pokey coffeehouse in a seedy part of town Her book however lived on Influential and often imitated but never bettered it became the must have volume for any kitchen and it helped form our notion of traditional British food as we think of it today To tell Elizabeth's tumultuous rise and fall story historian Neil Buttery doesn't just delve into the history of food in the eighteenth century he has to look at trade and empire domestic service the agricultural revolution women's rights publishing and copyright law gentlemen's clubs and societies the horse races the defeminization of midwifery and the paranormal to name but a few Elizabeth Raffald should be revered not unknown How can this be Perhaps we should ask Mrs Beeton

All the Tea in China Yvonne Wrightman, 1994 *Afternoon Tea* Julia Skinner, 2019-04-05 *Afternoon Tea A History* explores the development of the afternoon tea meal diving deeper than the popular tale of the Duchess of Bedford's afternoon gatherings to find the meals that inspired those early afternoon teas Julia Skinner carefully separates the fact and lore around the meal and sets the story of afternoon tea within its historic contexts Recognizing that a meal's birth and life never happen in a vacuum the book sets aside the already well documented conversations surrounding tea etiquette instead exploring the social contexts that made the meal possible and popular moving it from one small subset of the population to a widespread and beloved phenomenon one that nearly died out at the end of the 20th century before experiencing a resurgence in the 21st Afternoon tea is a meal that came of age during the British Empire's most aggressive expansion and as such became a meal that was transported to new continents with colonial forces The book explores how this movement took place and uncovers the different ways tea and colonialism intersect in both the colonial and postcolonial worlds It also looks at afternoon tea in America a country that broke from the Empire before the meal was established as a set ritual but which still has its own complex relationship with the beverage and a continuing fascination with the meal The book concludes by looking at afternoon tea today including a handful of interviews that show the range of perspectives about the meal and its place in society as well as its resurging popularity in the last decade A
